CATS+ Master Contract
All Master Contract Provisions Apply**

Section 1 – General Information			
RFR Number: (Reference BPO Number)	WCCB7400008		
Functional Area (Enter One Only)	Functional Area 10 - IT Management Consulting Services		
Labor Category/s			
<p><i>A single support staff or support groups of up to five members may be engaged for up to six months without renewal options. Agencies must pursue a concurrent procurement for any positions that may last longer than 6 months, other than the position of MITDP Project Manager. Awards for Major IT Development Project (MITDP)/Program Manager/Deputy PMs may have tenure of one base year with up to two optional years, or through the end of the project within the Master Contract term. An RFR is limited to only labor categories defined in the CATS+ RFP.</i></p>			
Enter the labor category/s to be provided:			
1. Project Manager			
Anticipated Start Date	November 2016 or as soon as possible (Start dates are subject to adjustment upon RFR award through mutual agreement between WCC and TO Contractor)		
Duration of Assignment	One year base period; Four one-year renewal options		
Designated Small Business Reserve?(SBR): (Enter "Yes" or "No")	NO.		
MBE Goal, if applicable			
Issue Date: mm/dd/yyyy	September 12, 2016	Due Date: mm/dd/yyyy	October 12, 2016
		Time (EST): 00:00 am/pm	11:00AM
Place of Performance:	Workers' Compensation Commission 10 E. Baltimore St., Baltimore, MD 21202		
Special Instructions: (e.g. interview information, attachments, etc.)	<ol style="list-style-type: none"> 1. Interviews will be performed by phone and/or internet (e.g., Skype, GotoMeeting, WebEx) or in person for all Offerors meeting minimum qualifications. All candidates shall be interviewed in substantially the same manner. The Procurement Officer shall, for each round of interviews, determine whether phone/internet or in-person interviews will be utilized. 2. The State reserves the right to conduct in person interviews during the first and/or second round of interviews, and they will be held at 10 East Baltimore Street, Baltimore, MD 21202 3. Interviews will be conducted by a panel using a standardized set of

interview questions for all candidates.

4. In the event that more than five (5) qualified proposals are received, the TO Procurement Officer may elect to follow a down-select process as more fully described below.
 - a. The TO Procurement Officer will notify the Offeror at time of scheduling initial interviews whether subsequent rounds of interviews are required. When used, the down select procedures to be followed by the TO Procurement Officer are as follows:
 - i. An initial interview will be performed for all proposals meeting minimum requirements.
 - ii. A technical ranking will be performed for all proposals based on the initial interview. Proposals will be ranked from highest to lowest for technical merit based on the quality of the proposals submitted and interview results.
 - iii. The top five (5) proposals identified by the technical ranking will be notified of additional interviews.
5. The TO Contractor shall be required to comply with all applicable laws, regulations, policies, standards, and guidelines affecting information technology projects, which may be created or changed periodically.
6. The TO Contractor shall adhere to and remain abreast of current, new, and revised laws, regulations, policies, standards, and guidelines affecting project execution. The following policies, guidelines and methodologies can be found at <http://doit.maryland.gov/policies/Pages/ContractPolicies.aspx> under "Policies and Guidance." These may include, but are not limited to: The State's System Development Life Cycle (SDLC) methodology; The State Information Technology Security Policy and Standards.
7. The TO Contractor shall follow the project management methodologies that are consistent with the Project Management Institute's Project Management Body of Knowledge Guide. TO Contractor's staff and sub-Contractors are to follow a consistent methodology for all TO activities.

Security Requirements
(if applicable):

1. When visiting State facilities, the selected personnel shall adhere to all State security requirements. This includes presenting photo ID when inside State facilities and presenting ID upon request at any time. The selected personnel shall:
2. Abide by the State's Security policies and procedures in force at each site.
3. Comply with the requirements of the State of Maryland Department of Information Technology Security (DoIT) and WCC Security Policies and Standards, including cooperation and coordination with State and federal auditors, and other compliance officers. State Information Technology Security Policy and Standards policies are available here: <http://doit.maryland.gov/support/pages/securitypolicies.aspx>, and include topics such as:
 - a. [Information Security Policy v3.1](#)
 - b. [Mobile Device Security Policy](#)
 - c. [IT Security Plan \(ITSP\)](#)
 - d. [Automated E-Mail Forwarding Policy](#)
 - e. [Standards for Categorizing, Certifying, and Accrediting an Information Systems](#)
4. Agree to enter into a connectivity agreement with WCC. The agreement shall include, but not be limited to, the following:
 - a. Refraining from connecting any non-State owned or unapproved computers to any State network without prior permission and assurances that the State security standards are met.
 - b. Once established, not modifying security provisions for firewalls, client, and server computers without written State approval.
 - c. Maintaining current updated virus software and virus definition files that are enabled to perform real time scans on all supplied hardware.
 - d. Refrain from installing or utilizing remote control or file sharing software unless explicitly approved by the State in writing.
 - e. Signing any documents that are reasonably necessary to keep the Contractor in compliance with the State IT Security Policies.
5. Failure to comply with State & WCC security requirements on the part of the selected personnel will be regarded as a breach of the Contract and may be followed by termination for default.

