SECTION 1 - ADMINISTRATIVE INFORMATION

1.1 RESPONSIBILITY FOR TORFP AND TO AGREEMENT

The TO Procurement Officer has the primary responsibility for the management of the TORFP process, for the resolution of TO Agreement scope issues, and for authorizing any changes to the TO Agreement. See Section 2.8 for information on change orders.

The TO Manager has the primary responsibility for the management of the work performed under the TO Agreement; administration functions, including issuing written directions; ensuring compliance with the terms and conditions of the CATS Master Contract; and, in conjunction with the selected Master Contractor, achieving on budget/on time/on target (e.g., within scope) completion of the Scope of Work.

1.2 TO AGREEMENT

Based upon an evaluation of TO Proposal responses, a Master Contractor will be selected to conduct the work defined in Section 2 - Scope of Work. A specific TO Agreement, Attachment 3, will then be entered into between the State and the selected Master Contractor, which will bind the selected Master Contractor (TO Contractor) to the contents of its TO Proposal, including the price proposal.

1.3 TO PROPOSAL SUBMISSIONS

The TO Procurement Officer will not accept submissions after the stated date and exact time. The time will be local time as determined by MAA's e-mail system time stamp. The TO Proposal is to be submitted via e-mail as two attachments in MS Word format. The "subject" line in the e-mail submission shall state the TORFP #J00P7200058. The first file will be the TO Proposal technical response to this TORFP and titled, "CATS TORFP #J00P7200058 Technical". The second file will be the financial response to this CATS TORFP and titled, "CATS TORFP #J00P7200058 Financial". The proposal documents that must be submitted with a signature, Attachment 2 - MBE Forms D-1 and D-2 and Attachment 4 - Conflict of Interest and Disclosure Affidavit, must be submitted as .PDF files with signatures clearly visible.

1.4 MINORITY BUSINESS ENTERPRISE (MBE)

A Master Contractor that responds to this TORFP shall complete, sign, and submit all required MBE documentation (Attachment 2 - Forms D-1 and D-2) at the time it submits its TO Proposal. **Failure of the Master Contractor to complete, sign, and submit all required MBE documentation at the time it submits its TO Proposal will result in the State's rejection of the Master Contractor's TO Proposal.**

1.5 CONFLICT OF INTEREST

The TO Contractor awarded the TO Agreement shall provide IT technical and/or consulting services for State agencies or component programs with those agencies, and must do so impartially and without any conflicts of interest. Each Master Contractor shall complete and include a Conflict of Interest Affidavit in the form included as Attachment 4 this TORFP with its TO Proposal. If the TO Procurement Officer makes a determination that facts or circumstances exist that give rise to or could in the future give rise to a conflict of interest within the meaning of COMAR 21.05.08.08A, the TO Procurement Officer may reject a Master Contractor's TO Proposal under COMAR 21.06.02.03B.

Master Contractors should be aware that the State Ethics Law, State Government Article, §15-508, might limit the selected Master Contractor's ability to participate in future related procurements, depending upon specific circumstances.

1.6 NON-DISCLOSURE AGREEMENT

Certain system documentation may be available for potential Offerors to review at a reading room at Maryland Aviation Administration, Kauffman Building, 1500 Amtrack Way, Linthicum MD 21090 Offerors who review such documentation will be required to sign a Non-Disclosure Agreement (Offeror) in the form of Attachment 10. Please contact the TO Procurement Officer of this TORFP to schedule an appointment.

In addition, certain documentation may be required by the TO Contractor awarded the TO Agreement in order to fulfill the requirements of the TO Agreement. The TO Contractor, employees and agents who review such documents will be required to sign, including but not limited to, a Non-Disclosure Agreement (TO Contractor) in the form of Attachment 11.

SECTION 2 - SCOPE OF WORK

2.1 PURPOSE AND BACKGROUND

2.1.1 PURPOSE

The Maryland Aviation Administration (MAA) is issuing the CATS TORFP to obtain on call operations and maintenance services for the Automated Parking Guidance System (APGS) manufactured by Schick Electronics SA (Switzerland) installed in the Daily A and Hourly Garages at BWI Thurgood Marshall Airport.

