SECTION 1 - ADMINISTRATIVE INFORMATION

1.1 RESPONSIBILITY FOR TORFP AND TO AGREEMENT

The TO Procurement Officer has the primary responsibility for the management of the TORFP process, for the resolution of TO Agreement scope issues, and for authorizing any changes to the TO Agreement. See Section 2.15 for information on change orders.

The TO Manager has the primary responsibility for the management of the work performed under the TO Agreement; administration functions, including issuing written directions; ensuring compliance with the terms and conditions of the CATS Master Contract; and, in conjunction with the selected Master Contractor, achieving on budget/on time/on target (e.g., within scope) completion of the Scope of Work.

1.2 TO AGREEMENT

Based upon an evaluation of TO Proposal responses, a Master Contractor will be selected to conduct the work defined in Section 2 - Scope of Work. A specific TO Agreement, Attachment 2, will then be entered into between the State and the selected Master Contractor, which will bind the selected Master Contractor (TO Contractor) to the contents of its TO Proposal, including the price proposal.

1.3 TO PROPOSAL SUBMISSIONS

The TO Procurement Officer will not accept submissions after the stated date and exact time. The time will be local time as determined by MDSP/OIT's e-mail system time stamp. The TO Proposal is to be submitted via e-mail as two attachments in MS Word format. The "subject" line in the e-mail submission shall state the TORFP #W00P9201760. The first file will be the TO Proposal technical response to this TORFP and titled, "CATS TORFP #W00P9201760 Technical". All such representations will become part of the Master Contractor's proposal and are binding, if the Contract is awarded. The Procurement Officer will notify Master Contractor of the time and place of oral presentations.

1.5 MINORITY BUSINESS ENTERPRISE (MBE)

A Master Contractor that responds to this TORFP shall complete, sign, and submit all required MBE documentation (Attachment 2 - Forms D-1 and D-2) at the time it submits its TO Proposal. **Failure of the Master Contractor to complete, sign, and submit all required MBE documentation at the time it submits its TO Proposal will result in the State's rejection of the Master Contractor's TO Proposal.**

1.6 CONFLICT OF INTEREST

The TO Contractor awarded the TO Agreement shall provide IT consulting services for State agencies or component programs with those agencies, and must do so impartially and without any conflicts of

interest. Each Master Contractor shall complete and include a Conflict of Interest Affidavit in the form included as Attachment 4 this TORFP with its TO Proposal. If the TO Procurement Officer makes a determination that facts or circumstances exist that give rise to or could in the future give rise to a conflict of interest within the meaning of COMAR 21.05.08.08A, the TO Procurement Officer may reject a Master Contractor's TO Proposal under COMAR 21.06.02.03B.

Master Contractors should be aware that the State Ethics Law, State Government Article, §15-508, might limit the selected Master Contractor's ability to participate in future related procurements, depending upon specific circumstances.

1.7 NON-DISCLOSURE AGREEMENT

Certain system documentation may be available for potential Offerors to review at a reading room at MDSP/OIT Building G, 1201 Reisterstown Road, Pikesville Md. 21208. Pursuant to Section 28(C) of the CATS Master Contract, the limitation of liability per claim under this TORFP shall not exceed the total TO Agreement amount established.

1.9 CONTRACT MANAGEMENT OVERSIGHT ACTIVITIES

DoIT will be performing contract management oversight on the CATS master contract. As part of that oversight, DoIT has implemented a process for self-reporting contract management activities of CATS task orders (TO). This process shall typically apply to active TOs for operations and maintenance services valued at \$1 million or greater, but all CATS TOs are subject to review.

Attachment 9 is a sample of the TO Contractor Self-Reporting Checklist. DoIT will send initial checklists out to applicable TO Contractors approximately three months after the award date for a TO. The TO Contractor shall complete and return the checklist as instructed on the checklist. Subsequently, at six month intervals from the due date on the initial checklist, the TO Contractor shall update and resend the checklist to DoIT.

SECTION 2 – SCOPE OF WORK

2.1 PURPOSE, AGENCY INFORMATION, AND BACKGROUND

2.1.1 PURPOSE

The Maryland Emergency Number Systems Board (ENSB) and the Maryland State Police (MDSP) have recognized the need to extend the delivery of 9-1-1 call data to the secondary Public Safety Answering Points (PSAPs). This can be accomplished in the routing and delivery of E9-1-1 calls to the MDSP barracks throughout the State. To that end, the ENSB and MDSP envision a new state-of-the-art E9-1-1 delivery network for the MDSP, known conceptually as a Next Generation 9-1-1 (NG9-1-1) solution. This is expected to provision the MDSP for the NG9-1-1 services when they become available.

