

Questions & MDE Responses – TORFP # U00B3400001 Web & Systems Application
08/13/2012

1. Attachment 1B (p. 29), Columns B “Total Estimated Hours” and C “Evaluated Task Cost”: For the price proposal, MDE asks the offeror to provide an evaluation cost based on hours cited in Column B. Are these hours a) MDE’s best estimate of actual labor required, or are they b) “numbers” for evaluation purposes only?

MDE Response: The hours cited in Column B are the work hours that MDE estimates will be needed for labor required.

2. MBE goal of 25% (Key Information Summary Page, p. 4): If the answer to Question 1 is “a” (MDE’s best estimate), how would two independent companies split ½ of an FTE 75% and 25%?

MDE Response: The Prime can elect to alternate on Prime versus MBE resources to address the 25% MBE goal.