2.1.2 REQUESTING AGENCY BACKGROUND

This TORFP is issued by the Maryland Department of Transportation (MDOT), Maryland Aviation Administration (MAA), located at:

BWI Airport Terminal Building

BWI Airport, MD 21240

The place of performance for this task is the Daily A and Hourly Garages of Baltimore/Washington International Thurgood Marshall Airport (BWI) at the address noted above.

The MAA is a modal administration of MDOT, and is responsible for fostering, developing, and regulating aviation within the State; promoting safety in aviation; developing and regulating aviation in conjunction with and consistent with Federal authorities. The MAA owns and operates BWI and Martin State Airport. BWI is one the fastest growing of the thirty largest airports in the country. It served nearly twenty million passengers in the twelve-month period ending in December 2002. At BWI, a five-year, 1.8 billion dollar capital airport expansion program is underway. It includes the addition of new terminal facilities, aircraft gates, garage facilities, employee and public surface parking lots, an off airport rental car facility and an inter-modal transportation center

2.1.3 PROJECT BACKGROUND

The APGS is an Intelligent Transportation System (ITS) that guides the traveling public to an available parking space quickly and efficiently. It also provides MAA with detailed statistics on the parking usage of its garages. This system is connected to the MDOT WAN and monitored by the MDOT NOC.

The goal of this TO is to provide MAA the on call maintenance service to ensure the system is operating at peak efficiency and functionality to provide the BWI customers a positive parking experience.

The APGS utilizes a series of way finding directional LED signs showing a combination of 4" arrows and numerals to direct the motorist to the first available vacant space in any given aisle/zone closest to their point of entry into the parking facility. These signs not only give visibility to which aisle spaces are located in, but also indicate how many spaces are available in that aisle.

2.2 TECHNICAL REQUIREMENTS

As with all ITS systems, this system is composed of servers, control software, network infrastructure, sensors, device controllers and signage. The system is composed of:

- Space detectors (repeaters and Non Repeaters)
- Entrance detectors (Master, Slave, Relay)

- Numeric signs (and/or Arrows, red/green and red X's)
- Decoders
- RS-422/RS-232 Converter at Server
- Head Programmer
- Power Supplies
- Canalis and hanging hardware
- Data Cables, (RS-232, RS-422)
- Application Servers

The system configuration layout has 4,607 physical spaces in the Hourly Garage and 7,398 physical spaces in the Daily A Garage.

2.2.1 PROJECT APPROACH

This is a time and materials task that will provide the necessary resources to maintain the Smart Park system at BWI Airport. The goal is to leverage elements of the MAA and the contractor's staff to fulfill all Smart Park requirements.

2.2.2 DELIVERABLES

For each written deliverable, draft and final, the TO Contractor shall submit to the TO Manager one hard copy and one electronic copy compatible with Microsoft Office 2000, Microsoft Project 2000 and/or Visio 2000.

Drafts of all final deliverables are required at least two weeks in advance of when all final deliverables are due. Written deliverables defined as draft documents must demonstrate due diligence in meeting the scope and requirements of the associated final written deliverable. A draft written deliverable may contain limited structural errors such as poor grammar, misspellings or incorrect punctuation, but must:

- A) Be presented in a format appropriate for the subject matter and depth of discussion.
- B) Be organized in a manner that presents a logical flow of the deliverable's content.
- C) Represent factual information reasonably expected to have been known at the time of submittal.
- D) Present information that is relevant to the Section of the deliverable being discussed.
- E) Represent a significant level of completeness towards the associated final written deliverable that supports a concise final deliverable acceptance process.

Upon completion of a deliverable, the TO Contractor shall document each deliverable in final form to the TO Manager for acceptance. The TO Contractor shall memorialize such delivery in an Agency Receipt of Deliverable Form (Attachment 8). The TO Manager shall countersign the Agency Receipt of Deliverable Form indicating receipt of the contents described therein.