Section 2 – Agency Procurement Officer (PO) Information			
Agency / Division Name:		Workers’ Compensation Commission (WCC)	
Agency PO Name:		Agency PO Phone Number:	410 – 864 – 5256
Agency PO Email Address:		Agency PO Fax:	410 – 864 – 5251
Agency PO Mailing Address:		Maryland Workers’ Compensation Commission, Attention: Contracts and Procurement, 10 East Baltimore Street, Baltimore MD, 21202	
Section 3 – Scope of Work			
Agency / Project Background			
<p>In 2015 WCC commissioned a business process and technology assessment (BPTA) of its key business processes including those supporting Claim Processing and Adjudication, Insurance Compliance, and Reporting and Vocational Rehabilitation. Current state technologies in support of these business processes were also analyzed and documented. Results of the BPTA include short term and long term recommendations. The Short Term Recommendations cover the recommendations for the period of time from the end of the Business Process and Technology Assessment (BPTA) Project through the start of the Enterprise Modernization (EM) Project.</p> <p>The purpose of short term recommendations is to address the risks, inefficiencies and deficiencies found in WCC processes and technologies during the BPTA, to facilitate WCC resources in best preparing for the EM Project so that outside resources are best leveraged, and to address internal WCC needs through WCC interim projects (Pre-EM Tasks and Projects) before starting the EM Project.</p> <ol style="list-style-type: none"> 1. Pre-EM Tasks and Projects may include tasks and projects to: <ol style="list-style-type: none"> A. Use ITIL as a Guide to Stand Up IT Processes and Governance B. Identify & begin measurement of Baseline Measurements and Metrics that will measure EM project success 			

**Request for Resume (RFR)
CATS+ Master Contract
All Master Contract Provisions Apply**

- C. Develop requirements, standards, and deploy tools and training to implement consistent IT Source Code Control Usage
- D. Identify requirements and support creation of pilot projects to facilitate an increase in the use of technology by WCC employees that still use manual methods and use of Chat /Online Help by technical support staff members
- E. Develop plan and priority to obtain and deploy secure wireless network connectivity in WCC's Baltimore office, including a guest network
- F. Requirements Definition and Refinement for EM project
 - i. Refinement of EM project requirements documented in BPTA project artifacts
 - ii. Determine and document changes needed to requirement for "wet" signatures on submitted forms
 - iii. Business analysis support for ongoing Forms Analysis and Design Project
 - iv. Evaluate scanning/document capture alternatives for OCR/ICR
 - v. Adoption of best practices for data integrity management specifications
- G. Existing Systems Preparation for EM
- H. Increase Security Readiness for EM

2. Long term recommendations for the EM solution shall address WCC's goals to have a system that:

- A. Provides increased online functionality for WCC's customers while still supporting customers who mail in documentation
- B. Provides a solution that integrates Claims through Adjudication, Self-Insurance, Compliance, Reporting, Vocational Rehabilitation and Medical Services, which are WCC's core business processes as well as all supporting business processes within the organization such as Fiscal Services, Personnel, and Information Technology
- C. Improves functionality for WCC staff by providing the look and feel of one system
- D. Streamlines the WCC work
- E. Provides a transition plan for WCC IT support that starts in the system's development phase so that the solution can be transitioned to WCC IT staff for maintenance and enhancement
- F. Enables flexibility to continue to meet customer needs and to adhere to legislative changes
- G. Provides the use of leading technology that can sustain WCC needs in the long term.