The ENSB is responsible for administering the State's E9-1-1 fund. As part of these responsibilities, it is the intent of the ENSB to establish and implement a cohesive emergency E9-1-1 system that will provide citizens with rapid, direct access to public safety agencies in a cost-effective manner. As part of this initiative, the ENSB is investigating the possible implementation of an advanced IP-enabled network for delivery of emergency E9-1-1 traffic to the Maryland State Police barracks. The purpose of this TORFP is to obtain Project Management services for the different phases of the project. This will include review of the RFP, project management during design, implementation and completion of the project.

2.1.2 REQUESTING AGENCY INFORMATION

The Maryland State Police Office of Information Technology (MSP OIT) recognizes that Information Systems development and enhancement efforts must be well managed in order to meet the needs of the business areas and to be accomplished on time and within budget. The objective of this TORFP is to acquire a team reporting to a full time Project Management Professional (PMP) to perform IT project management of the RFP and resulting contract.

2.1.3 PROJECT BACKGROUND

The MDSP barrack locations function as secondary PSAPs in the State. The ENSB is interested in innovative and cost-effective solutions that reduce the costs to deliver E9-1-1 calls to these barracks. The 22 primary E9-1-1 centers are located around the State, one PSAP per County. See Figure A for the list and locations of the State police barracks.

The MDSP supports E9-1-1 calls at 22 barracks located throughout the State. Eighteen locations have two radio positions and five locations having three radio positions. For planning and quote purposes, we are requesting that the quantity of 9-1-1 workstations per barrack equal the quantity of radio positions.

Currently, the E9-1-1 calls are transferred via the public switch telephone network (PSTN). Some locations have a remote terminal to view the ALI screen, or receive a fax of the ALI info from the primary PSAP, but have no re-bid capability. Without the support of dynamic ANI/ALI, it is not possible for the 9-1-1 network to provide location information for wireline or wireless emergency calls to these secondary PSAPs. The MDSP barracks do not currently have a coordinated GIS mapping solution.

2.2 PROFESSIONAL DEVELOPMENT

Networking technology continuously changes. The TO Contractor must ensure continuing education opportunities for the personnel provided. This education would be associated with the technologies currently utilized by Maryland State Police Electronic Services Division or anticipated to be implemented by MDSP ESD in the near future. With MDSP ESD prior approval, the time allocated to these continuing education activities for staff deployed to MDSP ESD on a full-time basis may be charged to this task order. Actual course costs are the responsibility of the TO Contractor.

2.3 TO CONTRACTOR PERSONNEL DUTIES AND RESPONSIBILITIES

ATTACHMENT 2 – MINORITY BUSINESS ENTERPRISE FORMS

TO CONTRACTOR MINORITY BUSINESS ENTERPRISE REPORTING REQUIREMENTS

CATS TORFP # W00P9201760

These instructions are meant to accompany the customized reporting forms sent to you by the TO Manager. If, after reading these instructions, you have additional questions or need further clarification, please contact the TO Manager immediately.

As the TO Contractor, you have entered into a TO Agreement with the State of Maryland. As such, your company/firm is responsible for successful completion of all deliverables under the contract, including your commitment to making a good faith effort to meet the MBE participation goal(s) established for TORFP. Part of that effort, as outlined in the TORFP, includes submission of monthly reports to the State regarding the previous month's MBE payment activity. Reporting forms D-5 (TO Contractor Paid/Unpaid MBE Invoice Report) and D-6 (Subcontractor Paid/Unpaid MBE Invoice Report) are attached for your use and convenience.

The TO Contractor must complete a separate Form D-5 for each MBE subcontractor for each month of the contract and submit one copy to each of the locations indicated at the bottom of the form. The report is due no later than the 15th of the month following the month that is being reported. For example, the report for January's activity is due no later than the 15th of February. With the approval of the TO Manager, the report may be submitted electronically. Note: Reports are required to be submitted each month, regardless of whether there was any MBE payment activity for the reporting month.

The TO Contractor is responsible for ensuring that each subcontractor receives a copy (e-copy of and/or hard copy) of Form D-6. The TO Contractor should make sure that the subcontractor receives all the information necessary to complete the form properly, i.e., all of the information located in the upper right corner of the form. It may be wise to customize Form D-6 (upper right corner of the form) for the subcontractor the same as the Form D-5 was customized by the TO Manager for the benefit of the TO Contractor. This will help to minimize any confusion for those who receive and review the reports.

