Section 3 – Scope of Work

Agency / Project Background

The Maryland Energy Administration (MEA) is a State agency that manages and administers numerous programs to help Maryland achieve its energy goals. As a part of its mission, MEA will develop a Comprehensive Online Application Portal (COAP) that facilitates various parts of the solar installation process such as permitting, interconnection, registration with the PSC, and registration with PJM’s Generation Attribute Tracking System. MEA is currently working with four jurisdictions (three counties and one city) to implement expedited solar permitting processes and these jurisdictions have all agreed to participate in the solar portal initiative.

MEA staff has expertise in the solar field and has an understanding of the individual jurisdictions’ permitting processes. MEA also understands the other processes that will be addressed with COAP. A COAP Request for Information was recently released and responses were due on August 1. However, MEA staff lacks expertise in the area of web applications, portals, software design and development. Using RFI responses, MEA staff’s knowledge, and support from the participating jurisdictions, the contractor will assist MEA with the generation of a Request for Proposals (RFP) to develop COAP. Please note, MEA also intends to obtain a technical writer for this task.

Job Description/s

Labor Category/s (From Section 1 Above)	Duties / Responsibilities
1. <i>Subject Matter Expert (Senior)</i>	<p>The contractor shall:</p> <ol style="list-style-type: none"> 1. Gain an in-depth understanding of the COAP initiative. 2. Coordinate and facilitate meetings with MEA, participating jurisdictions, and a technical writer who will write the RFP for COAP. 3. Work closely with participating jurisdictions and MEA staff to understand each jurisdiction’s permitting process and internal and/or external permitting applications. 4. Work with MEA staff to understand the Clean Energy Grant process, interconnection process, and the application process for enabling solar project’s Solar Renewable Energy Credit generation. 5. Provide the technical writer a highly detailed, comprehensive description of all COAP specifications and requirements. 6. Be prepared to work during the hours of 8:00 AM and 6:00 PM. In addition, be prepared to work evenings, night, weekends, holidays and other non-standard work hours, as may be necessary, to complete the tasks outlined in the Requests for Resume (RFR), or as the work and MEA dictate. Services that may require non-standard work hours may include, but are not limited to: issue resolution and research, work required to meet established deliverable due dates, and other work needed to meet the needs of this RFR. 7. Deliver all notes, meeting minutes, work papers and project-related material

	<p>to MEA upon request and at the conclusion of the Contract.</p> <ol style="list-style-type: none"> 8. Coordinate with technical writer to maintain an open line of communication and deliver weekly progress reports to MEA. 9. Perform any additional research needed to complete the outlined duties and responsibilities, or any additional job-related duties as requested. 10. Ensure that the RFP conforms to industry best practices, federal and Maryland State laws, regulations and policies. <p>The contractor shall support the technical writer to comply with the following estimated timeline from date of hire*:</p> <ol style="list-style-type: none"> 1. Week 1: Review COAP project goals, RFI results, and coordinate with technical writer to identify general outline of RFP for MEA. 2. Weeks 2 – 3: Provide MEA initial RFP draft. 3. Weeks 4 – 5: Provide MEA second RFP draft. 4. Weeks 5 – 6: Provide MEA final RFP draft. <p>*Note: Final list of deliverables and associated due dates will be identified in writing by MEA once contractor is selected. Preference will be given to contractors who are capable of providing a final RFP draft, up to MEA’s standards, within 6 weeks of hire.</p>

Minimum Qualifications

For minimum qualifications, see the labor category description in the CATS+ RFP for the subject RFR labor category. In addition, qualified candidates must meet the minimum qualifications specified below. **Candidates that do not meet minimum qualifications will be deemed not reasonably susceptible for award and will not progress to full evaluation.**

Labor Category/s (From Section 1 Above)	Minimum Qualifications
1. <i>Subject Matter Expert (Senior)</i>	<p>Education:</p> <ul style="list-style-type: none"> • Bachelor’s Degree from an accredited college or university in the specific discipline required by the State. A Master’s Degree or Ph.D. Degree is preferred <p>General Experience:</p> <ul style="list-style-type: none"> • At least 12 years of relevant industry experience in the discipline is required. <p>Specialized Experience:</p> <ul style="list-style-type: none"> • At least 10 years of combined new and related older technical experience in the IT field directly related to the required area of expertise.

Preferred Qualifications

The additional Experience/Knowledge/Skills listed below are preferred by the State.

1. <i>Subject Matter Expert (Senior)</i>	<p>Education:</p> <ul style="list-style-type: none"> • Master’s or Ph.D. in Computer Science, Information Technology, Mathematics, or similar field. <p>General Experience:</p>
--	--

**Request for Resume (RFR)
CATS+ Master Contract
All Master Contract Provisions Apply**

	<ul style="list-style-type: none"> • A minimum of eight (8) years of experience designing and developing portals that integrate software applications. <p>Specialized Experience:</p> <ul style="list-style-type: none"> • A minimum of five (5) years of experience with electronic permitting systems, web portals, and interface with exiting online portals • A minimum of three (3) years of experience designing or developing government services portals.
--	---

Section 4 - Required Submissions
<p>NOTE:</p> <ul style="list-style-type: none"> – Master Contractors may propose only one candidate for each position requested. – Master Contractors electing not to propose in response to the RFR must submit a “Master Contractor Feedback Form” via the “Master Contractor Login” on the CATS+ web site. – Master Contractors proposing in response to the RFR must submit the documents below as separate files contained in two separate emails as follows: <p>Email 1 of 2 with “Technical”: Master Contractor Name, RFR number, & candidate name in the subject line</p> <ul style="list-style-type: none"> • Resume for each labor category described in the RFR (Attachment 1) • Three (3) current references that can be contacted for performance verification of the submitted consultant’s work experience and skills. Telephone number and email address of reference is needed. <p>Email 2 of 2 with “Financial”: Master Contractor Name, RFR number, & candidate name in the subject line</p> <ul style="list-style-type: none"> • Price Proposal (Attachment 2) • Conflict of Interest Affidavit (Attachment G in the CATS+ RFP) • Living Wage Affidavit (Attachment I in the CATS+ RFP)

1. Professional certifications

Section 5 – Evaluation Criteria
Candidates meeting the Minimum Qualifications listed in Section 3 above will be evaluated for overall best value, as follows:

1. Extent of experience with permitting software
--

2. Extent of experience designing web portals

3. Knowledge, skills, training and education
--

4. Fixed Price – All direct and indirect cost included.

Basis for Award Recommendation
The Agency PO will recommend award to the Master Contractor whose proposal is determined to be the most advantageous to the State, considering price and the evaluation factors set forth in the RFR. The Agency PO will initiate and deliver a Task Order Agreement to the selected Master Contractor. Master Contractors should be aware that if selected, State law regarding conflict of interest may prevent future participation in procurements related to the RFR Scope of Work, depending upon specific circumstances.