Job Description/s	
Labor Category/s (From Section 1 Above)	Duties / Responsibilities
Project Manager	1. This position shall oversee and direct the Enterprise Modernization (EM) project team, which is comprised of contractors and State personnel. Responsibilities include overall project planning, governance and management for the EM project and select pre-EM tasks and projects;

Request for Resume (RFR)
CATS+ Master Contract
All Master Contract Provisions Apply

Duties shall focus on project planning, monitoring and control, and serving as primary liaison with Agency and Agency stakeholders.

2. The position shall ensure the appropriate application of the Project Management Institute's (PMI) Project Management Body of Knowledge (PMBOK) and the State's Systems Development Lifecycle (SDLC) in managing the project.
3. EM and Pre-EM duties include, but are not limited to:
 - A. Development of procurement documents, which may include Request for Information (RFI), task order request for proposals (TORFP), purchase order request for proposals (PORFP) and Request for Proposals (RFP)
 - B. Provide counsel and expertise during the evaluation of bid proposals
4. Facilitate, support and liaison with vendors as well as WCC executive and project leadership, end users and stakeholders; perform in person interviews with business unit employees, technical staff, managers, and executives and review related business process current and ideal state documents, short term and long term recommendations and other artifacts from the BPTA project to gain a foundation for understanding organizations objectives, existing technologies, end-user needs and key business processes
5. Further refine existing from BPTA artifacts , identify missing, and document up to date current state and ideal state business processes and system requirements, incorporating the detailed list of components to be included in the EM solution and the proposed workflows within the new system; Prepare new or update existing from BPTA all related workflow diagrams, including swimlane diagrams and data flow diagrams of both current and ideal states
6. Provide written recommendations for developing product and service solicitations for the EM solution and related pre-EM tasks and projects including process management, forms standardization options, hardware and software requirements, equipment specifications, data storage and data security requirements, and future proofing (extensibility and flexibility options)
7. Prepare a written document describing the functional/business requirements, technical requirements, and non-functional/non-technical requirements for the recommended EM solution
8. Create and regularly update project schedules, staff task work plans, issues lists, risk lists and other documents.

**Request for Resume (RFR)
CATS+ Master Contract
All Master Contract Provisions Apply**

	<p>9. Will direct Business Analyst in all areas of producing final technical and functional documentation, including documenting current state and ideal state processes, preparing workflow diagrams, and generating a functional/business requirements written document, documenting technical requirements, and documenting non-functional/nontechnical requirements for the EM solution</p> <p>10. Review, manage and verify invoices and progress reports from vendors; Monitor, evaluate and report on project quality and vendor performance</p> <p>11. Provide oversight over the development of detailed system requirements and testing plans to ensure user needs are satisfied; work cross functionally across WCC Divisions and Stakeholders to solve problems and issues</p> <p>12. Direct development of a training and implementation plan for the EM solution and related pre-EM tasks and projects deployment</p> <p>13. Provide continued support and expertise during the EM Solution deployment and initial maintenance period by tracking and facilitating the resolution of system issues</p> <p><i>See Attachment 3 for a detailed description of duties, responsibilities and deliverables.</i></p>

All Master Contract Provisions Apply**

	<p>Team Foundation, SQL Server 2008+, Project 2010+, and Visio 2010+</p> <p>c. Within the past five (5) years, two (2) or more years of experience in managing IT projects using Agile or similar iterative methodologies and frameworks</p> <p>d. Two (2) or more years of experience writing and managing Requests for Proposals (RFPs) for information technology projects, not including any experience writing and managing responses to RFPs</p>
--	--

Section 4 - Required Submissions

NOTE:

1. Master Contractors may propose only one candidate for each position requested.
2. Master Contractors electing not to propose in response to the RFR must submit a "Master Contractor Feedback Form" via the "Master Contractor Login" on the CATS+ web site.
3. Master Contractors proposing in response to the RFR must submit the documents below as separate files contained in two separate emails as follows:

Email 1 of 2 with "Technical": Master Contractor Name, RFR number, & candidate name in the subject line

1. Resume for each labor category described in the RFR (Attachment 1)
2. Three (3) current references that can be contacted for performance verification of the submitted candidate's work experience and skills. Telephone number and email address of reference is needed.
3. Conflict of Interest Affidavit (Attachment G in the CATS+ RFP)
4. Living Wage Affidavit (Attachment I in the CATS+ RFP)
5. Certification Regarding Investments in Iran (Attachment 3 of this RFR)
6. Any other required documentation to demonstrate meeting minimum qualifications.