4. It is the responsibility of the TO Contractor to make sure that all subcontractors submit reports no later than the 15th of each month, regardless of whether there was any MBE payment activity for the reporting month. Actual payment data is verified and entered into the State's financial management tracking system from the subcontractor's D-6 report only. Therefore, if the subcontractor(s) do not submit their D-6 payment reports, the TO Contractor cannot and will not be given credit for subcontractor payments, regardless of the TO Contractor's proper submission of Form D-5. The TO Manager will contact the TO Contractor if reports are not received each month from either the prime contractor or any of the identified subcontractors. The TO Contractor must promptly notify the TO Manager if, during the course of the contract, a new MBE subcontractor is utilized. Failure to comply with the MBE contract provisions and reporting requirements may result in sanctions, as provided by COMAR 21.11.03.13.

FORM D – 1

Certified MBE Utilization and Fair Solicitation Affidavit

This document shall be included with the submittal of the Offeror's TO Proposal. If the Offeror fails to submit this form with the TO Proposal, the TO Procurement Officer shall determine that the Offeror's TO Proposal is not reasonably susceptible of being selected for award.

In conjunction with the offer submitted in response to TORFP No. W00P9201760, I affirm the following:

1. I acknowledge the overall certified Minority Business Enterprise (MBE) participation goal of [] percent and, if specified in the TORFP, sub-goals of [] percent for MBEs classified as African American-owned and [] percent for MBEs classified as women-owned. I have made a good faith effort to achieve this goal.

OR

After having made a good faith effort to achieve the MBE participation goal, I conclude that I am unable to achieve it. Instead, I intend to achieve an MBE goal of [] percent and request a waiver of the remainder of the goal. If I am selected as the apparent TO Agreement awardee, I will submit written waiver documentation that complies with COMAR 21.11.03.11 within 10 business days of receiving notification that our firm is the apparent low bidder or the apparent awardee.

I have identified the specific commitment of certified Minority Business Enterprises by completing and submitting an MBE Participation Schedule (Attachment 2 - Form D-2) with the proposal.

I acknowledge that the MBE subcontractors/suppliers listed in the MBE Participation Schedule will be used to accomplish the percentage of MBE participation that I intend to achieve.

I understand that if I am notified that I am the apparent TO Agreement awardee, I must submit the following documentation within 10 working days of receiving notice of the potential award or from the date of conditional award (per COMAR 21.11.03.10), whichever is earlier.

- (a) Outreach Efforts Compliance Statement (Attachment D-3)
- (b) Subcontractor Project Participation Statement (Attachment D-4)
- (c) MBE Waiver Documentation per COMAR 21.11.03.11 (if applicable)
- (d) Any other documentation required by the TO Procurement Officer to ascertain offeror's responsibility in connection with the certified MBE participation goal.

If I am the apparent TO Agreement awardee, I acknowledge that if I fail to return each completed document within the required time, the TO Procurement Officer may determine that I am not responsible and therefore not eligible for TO Agreement award. If the TO Agreement has already been awarded, the award is voidable.

In the solicitation of subcontract quotations or offers, MBE subcontractors were provided not less than the same information and amount of time to respond as were non-MBE subcontractors.

I solemnly affirm under the penalties of perjury that the contents of this paper are true to the best of my knowledge, information, and belief.

WHEREAS, the TO Contractor has been awarded a Task Order Agreement (the “TO Agreement”) for **Project Management for the E-911 Project** TORFP No. W00P9201760 dated xxxxxxxxxxxx,2008 (the “TORFP”) issued under the Consulting and Technical Services procurement issued by the Department, Project Number 050R5800338; and

WHEREAS, in order for the TO Contractor to perform the work required under the TO Agreement, it will be necessary for the State to provide the TO Contractor and the TO Contractor’s employees and agents (collectively the “TO Contractor’s Personnel”) with access to certain confidential information regarding _____ (the “Confidential Information”).

NOW, THEREFORE, in consideration of being given access to the Confidential Information in connection with the TORFP and the TO Agreement, and for other good and valuable consideration, the receipt and sufficiency of which the parties acknowledge, the parties do hereby agree as follows:

