# Cameras available on MView

The screenshot displays the MView website interface. At the top, the browser address bar shows the URL <https://mview.md.gov/>. The navigation menu includes "MView", "Map", "Incidents", "Wall", "Account", and "Logout". The main content area features a map of Annapolis, Maryland, with several camera locations marked by blue icons. The map includes labels for neighborhoods like "HOMEWOOD", "MARKET QUAY", "BAY VIEW HEIGHTS", and "EASTPORT", as well as streets such as "Main Street", "Cathedral Street", and "Spa Road". A video player at the bottom shows a live feed from one of the cameras, with a progress bar indicating 00:18 of a 00:00 video. The video player also includes a play/pause button and a volume icon.

# Interoperability

- Talk groups are shared and available on the CMARC interoperability radio templates.
- Small cache (25) of interoperability portable radios with provisions to recall neighboring cache (120)
- UHF VHF and Marine band via Mobile Command Vehicle.

# Conclusion

The City of Annapolis is willing to support and help our area jurisdictions and partners as needed for communications and or logistical support whenever called upon.