Email 2 of 2 as a password protected file with "Financial": Master Contractor Name, RFR number, & candidate name in the subject line. The password must be unique for each candidate e-mail.

1. Price Proposal (Attachment 2)

The PO will contact Master Contractors to obtain the password to the financial proposal for those candidates that are deemed reasonably susceptible for award. Master Contractors who cannot provide a password that opens the file will be considered not susceptible for award. Subsequent submissions of financial content will not be allowed.

1. Copy of current PMI certificate, or equivalent
2. For education obtained outside of the U.S., you will be required to provide proof of the equivalent American education as determined by a foreign credential evaluation service. For a degree obtained outside of the United States, submit a detailed, course-by-course evaluation report from one of the U.S. equivalency evaluating members identified at <http://www.naces.org/members>
3. Copies of relevant professional certifications, course completion certificates or equivalent (equivalency to be determined by the PO) for training that satisfy Section 3 Scope of Work, Sub-section "Preferred Qualifications", item 1 B

**Request for Resume (RFR)
CATS+ Master Contract
All Master Contract Provisions Apply**

Section 5 – Evaluation Criteria

Candidates meeting the Minimum Qualifications listed in Section 3 above will be evaluated for overall best value, as follows:

1. Relevance of recent:
 - a. experience in leadership roles managing Enterprise IT projects for small to medium sized organizations (as described in Section 3)
 - b. project management experience in Case Management Systems (as described in Section 3)
 - c. experience in developing and managing functional, technical and data requirementsto preferred qualifications, labor category requirements, project management duties and responsibilities (as described in Attachment 3)
2. Ability to understand and fully answer questions as demonstrated in the interview.
3. Training and education as it relates to preferred qualifications, labor category requirements, and project management duties and responsibilities (as described in Attachment 3).
4. Professional References
5. Price

Basis for Award Recommendation

The Agency PO will recommend award to the Master Contractor whose proposal is determined to be the most advantageous to the State, considering price and the evaluation factors set forth in the RFR. In this evaluation, technical merit is considered to have greater weight. The Agency PO will initiate and deliver a Task Order Agreement to the selected Master Contractor. **Master Contractors should be aware that if selected, State law regarding conflict of interest may prevent future participation in procurements related to the RFR Scope of Work, depending upon specific circumstances.**

RFR # WCCB7400005
PROJECT MANAGER
DUTIES & RESPONSIBILITIES**

1. ROLE DEFINITIONS

The purpose of this section is to distinguish among the roles interacting with the PM obtained through this RFR.

A.	Task Order (TO) Procurement Officer – State staff person responsible for managing the RFR process up to the point of TO award.
B.	TO Manager – State staff person who oversees the PM’s work performance and administers the TO once it is awarded.
C.	TO Contractor – The CATS+ Master Contractor awarded a TO as a result of this RFR. The TO Contractor shall provide the PM resource and be accountable for PM work performance under the TO.
D.	Project Manager (PM) – The person provided by the TO Contractor as a result of this RFR. The PM is responsible for overall project planning and execution. The PM is responsible for performing the duties and responsibilities described in Section 3- Scope of Work, Job Description, Job Duties/Responsibilities and in Attachment 3, and for completing all assigned tasks and deliverables under the TO. The PM reports directly to the TO Manager and shall oversee and direct the Project Team made up of State and contractual personnel.
E.	Other Project Contractors – The Contractors responsible for project implementation, including their PM and other personnel assigned to the project. The Contractors report to the PM for project purposes with oversight by the TO Manager.

2. PROJECT MANAGER DUTIES AND RESPONSIBILITIES

The PM shall oversee and direct the project team comprised of current State and contractual personnel. Responsibilities include overall project governance and direction, and risk management as needed. Duties shall focus on project monitoring, control, team integration, change integration, and corrective action as needed. The position shall ensure the application of PMI and State SDLC standards in managing the project.

The PM shall report to the TO Manager and perform the tasks described in the table below. The PM shall be capable of performing all assigned tasks with self-sufficiency and minimal guidance from the TO Manager. PM performance shall be rated by the State each month, based on performance in the nine PMBOK knowledge areas as applied to the Project, and the quality of the written deliverables described in Section 7 below (See Exhibit 1 – Deliverable Product Acceptance Form for performance rating criteria).