Upon receipt of a final deliverable, the TO Manager shall commence a review of the deliverable as required to validate the completeness and quality in meeting requirements. Upon completion of validation, the TO Manager shall issue to the TO Contractor notice of acceptance or rejection of the deliverables in an Agency Acceptance of Deliverable Form (Attachment 9). In the event of rejection, the TO Contractor shall correct the identified deficiencies or non-conformities. Subsequent project tasks may not continue until deficiencies with a deliverable are rectified and accepted by the TO Manager or the TO Manager has specifically issued, in writing, a waiver for conditional continuance of project tasks. Once the State's issues have been addressed and resolutions are accepted by the TO Manager, the TO Contractor will incorporate the resolutions into the deliverable and resubmit the deliverable for acceptance. Accepted deliverables shall be invoiced within 30 days in the applicable invoice format (Reference 2.6 Invoicing).

When presented for acceptance, a written deliverable defined as a final document must satisfy the scope and requirements of this TORFP for that deliverable. Final written deliverables shall not contain structural errors such as poor grammar, misspellings or incorrect punctuation, and must:

- A) Be presented in a format appropriate for the subject matter and depth of discussion.
- B) Be organized in a manner that presents a logical flow of the deliverable's content.
- C) Represent factual information reasonably expected to have been known at the time of submittal.
- D) Present information that is relevant to the Section of the deliverable being discussed.

The State required deliverables are defined below. Within each task, the TO Contractor may suggest other subtasks or deliverables to improve the quality and success of the project.

2.2.2.1 TO CONTRACTOR DUTIES AND RESPONSIBILITIES

Daily: System Inspection

TO Contractor will log on to each APGS system each day. All faults found via the application will be diagnosed and repaired per the Response Times. Trouble tickets will be created for all faults in the MDOT Advanced Help Desk (AHD). AHD will automatically notify the MAA designated POC and TO Contractor service personnel.

Daily: Physical Site Inspection

MAA personnel perform drive-thru physical inspections of each facility each day. This inspection will allow personnel to spot problems that are not revealed by the APGS Application. Any problems found will be entered into AHD and the TO contractor notified for diagnoses and repair per the Response Time. Documentation will be provided by the AHD.

Weekly System Condition

A Weekly System Condition Report will be provided to MAA by COB Thursday of each week. The report will advise of the general health of the systems, and faults/problems found, and their respective resolutions.

Diagnostics and repairs will be made to any components found not functioning. These repairs will be made by individuals trained in the APGS.

The scope of the repair work includes the RS-422/RS-232 data network from all devices to their respective application server, software configuration, sensors, decoders and signs.

Monthly Spare Parts Report

A Monthly Spare Parts Report will be provided to MAA at the end of each month. This report will detail all spares including working, non-working, and on order.

Response Time

The response timeframe to commence diagnostics and repairs will be as follows:

- **High:** Entire aisle malfunctioning up through a full zone failure – 4 hours.
- **Critical:** A helix/plaza/level sign or entire level or multiple levels malfunctioning – 2 hours.

Response to events use MAA normal working hours, 8AM to 5 PM seven days a week, including holidays.

TO Contractor will perform operational functions of the system such as closing lanes or sections in the software configuration as requested by MAA. APGS software may be updated by Schick-SA from time to time. As these updates are made available, TO Contractor will deploy them in a timely manner.

Spare parts

Current spare part levels are to be documented and evaluated in a Spare Parts Report due 30 days after NTP. The report will recommend sparing levels for all components and the MAA will approve/modify the total of spares for purchase by the TO Contractor. All spares become the property of the MAA. The purchase of spare parts will be a direct pass through including any shipping/handling fees to BWI. Original Schick invoices will be provided to the MAA as supporting documentation for any spare parts billed to the state.

ATTACHMENT 2 – MINORITY BUSINESS ENTERPRISE FORMS
TO CONTRACTOR MINORITY BUSINESS ENTERPRISE REPORTING
REQUIREMENTS

CATS TORFP # J00P7200058

These instructions are meant to accompany the customized reporting forms sent to you by the TO Manager. If, after reading these instructions, you have additional questions or need further clarification, please contact the TO Manager immediately.

