Request for Resume (RFR) CATS II Master Contract

SECTION 3 - SCOPE OF WORK Background

Maryland State Department of Education (MSDE) has assumed a progressive stance in the collection, validation and reporting of education accountability data. The state established its first Educational Data Warehouse (EDW) in 1999 and today strives to achieve the ten essential elements and fundamentals for PreK-12 longitudinal data systems established by the Data Quality Campaign, see www.dataqualitycampaign.org for additional information on the ten essential requirements.

With the increase in reporting requirements for Federal, and State longitudinal student data, MSDE with it's P20 partners are increasing the kinds of student, teacher, higher education, and work force data blended and analyzed. To help MSDE and its P20 partners achieve this aim, The Division of Accountability, Assessment and Data Systems (DAADS) is participating in the collaborative development of several new data warehouse subsystems. As a result of these new collaborative projects, DAADS, has a need for security experts with Oracle OAAM and IDM to plan and setup the software.

The objective of this Request for Resume (RFR) is to acquire the six month services of **Three (3)** subject matter experts in OAAM and IDM security design and setups to help an inter-agency team implement defined security policies and plans for accessing the PK12, MHEC and P20 data systems.