The PM shall be accountable for the creation of any and all written deliverables that do not exist for the project and for the updating of those that do exist. The PM shall ensure that all deliverables are consistent with standards in the Project Management Institute (PMI) Project Management Body of Knowledge (PMBOK) and State of Maryland System Development Life Cycle (SDLC) (see Section 3 below).

PM Project Management Duties	
An asterisk (*) by the section number below and bold italics identifies a deliverable associated with the duty / responsibility. Refer to Section 7 for full descriptions of all deliverables and time of performance.	
2.1	1. Become thoroughly knowledgeable on all aspects of the Pre-EM Tasks and Projects and the EM Project
2.2	<p>Provide Project Management consistent with PMI and PMBOK principles of project management and the State of Maryland SDLC. Manage and integrate project resources including oversight of the project team. Exercise PM best practices for the Pre-EM Tasks and Projects and EM Project and oversee projects' activities consistent with the nine knowledge areas including:</p> <ol style="list-style-type: none"> 1. Procurement Management - consisting of procurement planning, contracts planning, authoring solicitations, evaluation, requesting solicitation responses, selecting contractor(s), administering contract(s), and contract(s) closing activities. <ol style="list-style-type: none"> a. Development of procurement documents, which may include Request for Information (RFI), task order request for proposals (TORFP), purchase order request for proposals (PORFP) and Request for Proposals (RFP) b. Provide counsel and expertise during the evaluation of bid proposals 2. Schedule Management - consisting of activity definition and sequencing, resource estimating, duration estimating, schedule development, and schedule control activities. 3. Integration Management - consisting of project plan development, project plan execution, and integrated change control activities. 4. Scope Management - consisting of project initiation, scope planning, scope definition and scope change control activities. 5. Cost Management - consisting of resource planning, cost estimating, and budgeting and cost control activities. 6. Human Resources Management - consisting of organizational planning, project team acquisition and staff development activities. 7. Risk Management - consisting of risk management planning, risk identification, risk quantitative and qualitative analysis, response planning, monitoring, and control activities. 8. Quality Management - consisting of quality planning, quality assurance and quality control activities. 9. Communications Management - consisting of communications planning, information distribution, progress and performance reporting, and stakeholder communications management activities. 10. Stakeholder Management – process of developing appropriate management strategies to effectively engage stakeholders throughout the project lifecycle based on analysis of their needs and interests of potential impact on project success
2.3 *	<ol style="list-style-type: none"> 1. Create (if necessary) and manage updating of the <i>Project Management Plan (Deliverable 7.1)</i>. 2. Ensure that plan components adequately document how the project will be executed, monitored and controlled.

3. REQUIRED PROJECT POLICIES, GUIDELINES AND METHODOLOGIES	
<p>The PM shall keep informed of and comply with all applicable laws, regulations, policies, standards and guidelines affecting information technology projects applicable to activities and obligations under the TO Agreement, as those laws, policies, standards and guidelines may be amended from time to time. The PM shall adhere to and remain abreast of current, new, and revised laws, regulations, policies, standards and guidelines affecting project execution and it shall obtain and maintain, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under the TO Agreement. These may include, but are not limited to:</p>	
A.	The nine project management knowledge areas in the PMI's PMBOK.
B.	The State's SDLC methodology at: www.doit.maryland.gov - keyword: SDLC.
C.	The State's IT Security Policy and Standards at: www.DoIT.maryland.gov - keyword: Security Policy.
D.	The State's IT Project Oversight at: www.DoIT.maryland.gov - keyword: IT Project Oversight.
E.	Modernization of the State's SDLC, including industry innovations, Agile methodologies, and hybrid processes as adopted by the State
4. SUBSTITUTION OF PERSONNEL	
A.	<p><u>DIRECTED PERSONNEL REPLACEMENT</u></p> <p>A. The Agency TO Manager may direct the Master Contractor to replace any contractor personnel who, in the sole discretion of the TO Manager, are perceived as being unqualified, non-productive, unable to fully perform the job duties, disruptive, or known, or reasonably believed, to have committed a major infraction(s) of law or Workers' Compensation Commission Contract, or RFR requirement.</p> <p>B. If deemed appropriate in the discretion of the TO Manager, the TO Manager shall give written notice of any personnel performance issues to the Master Contractor, describing the problem and delineating the remediation requirement(s). The Master Contractor shall provide a written Remediation Plan within three (3) days of the date of the notice. If the TO Manager rejects the Remediation Plan, the Master Contractor shall revise and resubmit the plan to the TO Manager within five (5) days of the rejection, or in the timeframe set forth by the TO Manager in writing. Once a Remediation Plan has been accepted in writing by the TO Manager, the Master Contractor shall immediately implement the Remediation Plan.</p> <p>C. Should performance issues persist despite the approved Remediation Plan, the TO Manager will give written notice of the continuing performance issues and either request a new Remediation Plan within a specified time limit or direct the removal and replacement of the contractor personnel whose performance is at issue. A request for a new Remediation Plan will follow the procedure described in Paragraph B.</p> <p>D. In circumstances of directed removal, the Master Contractor shall provide a suitable replacement for TO Manager approval within fifteen (15) days of date of the notification of directed removal, or the actual removal, whichever occurs first. However, if the TO Manager determines that the State's best interests require removal of the contractor personnel with less than fifteen (15) days' notice, the TO Manager can direct removal in shorter timeframe, including immediate removal.</p> <p>E. Normally, a directed personnel replacement will occur only after prior notification of problems with requested remediation, as described above. However, the TO Manager reserves the right to</p>

