

AMENDMENT # 2

CONSULTING AND TECHNICAL SERVICES (CATS) II TASK ORDER REQUEST FOR PROPOSALS (TORFP) # 060B1400054 DIGITAL HIGH-RESOLUTION AERIAL PHOTOGRAPHY (ORTHOPHOTOGRAPHY) FOR MARYLAND WEST OF THE CHESAPEAKE BAY

OFFERS ARE DUE: JANUARY 10, 2011 @ 4:00 PM, LOCAL TIME

December 29, 2010

Ladies/Gentlemen:

This Amendment #2 is being issued to amend and clarify certain information contained in the above referenced RFP. All information contained herein is binding on all Offerors who respond to this TORFP. The following are answers to questions received regarding the TORFP.

1. The Bid **Due Date** has been **REVISED**. The new due date is **JANUARY 10, 2011 @ 4:00 P.M. Local Time**.
2. Could we get a copy of the following shapefiles (with references to RFP page numbers):
 - a. Orthos/Lidar boundary including shoreline and buffers for Statewide and Western counties.

Response: There was no intent to provide boundaries with buffers. The vendor was required to produce the buffer.

- b. Existing state Tile layout.

Response: Since the State wants a new tile layout therefore the old layout was not included as part of the RFP. The vendor is responsible for developing the new tile layout as specified in the RFP. We will be able to provide the eastern shore tile layout for reference purposes after award.

- c. Bridges; section 2.1.2, pg 9.

Response: A shapefile for the bridges was not part of the data provided in the RFP and will not be provided.

- d. River shorelines; section 2.1.2, pg 9.

Response: A river only shorelines shapefile will not be provided by the State. The State did provide a shapefile of streams.

e. Islands; listed in section 2.1.2, pg 9.

Response: A islands shapefile will not be provided by the State.

f. Boundaries for Buy-up areas, listed in Section 2.5.4, pg 16

Response: A Buy-up areas map was provided for State airports. No others will be provided.
