DATE:	Tuesday July 11, 2017
RE:	TORFP #060B6400046
SUBJECT:	New Question Due Date Submission
DISCLOSURE SEQUENCE	Amendment #1

This amendment disclosure confirms the above listed TORFP (#060B6400046) is being issued a new questions submission deadline. The new deadline for question submissions is Tuesday July 18, 2017. Due to the late retrieval of the drawings associated with this proposal, an extension is being rendered allowing vendors to thoroughly review all components in an effort to make concrete determination about whether tasks can be fulfilled. This extension will also provide vendors sufficient time to formulate in-depth questions about the work related to this project.

Drawings are accompanied with this disclosure.