**Request for Resume (RFR)

	<p>direct immediate personnel replacement without utilizing the remediation procedure described above.</p> <p>F. Replacement or substitution of contractor personnel under this section shall be in addition to, and not in lieu of, the State’s remedies under the RFR or which otherwise may be available at law or in equity.</p>
B.	<p><u>SUBSTITUTION OF PERSONNEL PRIOR TO RFR EXECUTION (AND UP TO 30 DAYS AFTER RFR EXECUTION)</u></p> <p>Prior to Task Order Execution or within thirty (30) days after Task Order Execution, the Offeror may substitute proposed candidate only under the following circumstances: vacancy occurs due to the sudden termination, resignation, or approved leave of absence due to an Extraordinary Personnel Event, or death of such personnel. To qualify for such substitution, the Offeror must describe to the State's satisfaction the event necessitating substitution and must demonstrate that the originally proposed personnel are full-time employees with the Offeror (subcontractors, temporary staff or 1099 contractors do not qualify). Proposed substitutions shall be of equal caliber or higher, in the State's sole discretion. Proposed substitutes deemed by the State to be less qualified than the originally proposed individual may be grounds for pre-award disqualification or post-award termination.</p> <p>An Extraordinary Personnel Event – means Leave under the Family Medical Leave Act; an incapacitating injury or incapacitating illness; or other circumstances that in the sole discretion of the State warrant an extended leave of absence, such as extended jury duty or extended military service.</p>
C.	<p><u>SUBSTITUTION AFTER 30 DAYS POST RFR EXECUTION</u></p> <p>The procedure for substituting personnel after RFR execution is as follows:</p> <ol style="list-style-type: none"> 1. The Master Contractor may not substitute personnel without the prior approval of the Agency TO Manager. 2. To replace any personnel, the Master Contractor shall submit resumes of the proposed individual specifying the intended approved labor category. Any proposed substitute personnel shall have qualifications equal to or better than those of the replaced personnel. 3. Proposed substitute individual shall be approved by the Agency TO Manager. The Agency TO Manager shall have the option to interview the proposed substitute personnel and may require that such interviews be in person. After the interview, the Agency TO Manager shall notify the Master Contractor of acceptance or denial of the requested substitution. If no acceptable substitute personnel is proposed within the time frame established by the Agency TO Manager, the TO Agreement may be cancelled.
5. WORK HOURS	
A.	<p>The PM will work an eight-hour day between the hours of 7:00 AM and 6:00 PM, Monday through Friday except for State holidays or other office closures, or an alternate work schedule with prior approval of the Agency TO Manager.</p>
B.	<p>Duties also may require some outside of business hours, morning, evening and/or weekend hours billed on actual time worked at the proposed hourly rate.</p>
6. PROJECT MANAGER DELIVERABLES AND TIME OF PERFORMANCE	
<p><i>Note – for each of the written deliverables below, ongoing quality will be a factor in the Monthly Performance Rating described in Section 4 above.</i></p>	

