Q1. Do all MBE requirements need to be met by subcontractors (as opposed to the prime)?

**A1. 50% of the MBE goal can be met by the Prime MBE Contractor and the other 50% must be met by Sub-Contractors.**

Q2. As this is a labor only response, is it correct that no mercury affidavit is required as there are no parts proposed?

**A2. The Mercury Affidavit needs to be submitted with your proposal as parts will be required during the maintenance.**

Q3. Is it correct that Severity 2 and Severity 3 response is business hours?

**A3. Please see correction above, Severity 2 and 3 responses are just in hours to “initiate repair”.**

Q4. In order to meet MBE requirements, particularly if all work could typically be done by the prime, new relationships may need to be formed to give the State the most advantageous solution. Potentially, the negotiable and contracts required by two businesses could take longer than the time available for response. Would the state entertain an extension if requested and if based upon the need to meet the MBE requirements?

**A4. No extensions will be granted.**

Q5. Is it correct that no travel time is to be billed (I.e only on-site time)?

**A5. Yes, this is correct.**

**Section 1.11: Expenses for travel performed in completing tasks for this TORFP shall be at the Contractor’s expenses.**

Q6. Will the regions be revised per the pre-proposal conference discussion?

**A6. Yes, please see correction above and new Attachment 1 A – Price Sheet.**

QUESTION NO. 6 AND ANSWER**

Q1. On Attachment 21, page 86, it lists on the Tower Site Maintenance Checklist:

- Alarm-Entry/Intrusion working properly
- Alarm-Fire/Smoke working properly

Are we responsible for the monitoring costs and upkeep of security/fire equipment (door contacts, motion detectors, smoke detectors, fire extinguishers, etc.). If so, do we reflect that cost on the Price Sheet?

**A1. No, the Contractor is not responsible for the monitoring costs and upkeep of security/fire equipment.**
