AMENDMENT #1

Date: October 20, 2014

To: All Functional Area 6 Master Contractors

TORFP – Q00B5400004 – Mainframe Equipment Maintenance

From: Arthur E. Petersen, Jr., Procurement Officer

Subject: **Scope of Work - Sections 2.6.1.6 & 2.6.1.9**

The above referenced Sections of this TORFP have been replaced by the following:

2.6.1.6 Where applicable, replacement parts shall be new and from the original equipment manufacturer or certified by the manufacturer to be equivalent to new. If new or certifiable equivalent to new parts are not available for the equipment based on the age of the equipment then replacement parts equal to the original manufacturer's specifications shall suffice. These parts shall be in good working order and continue to be maintained under this contract. These parts shall be in adequate supply in the Baltimore-Metropolitan area so as to keep down-time to a minimum (see 2.6.4).

2.6.1.9 Where applicable, ensure that all manufacturers announced engineering changes and diagnostic routines shall be installed within 30 days from the date of availability by the manufacturer.

Please contact the Procurement Officer aepetersen@dpscs.state.md.us should you have questions regarding this Amendment.