Request for Resume (RFR)
CATS+ Master Contract

ID #	Deliverable Description	Acceptance Criteria	Time of Performance
6.1	Project Management Plan	MS Word 2010+ document (or mutually agreed upon document) that defines how the project will be executed, monitored and controlled. The document will be developed with input from the project team and key stakeholders. The plan should address topics including Scope Management, Schedule Management, Financial Management, Quality Management, Resource Management, Communications Management, Project Change Management, Risk Management, and Procurement Management as defined in the PMBOK. The Project Management Plan shall comply with Maryland’s SDLC and Attachment 2, Section 2 requirements for the deliverable.	Updated quarterly or as directed by the TO Manager
6.2	Work Breakdown Structure (WBS)	MS Word 2010+ or Excel 2010+ document (or mutually agreed upon document) that contains tiers showing project milestones or phases in the top level with a breakdown of major project tasks into manageable “work packages” underneath. Work packages at the bottom level should have no smaller than two-week durations and have measurable, testable, or observable outputs suitable for tracking project progress. The WBS shall comply with Maryland’s SDLC and Attachment 2, Section 2 requirements for the deliverable.	Updated quarterly or as directed by the TO Manager
6.3	Integrated Master Schedule	MS Project 2010+ document (or mutually agreed upon document) that is based on the WBS (see 6.2 above) and suitable for tracking project activities. At a minimum, the Master Schedule shall show milestones, deliverables, times of performance, degrees of completion and resources for all project activities during the SDLC. The activities durations in the master schedule should have the appropriate degree of granularity to manage and track project progress. This is a single, base-lined and periodically updated deliverable encompassing all project activities. The Integrated Master Schedule shall comply with Maryland’s SDLC and Attachment 2, Section 2 requirements for the deliverable.	Update bi-weekly or as directed by the TO Manager
6.4	Communications Management Plan	MS Word 2010+ document (or mutually agreed upon document) that captures the stakeholder contact list, the types of information to be disseminated, the format for each type, a schedule of when information will be produced and disseminated, and the method for updating the communications plan. This is a single deliverable maintained throughout the life of project. The Communications Plan shall comply with Maryland’s SDLC and Attachment 2, Section 2 requirements for the deliverable.	Updated quarterly or as directed by the TO Manager
6.5	Risk Management Plan (RMP) and	MS Word 2010+ or Excel 2010+ document (or mutually agreed upon document) that describes the risk management	Update bi-weekly or as directed by

	Risk Registry	procedures for the project. The RMP will include a table of potential risks and recommended risk responses, and will incorporate risk information found in deliverables provided by the Development Contractor. This is a single, periodically updated deliverable encompassing all project risks. A Risk Registry will be created for logging all project risk using MS Excel 2010+ or other appropriate table format. The Risk Management Plan shall comply with Maryland's SDLC and Attachment 2, Section 2 requirements for the deliverable.	the TO Manager
6.6	Deliverable Comments Matrix (DCM)	MS Word 2010+ or Excel 2010+ document (or mutually agreed upon document) that is used to capture comments and recommended changes to each Project deliverable prior to acceptance. A separate DCM is required for each deliverable or SDLC product. The DCM shall comply with Attachment 2, Section 2 requirements for the deliverable.	Project deliverable due date + 5 working days
6.7	Change Management Plan	MS Word 2010+ document (or mutually agreed upon document) that describes the procedure for proposing, evaluating, approving, and documenting changes to project scope, schedule, and cost. This Plan should include any tools or templates used for change management, for example, change request form. The Change Management Plan shall comply with Maryland's SDLC and Attachment 2, Section 2 requirements for the deliverable.	Updated quarterly or as directed by the TO Manager
6.8	Requirements Traceability Matrix (RTM)	MS Word 2010+ or Excel 2010+ document (or mutually agreed upon document) that describes technical and functional requirements. At a minimum, requirements should be numbered for traceability, testable and the descriptions unambiguous. The RTM should contain acceptance criteria for each requirement and a test method for verifying completion based on the criteria. The RTM shall comply with Maryland's SDLC and Attachment 2, Section 2 requirements for the deliverable.	Updated bi-weekly or as directed by the TO Manager
6.9	Quality Assurance (QA) Plan	MS Word 2010+ document (or mutually agreed upon document) that describes how quality, meaning conformance to project requirements, will be monitored throughout the project life cycle. The QA Plan should describe the steps for deliverable review and updating via the DCM process (see 6.6 above). The QA Plan should describe the requirements tracking process via the requirements traceability process (see 6.8 above). The QA plan should define signoff procedures for project milestones and deliverables. The Quality Assurance Plan shall comply with Maryland's SDLC and Attachment 2, Section 2 requirements for the deliverable.	Updated quarterly or as directed by the TO Manager
6.10	Project Manager Status Report and	MS Word 2010+ document (or mutually agreed upon document) that captures and tracks ongoing PM activities and	Weekly Status Report and Bi-