1. As the TO Contractor, you have entered into a TO Agreement with the State of Maryland. As such, your company/firm is responsible for successful completion of all deliverables under the contract, including your commitment to making a good faith effort to meet the MBE participation goal(s) established for TORFP. Part of that effort, as outlined in the TORFP, includes submission of monthly reports to the State regarding the previous month's MBE payment activity. Reporting forms D-5 (TO Contractor Paid/Unpaid MBE Invoice Report) and D-6 (Subcontractor Paid/Unpaid MBE Invoice Report) are attached for your use and convenience.
2. The TO Contractor must complete a separate Form D-5 for each MBE subcontractor for each month of the contract and submit one copy to each of the locations indicated at the bottom of the form. The report is due no later than the 15th of the month following the month that is being reported. For example, the report for January's activity is due no later than the 15th of February. With the approval of the TO Manager, the report may be submitted electronically. Note: Reports are required to be submitted each month, regardless of whether there was any MBE payment activity for the reporting month.
3. The TO Contractor is responsible for ensuring that each subcontractor receives a copy (e-copy of and/or hard copy) of Form D-6. The TO Contractor should make sure that the subcontractor receives all the information necessary to complete the form properly, i.e., all of the information located in the upper right corner of the form. It may be wise to customize Form D-6 (upper right corner of the form) for the subcontractor the same as the Form D-5 was customized by the TO Manager for the benefit of the TO Contractor. This will help to minimize any confusion for those who receive and review the reports.
4. It is the responsibility of the TO Contractor to make sure that all subcontractors submit reports no later than the 15th of each month, regardless of whether there was any MBE payment activity for the reporting month. Actual payment data is verified and entered into the State's financial management tracking system from the subcontractor's D-6 report only. Therefore, if the subcontractor(s) do not submit their D-6 payment reports, the TO Contractor cannot and will not be given credit for subcontractor payments, regardless of the TO Contractor's proper submission of Form D-5. The TO Manager will contact the TO Contractor if reports are not received each month from either the prime contractor or any of the identified subcontractors. The TO Contractor must promptly notify the TO Manager if, during the course of the contract, a new MBE subcontractor is utilized. Failure to comply with the MBE contract provisions and reporting requirements may result in sanctions, as provided by COMAR 21.11.03.13.

FORM D – 1

CERTIFIED MBE UTILIZATION AND FAIR SOLICITATION AFFIDAVIT

This document shall be included with the submittal of the Offeror's TO Proposal. If the Offeror fails to submit this form with the TO Proposal, the TO Procurement Officer shall determine that the Offeror's TO Proposal is not reasonably susceptible of being selected for award.

In conjunction with the offer submitted in response to TORFP No. J00P7200058, I affirm the following:

1. I acknowledge the overall certified Minority Business Enterprise (MBE) participation goal of 30 percent. I have made a good faith effort to achieve this goal.

OR

After having made a good faith effort to achieve the MBE participation goal, I conclude that I am unable to achieve it. Instead, I intend to achieve an MBE goal of percent and request a waiver of the remainder of the goal. If I am selected as the apparent TO Agreement awardee, I will submit written waiver documentation that complies with COMAR 21.11.03.11 within 10 business days of receiving notification that our firm is the apparent low bidder or the apparent awardee.

2. I have identified the specific commitment of certified Minority Business Enterprises by completing and submitting an MBE Participation Schedule (Attachment 2 - Form D-2) with the proposal.
3. I acknowledge that the MBE subcontractors/suppliers listed in the MBE Participation Schedule will be used to accomplish the percentage of MBE participation that I intend to achieve.
4. I understand that if I am notified that I am the apparent TO Agreement awardee, I must submit the following documentation within 10 working days of receiving notice of the potential award or from the date of conditional award (per COMAR 21.11.03.10), whichever is earlier.
 - (a) Outreach Efforts Compliance Statement (Attachment D-3)
 - (b) Subcontractor Project Participation Statement (Attachment D-4)
 - (c) MBE Waiver Documentation per COMAR 21.11.03.11 (if applicable)
 - (d) Any other documentation required by the TO Procurement Officer to ascertain offeror's responsibility in connection with the certified MBE participation goal.

If I am the apparent TO Agreement awardee, I acknowledge that if I fail to return each completed document within the required time, the TO Procurement Officer may determine that I am not responsible and therefore not eligible for TO Agreement award. If the TO Agreement has already been awarded, the award is voidable.

5. In the solicitation of subcontract quotations or offers, MBE subcontractors were provided not less than the same information and amount of time to respond as were non-MBE subcontractors.

