5. Patents, Copyrights, Intellectual Property

5.1. If the Contractor furnishes any design, device, material, process, or other item, which is covered by a patent or copyright or which is proprietary to or a trade secret of another, the Contractor shall obtain the necessary permission or license to permit the State to use such item or items.

5.2. Except as provided in Section 5.4 of this Contract, the Contractor agrees that all documents and materials, including but not limited to, reports, drawings, studies, specifications, estimates, tests, maps, photographs, designs, software, graphics, mechanical, artwork, computations and data prepared by or for the Contractor for purposes of this Contract (Work Product) shall become and remain the sole and exclusive property of the State and shall be available to the Department at any time. The Department shall have the right to use the same without restriction and without compensation to the Contractor other than that specifically provided by this Contract.

"Pre-Existing Intellectual Property" means any program, utility or tool owned by Contractor or its third-party licensors that was created by Contractor or its third-party licensors independently from its performance of this Contract and not solely using funds from this Contract.

5.5. Subject to the terms of Section 6, Contractor shall defend, indemnify, and hold harmless the State, including, but not limited to, the Department and its agents, officers, and employees, from and against any and all claims, costs, losses, damages, liabilities, judgments and expenses (including without limitation reasonable attorneys' fees) arising out of or in connection with any claim the Work Product or any Third-party Intellectual Property infringes, misappropriates or otherwise violates any Third-party Intellectual Property rights. Contractor shall not enter into any settlement involving third party claims that contains any admission of or stipulation to any guilt, fault, liability or wrongdoing by the State or that adversely affects the State's rights or interests, without the State's prior written consent, which consent may be withheld in the State's sole and absolute discretion. Contractor shall be entitled to control the defense or settlement of such claim (with counsel reasonably satisfactory to the State), provided that the State will, upon requesting indemnification hereunder: (a) provide reasonable cooperation to Contractor in connection with the defense or settlement of any such claim, at Contractor's expense; and (b) be entitled to participate in the defense of any such claim. Contractor's obligations under this section will not apply to the extent any Third-party Intellectual Property infringes, misappropriates or otherwise violates any third party intellectual rights as a result of modifications made by the State in violation of the license granted to the State pursuant to section 5.4; provided that such infringement, misappropriation or violation would not have occurred absent such modification.

5.6. Without limiting Contractor's obligations under Section 5.5, if all or any part of the Work Product or any Third Party Intellectual Property is held, or Contractor or the State reasonably determines that it could be held, to infringe, misappropriate or otherwise violate any third party intellectual property right, Contractor (after consultation with the State and at no cost to the State): (a) shall procure for the State the right to continue using the item in accordance with its rights under this Contract; (b) replace the item with an item that does not infringe, misappropriate or otherwise violate any third party intellectual property rights and, in the State's sole and absolute determination, complies with the item's specifications, and all rights of use and/or ownership set forth in this Contract; or (c) modify the item so that it no longer infringes, misappropriates or otherwise violates any third party intellectual property right and, in the State's sole and absolute determination, complies with the item's specifications and all rights of use and/or ownership set forth in this Contract.

5.7. Except for any Pre-Existing Intellectual Property and Third-Party Intellectual Property, Contractor shall not acquire any right, title or interest (including any intellectual property rights subsisting therein) in or to any goods, software, technical information, specifications, drawings, records, documentation, data or any other materials (including any derivative works thereof) provided by the State to the Contractor. Notwithstanding anything to the contrary herein, the

5.8. Contractor, on behalf of itself and its subcontractors, hereby agrees not to incorporate, link, distribute or use any Third-party Intellectual Property in such a way that: (a) creates, purports to create or has the potential to create, obligations with respect to any State software (including any deliverable hereunder), including without limitation the distribution or disclosure of any source code; or (b) grants, purports to grant, or has the potential to grant to any third-party any rights to or immunities under any State intellectual property or proprietary rights. Without limiting the generality of the foregoing, neither Contractor nor any of its subcontractors shall incorporate, link, distribute or use, in conjunction with the Work Product, any code or software licensed under the GNU General Public License ("GPL"), Lesser General Public License ("LGPL"), Affero GPL ("AGPL"), European Community Public License ("ECPL"), Mozilla, or any other open source license, in any manner that could cause or could be interpreted or asserted to cause any State software (or any modifications thereto) to become subject to the terms of the GPL, LGPL, AGPL, ECPL, Mozilla or such other open source software.