	<i>Timesheet</i>	status. The report will capture activities completed in the past reporting period, activities planned for the following reporting period, and the completion status of project deliverables. The report will describe issues identified on the project and the status of efforts to resolve issues. The timesheet will capture dates and times worked during the past reporting period	Weekly Timesheet or as directed by the TO Manager
6.11	<i>Master Status Report</i>	MS Word 2010+ document (or mutually agreed upon document) that captures and tracks ongoing project activities and status. The report will capture activities completed in the past reporting period, activities planned for the following reporting period, the completion status of project deliverables and status of Project costs (planned vs. actual). The report will describe issues identified on the project and the status of efforts to resolve issues and mitigate risks. The report will have sections describing necessary updates to the Integrated Master Schedule (Deliverable 6.3) and Risk Registry (Deliverable 6.5). The report will document lessons learned from the project and any other pertinent status information.	At least bi-weekly or as directed by the TO Manager
6.12	<i>Human Resource Management Plan</i>	MS Word 2010+ or Excel 2010+ document (or mutually agreed upon document) that describing how and when human resource requirements will be met on the project. The plan shall consider resource needs for the full life of the system including operations and maintenance and address staff acquisition, timing and training needs. The Human Resource Management Plan shall comply with Maryland's SDLC and Attachment 2, Section 2 requirements for the deliverable.	To be determined by the Project Manager
6.13	<i>Schedule Management Plan</i>	MS Word 2010+ document (or mutually agreed upon document) that establishes the specific procedures for how the project schedule will be managed and controlled and is as detailed as necessary to control the schedule through the life cycle based on the size, risk profile, and complexity of the project. The Schedule Management Plan shall comply with Maryland's SDLC and Attachment 2, Section 2 requirements for the deliverable.	To be determined by the Project Manager
6.14	<i>Cost Management Plan</i>	MS Word 2010+ document (or mutually agreed upon document) that establishes the activities and criteria for planning, structuring, and controlling project costs. The Cost Management Plan shall comply with Maryland's SDLC and Attachment 2, Section 2 requirements for the deliverable.	To be determined by the Project Manager
6.15	<i>Procurement Management Plan</i>	MS Word 2010+ document (or mutually agreed upon document) that define the procedures to purchase or acquire all products and services needed from outside the team to perform project tasks. The document shall define processes for plan purchases and acquisitions including acquisition strategy, contract administration, and contract closure. The	To be determined by the Project Manager

ATTACHMENT 3 - CERTIFICATION REGARDING INVESTMENTS IN IRAN

Authority: State Finance & Procurement, §§17-701 – 17-707, Annotated Code of Maryland [Chapter 447, Laws of 2012.]

List: The Investment Activities in Iran list identifies companies that the Board of Public Works has found to engage in investment activities in Iran; those companies may not participate in procurements with a public body in the State. “Engaging in investment activities in Iran” means:

- A. Providing goods or services of at least \$20 million in the energy sector of Iran; or
- B. For financial institutions, extending credit of at least \$20 million to another person for at least 45 days if the person is on the Investment Activities In Iran list and will use the credit to provide goods or services in the energy of Iran.

The Investment Activities in Iran list is located at: www.bpw.state.md.us

Rule: A company listed on the Investment Activities In Iran list is ineligible to bid on, submit a proposal for, or renew a contract for goods and services with a State Agency or any public body of the State. Also ineligible are any parent, successor, subunit, direct or indirect subsidiary of, or any entity under common ownership or control of, any listed company.

NOTE: This law applies only to new contracts and to contract renewals. The law does not require an Agency to terminate an existing contract with a listed company.

CERTIFICATION REGARDING INVESTMENTS IN IRAN

The undersigned certifies that, in accordance with State Finance & Procurement Article, §17-705:

- (i) it is not identified on the list created by the Board of Public Works as a person engaging in investment activities in Iran as described in §17-702 of State Finance & Procurement; and
- (ii) it is not engaging in investment activities in Iran as described in State Finance & Procurement Article, §17-702.

The undersigned is unable make the above certification regarding its investment activities in Iran due to the following activities:

Name of Authorized Representative: _____

Signature of Authorized Representative: _____

Date: _____ Title: _____

Witness Name (Typed or Printed): _____

Witness Signature and Date: _____