1. Confidential Information means any and all information provided by or made available by the State to the TO Contractor in connection with the TO Agreement, regardless of the form, format, or media on or in which the Confidential Information is provided and regardless of whether any such Confidential Information is marked as such. Confidential Information includes, by way of example only, information that the TO Contractor views, takes notes from, copies (if the State agrees in writing to permit copying), possesses or is otherwise provided access to and use of by the State in relation to the TO Agreement.
2. TO Contractor shall not, without the State’s prior written consent, copy, disclose, publish, release, transfer, disseminate, use, or allow access for any purpose or in any form, any Confidential Information provided by the State except for the sole and exclusive purpose of performing under the TO Agreement. 4. TO Contractor hereby agrees to hold the Confidential Information in trust and in strictest confidence, to adopt or establish operating procedures and physical security measures, and to take all other measures necessary to protect the Confidential Information from inadvertent release or disclosure to unauthorized third parties and to prevent all or any portion of the Confidential Information from falling into the public domain or into the possession of persons not bound to maintain the confidentiality of the Confidential Information.
5. TO Contractor shall promptly advise the State in writing if it learns of any unauthorized use, misappropriation, or disclosure of the Confidential Information by any of the TO Contractor’s Personnel or the TO Contractor’s former Personnel. TO Contractor shall, at its own expense, cooperate with the State in seeking injunctive or other equitable relief against any such person(s).
6. TO Contractor shall, at its own expense, return to the Department, all copies of the Confidential Information in its care, custody, control or possession upon request of the Department or on termination of the TO Agreement.

7. A breach of this Agreement by the TO Contractor or by the TO Contractor's Personnel shall constitute a breach of the TO Agreement between the TO Contractor and the State.
8. TO Contractor acknowledges that any failure by the TO Contractor or the TO Contractor's Personnel to abide by the terms and conditions of use of the Confidential Information may cause irreparable harm to the State and that monetary damages may be inadequate to compensate the State for such breach. Accordingly, the TO Contractor agrees that the State may obtain an injunction to prevent the disclosure, copying or improper use of the Confidential Information. The TO Contractor consents to personal jurisdiction in the Maryland State Courts. The State's rights and remedies hereunder are cumulative and the State expressly reserves any and all rights, remedies, claims and actions that it may have now or in the future to protect the Confidential Information and/or to seek damages from the TO Contractor and the TO Contractor's Personnel for a failure to comply with the requirements of this Agreement. Next Generation 9-1-1 (NG9-1-1)

NG9-1-1 is the next evolutionary step in the development of the 9-1-1 emergency communications system known as E9-1-1 since the 1970s. NG9-1-1 is a system comprised of managed IP-based networks and elements that augment present-day E9-1-1 features and functions and add new capabilities. NG9-1-1 will eventually replace the present E9-1-1 system. NG9-1-1 is designed to provide access to emergency services from all sources, and to provide multimedia data capabilities for PSAPs and other emergency service organizations.

NOTE: It is recognized that there will be a multi-year transition to NG9-1-1 beginning as early as 2007.

Local Access and Transport Area (LATA)

The geographical areas within which a local telephone company offers telecommunications services.

Customer Premises Equipment (CPE)

Communications or terminal equipment located in the customer's facilities – Terminal equipment at a PSAP.

Quality of Service (QoS)

As related to data transmission a measurement of latency, packet loss and jitter.

Time Division Multiplexing (TDM)

A digital multiplexing technique for combining a number of signals into a single transmission facility by interweaving pieces from each source into separate time slots.

Centralized Automated Message Accounting

(CAMA)

A type of in-band analog transmission protocol that transmits telephone number via multi-frequency encoding. Originally designed for billing purposes.

Enhanced 9-1-1 (E9-1-1) Control Office

The Central Office that provides the tandem switching of 9-1-1 calls. It controls delivery of the voice call with ANI to the PSAP and provides Selective Routing, Speed Calling, Selective Transfer, Fixed Transfer, and certain maintenance functions for each PSAP. Also known as 9-1-1 Selective Routing Tandem or Selective Router.

Multi-Protocol Label Switching (MPLS)

A mechanism that allows network administrators to perform a measure of traffic engineering within their networks.

Computer Telephone Integration (CTI)

Integrating telephone function into a computing device.

Call Detail Record (CDR)

The data information sent to the ALI computer by a remote identifying device (PBX, Call Position Identifier, ...)

Management Information System (MIS)

A program that collects, stores and collates data into reports enabling interpretation and evaluation of performance, trends, traffic capacities, etc.

Alternate Routing

The capability of routing 9-1-1 calls to a designated alternate location(s) if all 9-1-1 trunks are busy or out of service. May be activated upon request or automatically, if detectable, when 9-1-1 equipment fails or the PSAP itself is disabled.

Selective Routing (SR)

The routing of a 9-1-1 call to the proper PSAP based upon the location of the caller. Selective routing is controlled by the ESN which is derived from the customer location.

Public Safety Answering Points (PSAP'S)

Local Access Transport Area (LATA)

Automatic Number Identification (ANI)

Automatic Location Identification (ALI)