5.9. Without limiting the generality of the foregoing, neither Contractor nor any of its subcontractors shall use any software or technology in a manner that will cause any patents, copyrights or other intellectual property which are owned or controlled by the State or any of its affiliates (or for which the State or any of its subcontractors has received license rights) to become subject to any encumbrance or terms and conditions of any third-party or open source license (including, without limitation, any open source license listed on <http://www.opensource.org/licenses/alphabetical>) (each an "Open Source License"). These restrictions, limitations, exclusions and conditions shall apply even if the State or any of its subcontractors becomes aware of or fails to act in a manner to address any violation or failure to comply therewith. No act by the State or any of its subcontractors that is undertaken under this Contract as to any software or technology shall be construed as intending to cause any patents, copyrights or other intellectual property that are owned or controlled by the State (or for which the State has received license rights) to become subject to any encumbrance or terms and conditions of any Open Source License.

5.10. The Contractor shall report to the Department, promptly and in written detail, each notice or claim of copyright infringement received by the Contractor with respect to all Work Product delivered under this Contract.

6. Indemnification

6.1. Contractor shall indemnify, defend, and hold the State, its directors, officers, employees and agents harmless from third-party liability for tangible property damage, bodily injury and death, and for fraud or willful misconduct of Contractor, including all related defense costs and expenses (including reasonable attorneys' fees and costs of investigation, litigation, settlement, judgments, interest and penalties) arising from or relating to the performance of the Contractor or its subcontractors under this Contract.

6.2. The State has no obligation to provide legal counsel or defense to the Contractor or its subcontractors in the event that a suit, claim or action of any character is brought by any person not party to this Contract against the Contractor or its subcontractors as a result of or relating to the Contractor's obligations under this Contract.

6.3. The State has no obligation for the payment of any judgments or the settlement of any claims against the Contractor or its subcontractors as a result of or relating to the Contractor's obligations under this Contract.

6.4. The Contractor shall immediately notify the Procurement Officer of any claim or suit made or filed against the Contractor or its subcontractors regarding any matter resulting from or relating to the Contractor's obligations under the Contract, and will cooperate, assist, and consult with the State in the defense or investigation of any claim, suit, or action made or filed against the State as a result of or relating to the Contractor's performance under this Contract.

~~6.5. Section 6 shall survive expiration of this Contract.~~

7. Limitation of Liability

For breach of this Contract, negligence, misrepresentation or any other contract or tort claim, Contractor shall be liable as follows:

7.1 For infringement of patents, trademarks, trade secrets and copyrights as provided in Section 5 ("Patents, Copyrights, Intellectual Property") of this Contract;

7.2 Without limitation for damages for bodily injury (including death) and damage to real property and tangible personal property;

7.3 For all other claims, damages, loss, costs, expenses, suits or actions in any way related to this Contract, regardless of the form, Contractor's liability per claim shall not exceed five (5) times the total amount of the Contract; provided however, the State may, in its sole discretion, decrease the ceiling established hereunder in any Contract. Third party claims arising under Section 6 ("Indemnification") of this Contract are included in this limitation of liability only if the State is immune from liability. Contractor's liability for third party claims arising under Section 6 of this Contract shall be unlimited if the State is not immune from liability for claims arising under Section 6.

8. Prompt Pay Requirements

Prompt pay does not apply to this Contract.

9. Risk of Loss; Transfer of Title

10. Source Code Escrow

Source code escrow does not apply to this Contract.

11. Loss of Data

In the event of loss of any State data or records where such loss is due to the intentional act, omission, or negligence of the Contractor or any of its subcontractors or agents, the Contractor shall be responsible for recreating such lost data in the manner and on the schedule set by the Contract Manager. The Contractor shall ensure that all data is backed up and is recoverable by the Contractor. In accordance with prevailing federal or state law or regulations, the Contractor shall report the loss of non-public data as directed in Section 16.17.

12. Markings

The Contractor shall not affix (or permit any third party to affix), without the Department's consent, any restrictive markings upon any Work Product and if such markings are affixed, the Department shall have the right at any time to modify, remove, obliterate, or ignore such warnings.

13. Exclusive Use and Ownership

Contractor shall not use, sell, sub-lease, assign, give, or otherwise transfer to any third party any other information or material provided to Contractor by the Department or developed by Contractor relating to the Contract, except that Contractor may provide said information to any of its officers, employees and subcontractors who Contractor requires to have said information for fulfillment of Contractor's obligations hereunder. Each officer, employee and/or subcontractor to whom any of the Department's confidential information is to be disclosed shall be advised by Contractor of and bound by the confidentiality and intellectual property terms of this Contract.

14. Confidentiality

Subject to the Maryland Public Information Act and any other applicable laws, all confidential or proprietary information and documentation relating to either party (including without limitation, any information or data stored within the Contractor's computer systems) shall be held in absolute confidence by the other party. Each party shall, however, be permitted to disclose relevant confidential information to its officers, agents and employees to the extent that such disclosure is necessary for the performance of their duties under this Contract, provided the data may be collected, used, disclosed, stored and disseminated only as provided by and consistent with the law. The provisions of this section shall not apply to information that (a) is lawfully in the public domain; (b) has been independently developed by the other party without violation of this Contract; (c) was already in the possession of such party; (d) was supplied to such party by a third party lawfully in possession thereof and legally permitted to further disclose the information; or (e) which such party is required to disclose by law.

15. Parent Company Guarantee (If Applicable)

[Corporate name of Parent Company] hereby guarantees absolutely the full, prompt and complete performance by "[Contractor]" of all the terms, conditions and obligations contained in this Contract, as it may be amended from time to time, including any and all exhibits that are now or may become incorporated hereunto, and other obligations of every nature and kind that now or may in the future arise out of or in connection with this Contract, including any and all financial commitments, obligations and liabilities. "[Corporate name of Parent Company]" may not transfer this absolute guaranty to any other person or entity without the prior express written approval of the State, which approval the State may grant, withhold, or qualify in its sole and absolute subjective discretion. "[Corporate name of Parent Company]" further agrees that if the State brings any claim, action, suit or proceeding against "[Contractor]", "[Corporate name of Parent Company]" may be named as a party, in its capacity as Absolute Guarantor.

16. General Terms and Conditions

Unless otherwise noted, the General Terms and Conditions are mandatory Contract Terms and cannot and will not be revised.

16.1. Pre-Existing Regulations

In accordance with the provisions of Section 11-206 of the State Finance and Procurement Article, Annotated Code of Maryland, the regulations set forth in Title 21 of the Code of Maryland Regulations (COMAR 21) in effect on the date of execution of this Contract are applicable to this Contract.

16.2. Maryland Law Prevails

This Contract shall be construed, interpreted, and enforced according to the laws of the State of Maryland. The Maryland Uniform Computer Information Transactions Act, Md. Code Ann., Com. Law § 22-101, *et seq.*, does not apply to this Contract, the Software, or any software license acquired hereunder. Any and all references to the Annotated Code of Maryland contained in this Contract shall be construed to refer to such Code sections as from time to time amended.

16.3. Multi-year Contracts contingent upon Appropriations

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State's rights or the Contractor's rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State of Maryland from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the

Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

16.4. Cost and Price Certification

The Contractor, by submitting cost or price information certifies that, to the best of its knowledge, the information submitted is accurate, complete, and current as of a mutually determined specified date prior to the conclusion of any price discussions or negotiations for:

- (1) A negotiated contract, if the total contract price is expected to exceed \$100,000, or a smaller amount set by the Procurement Officer; or
- (2) A change order or contract modification, expected to exceed \$100,000, or a smaller amount set by the Procurement Officer.

The price under this Contract and any change order or modification hereunder, including profit or fee, ~~shall be adjusted to exclude any significant price increases occurring because the~~ Contractor furnished cost or price information which, as of the date agreed upon between the parties, was inaccurate, incomplete, or not current.

16.5. Contract Modifications

The Procurement Officer may, at any time, by written order, make changes in the work within the general scope of the Contract. No other order, statement or conduct of the Procurement Officer or any other person shall be treated as a change or entitle the Contractor to an equitable adjustment under this section. Except as otherwise provided in this Contract, if any change under this section causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work, an equitable adjustment in the Contract price shall be made and the Contract modified in writing accordingly. Pursuant to COMAR 21.10.04, the Contractor must assert in writing its right to an adjustment under this section and shall include a written statement setting forth the nature and cost of such claim. No claim by the Contractor shall be allowed if asserted after final payment under this Contract. Failure to agree to an adjustment under this section shall be a dispute under Section 16.8, Disputes. Nothing in this section shall excuse the Contractor from proceeding with the Contract as changed.

16.6. Termination for Default

If the Contractor fails to fulfill its obligations under this Contract properly and on time, or otherwise violates any provision of the Contract, the State may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. All finished or unfinished work provided by the Contractor shall, at the State's option, become the State's property. The State of Maryland shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the State can affirmatively collect damages. Termination hereunder, including the termination of

the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.11B.

16.7. Termination for Convenience

The performance of work under this Contract may be terminated by the State in accordance with this clause in whole, or from time to time in part, whenever the State shall determine that such termination is in the best interest of the State. The State will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination, and all reasonable costs associated with termination of the Contract. However, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.12A(2).

16.8. Disputes

This Contract shall be subject to the provisions of Title 15, Subtitle 2, of the State Finance and Procurement Article of the Annotated Code of Maryland, as from time to time amended, and COMAR 21.10 (Administrative and Civil Remedies). Pending resolution of a claim, the Contractor shall proceed diligently with the performance of the Contract in accordance with the Procurement Officer's decision. Unless a lesser period is provided by applicable statute, regulation, or the Contract, the Contractor must file a written notice of claim with the Procurement Officer within 30 days after the basis for the claim is known or should have been known, whichever is earlier. Contemporaneously with or within 30 days of the filing of a notice of claim, but no later than the date of final payment under the Contract, the Contractor must submit to the Procurement Officer its written claim containing the information specified in COMAR 21.10.04.02.

16.9. Living Wage

If a Contractor subject to the Living Wage law fails to submit all records required under COMAR 21.11.10.05 to the Commissioner of Labor and Industry at the Department of Labor, Licensing and Regulation, the Department may withhold payment of any invoice or retainage. The Department may require certification from the Commissioner on a quarterly basis that such records were properly submitted.

16.10. Non-Hiring of Officials and Employees

No official or employee of the State of Maryland, as defined under Md. Code Ann., Gen. Prov. § 5-101, whose duties as such official or employee include matters relating to or affecting the subject matter of this Contract, shall during the pendency and term of this Contract and while serving as an official or employee of the State become or be an employee of the Contractor or any entity that is a subcontractor on this Contract.

16.11. Nondiscrimination in Employment

The Contractor agrees: (a) not to discriminate in any manner against an employee or applicant for employment because of race, color, religion, creed, age, sex, marital status, national origin,

ancestry, or disability of a qualified person with a disability, sexual orientation, or any otherwise unlawful use of characteristics; (b) to include a provision similar to that contained in subsection (a), above, in any underlying subcontract except a subcontract for standard commercial supplies or raw materials; and (c) to post and to cause subcontractors to post in conspicuous places available to employees and applicants for employment, notices setting forth the substance of this clause.

16.12. Commercial Non-Discrimination

16.12.1. As a condition of entering into this Agreement, Contractor represents and warrants that it will comply with the State's Commercial Nondiscrimination Policy, as described under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland. As part of such compliance, Contractor may not discriminate on the basis of race, color, religion, ancestry, national origin, sex, age, marital status, sexual orientation, disability, or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall Contractor retaliate against any person for reporting instances of such discrimination. Contractor shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that this clause does not prohibit or limit lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the marketplace. Contractor understands that a material violation of this clause shall be considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of Contractor from participating in State contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

16.12.2. As a condition of entering into this Agreement, upon the request of the Commission on Civil Rights, and only after the filing of a complaint against Contractor under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, as amended from time to time, Contractor agrees to provide within 60 days after the request a complete list of the names of all subcontractors, vendors, and suppliers that Contractor has used in the past four (4) years on any of its contracts that were undertaken within the State of Maryland, including the total dollar amount paid by Contractor on each subcontract or supply contract. Contractor further agrees to cooperate in any investigation conducted by the State pursuant to the State's Commercial Nondiscrimination Policy as set forth under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, and to provide any documents relevant to any investigation that are requested by the State. Contractor understands that violation of this clause is a material breach of this Agreement and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions.

16.13. Subcontracting and Assignment

The Contractor may not subcontract any portion of the services provided under this Contract without obtaining the prior written approval of the Procurement Officer, nor may the Contractor

assign this Contract or any of its rights or obligations hereunder, without the prior written approval of the State, each at the State's sole and absolute discretion. Any such subcontract or assignment shall include the terms of this Contract and any other terms and conditions that the State deems necessary to protect its interests. The State shall not be responsible for the fulfillment of the Contractor's obligations to any subcontractors.

16.14. Minority Business Enterprise Participation

There is no Minority Business Enterprise subcontractor participation goal for this Contract.

16.15. Insurance Requirements