I solemnly affirm under the penalties of perjury that the contents of this paper are true to the best of my knowledge, information, and belief.

1. Confidential Information means any and all information provided by or made available by the State to the TO Contractor in connection with the TO Agreement, regardless of the form, format, or media on or in which the Confidential Information is provided and regardless of whether any such Confidential Information is marked as such. Confidential Information includes, by way of example only, information that the TO Contractor views, takes notes from, copies (if the State agrees in writing to permit copying), possesses or is otherwise provided access to and use of by the State in relation to the TO Agreement.
2. TO Contractor shall not, without the State’s prior written consent, copy, disclose, publish, release, transfer, disseminate, use, or allow access for any purpose or in any form, any Confidential Information provided by the State except for the sole and exclusive purpose of performing under the TO Agreement. TO Contractor shall limit access to the Confidential Information to the TO Contractor’s Personnel who have a demonstrable need to know such Confidential Information in order to perform under the TO Agreement and who have agreed in writing to be bound by the disclosure and use limitations pertaining to the Confidential Information. The names of the TO Contractor’s Personnel are attached hereto and made a part hereof as Exhibit A. Each individual whose name appears on Exhibit A shall execute a copy of this Agreement and thereby be subject to the terms and conditions of this Agreement to the same extent as the TO Contractor. TO Contractor shall update Exhibit A by adding additional names as needed, from time to time.
3. If the TO Contractor intends to disseminate any portion of the Confidential Information to non-employee agents who are assisting in the TO Contractor’s performance of the TORFP or who will otherwise have a role in performing any aspect of the TORFP, the TO Contractor shall first obtain the written consent of the State to any such dissemination. The State may grant, deny, or condition any such consent, as it may deem appropriate in its sole and absolute subjective discretion.
4. TO Contractor hereby agrees to hold the Confidential Information in trust and in strictest confidence, to adopt or establish operating procedures and physical security measures, and to take all other measures necessary to protect the Confidential Information from inadvertent release or disclosure to unauthorized third parties and to prevent all or any portion of the Confidential Information from falling into the public domain or into the possession of persons not bound to maintain the confidentiality of the Confidential Information.
5. TO Contractor shall promptly advise the State in writing if it learns of any unauthorized use, misappropriation, or disclosure of the Confidential Information by any of the TO Contractor’s Personnel or the TO Contractor’s former Personnel. TO Contractor shall, at its own expense, cooperate with the State in seeking injunctive or other equitable relief against any such person(s).
6. TO Contractor shall, at its own expense, return to the Department, all copies of the Confidential Information in its care, custody, control or possession upon request of the Department or on termination of the TO Agreement.
7. A breach of this Agreement by the TO Contractor or by the TO Contractor’s Personnel shall constitute a breach of the TO Agreement between the TO Contractor and the State.

8. TO Contractor acknowledges that any failure by the TO Contractor or the TO Contractor's Personnel to abide by the terms and conditions of use of the Confidential Information may cause irreparable harm to the State and that monetary damages may be inadequate to compensate the State for such breach. Accordingly, the TO Contractor agrees that the State may obtain an injunction to prevent the disclosure, copying or improper use of the Confidential Information. The TO Contractor consents to personal jurisdiction in the Maryland State Courts. The State's rights and remedies hereunder are cumulative and the State expressly reserves any and all rights, remedies, claims and actions that it may have now or in the future to protect the Confidential Information and/or to seek damages from the TO Contractor and the TO Contractor's Personnel for a failure to comply with the requirements of this Agreement. In the event the State suffers any losses, damages, liabilities, expenses, or costs (including, by way of example only, attorneys' fees and disbursements) that are attributable, in whole or in part to any failure by the TO Contractor or any of the TO Contractor's Personnel to comply with the requirements of this Agreement, the TO Contractor shall hold harmless and indemnify the State from and against any such losses, damages, liabilities, expenses, and/or costs.
9. TO Contractor and each of the TO Contractor's Personnel who receive or have access to any Confidential Information shall execute a copy of an agreement substantially similar to this Agreement and the TO Contractor shall provide originals of such executed Agreements to the State.
10. The parties further agree that:
