Section 3 – Scope of Work				
Background				
Dackground				

In 2006, the State completed a Systems and Application Risk Assessment to identify and quantify operational and service delivery risks associated with the current inventory of mission critical enterprise applications. The findings indicated an unacceptable risk level with the 30 year old legacy personnel management system due to its underlying

Request for Resume (RFR) CATS II Master Contract

architecture, age and costly maintenance challenges. Due to this outdated and inflexible personnel system used to manage HR processes, the OPSB is at a disadvantage in meeting business objectives. It is anticipated that the new HR system will be a major improvement for Maryland state government by providing an integrated human resource information system that is scalable, maintainable, and upgradeable in order to serve the state for years to come.

Pursuant to replacing the legacy HR systems with a new integrated enterprise resource system [ERP], the State selected Oracle/PeopleSoft Enterprise 9.1 Human Capital Management [HCM] software as the Commercial Off the Shelf [COTS] solution and JobAps Software as a Service (SaaS) and the Recruitment solution. The State plans to use its standard features by configuration as much as possible, and minimize customization of the COTS solution.

To date the State has performed substantial "as is" and "to be" state business process reengineering [BPR] requirements gathering in preparation for Gap/Fit Analysis and the new system design phase. Required Tasks, estimate resources, and time to complete tasks have been allocated in a Work Breakdown Structure [WBS] and Schedule. A draft cost Budget for Estimate at Completion [EAC] has been assembled based on the WBS and Schedule with current implementation strategy.

To assist the project from this point to completion, the Department of Budget and Management (DBM) in Baltimore is seeking a **Senior Lead Change Management Consultant(s)** to take on key role in a Statewide implementation of Oracle PeopleSoft HCM and JobAps SaaS implementation.

Given the sensitivity of data associated with this project, the TO Contractor personnel assigned to this project must comply with the requirements of CATS II RFP Section 2.4.3.2 and sign a non-disclosure affidavit as provided as Attachment 7 and Attachment 8.

Please note that the Master Contractor awarded this TO Agreement may NOT submit proposal(s) in response to any subsequent Statewide Personnel System solicitation(s) associated with the acquisition or implementation of the planned HR system.

Job Description/s				
Duties / Responsibilities				
This person will focus on preparing, leading and facilitating the				
States personnel through all changes necessary for the successful				
adoption of the new HR System implementation: including changes				
to business processes, systems and technology, job roles, cultural				
issues and organization structures. The primary focus will be				
creating and implementing change management plans that minimize				
employee resistance and maximize employee engagement.				
The CMC will work to drive rapid adoption, maximize utilization and				
higher proficiency on the changes impacting employees in the				
organization such that business results are achieved.				
The CMC will be responsible for developing a Change				
Management/Communication Strategy to facilitate the State's new				
HRIS implementation and business process improvement efforts				
pursuant to the goals and objectives of the Project Charter. The				
CMC will apply through their knowledge and experience industry				
"Best Practices" for legacy system migration to new PeopleSoft				
HCM.				
Typical responsibilities will include: providing change management				
expertise and guidance on appropriate content and timing of				

Request for Resume (RFR) CATS II Master Contract

change management deliverables; analyzing the magnitude of
change and diagnosing organization change readiness; assessing
and ensuring leadership alignment by conducting diagnostics, action
planning, and ensuring ongoing engagement; consulting with senior
management on Organizational Change Management (OCM)
strategies and tactics and ensuring alignment with other
projects/initiatives; leading, managing, and coordinating cross-
functional OCM implementation teams, including internal resources,
external OCM consultants/facilitators, and other service providers;
developing and managing OCM plans, including risk management,
reinforcement strategies, budget, scope, metrics, and schedule;
identifying and developing stakeholder engagement plans that
minimize resistance towards change initiatives and promote
desirable employee behaviors; partnering with other organizations
to facilitate necessary strategies and implementation plans for
training, communications, and organizational alignment; and other
duties and responsibilities as assigned.

Minimum Qualifications				
Position Title/s or Service Type/s (From Section 1 Above)	Required Experience/Knowledge/Skill			
Senior Change Management Consultant	Minimum Qualifications:			
CATSII Labor Category: Senior Subject Matter Expert	Education: Bachelor's Degree from an accredited college or university in the specific discipline required by the State. A Master's Degree or Ph.D. Degree is preferred. General Experience: At least twelve (12) years of relevant industry experience in the discipline is required. Specialized Experience: At least ten (10) years of combined new and related older technical experience in the IT field directly related to the required			
	area of expertise. Preferred Qualifications:			
	Education: Master's degree in Organizational Development, Organizational Behavior, Industrial/Organizational Psychology, Business Administration or related field or an equivalent combination of formal education, training, and experience. Experience: At least 8 to 10 years of experience as lead Change Management Consultant in a major ERP implementation; must have experience implementing PeopleSoft HCM to replace legacy HR systems. - Demonstrated hands-on experience consulting with multiple clients on projects, including independently identifying client needs and expectations, creating contracts with clients to identify deliverables, timeline, scope, and resources, and monitoring and reporting project status - Demonstrated experience working with Organizational Change Management tools and techniques, including conducting assessments aimed at identifying change readiness, change impact, needs, and risks, as well as stakeholder engagement and management techniques (e.g., 8-step change process). Demonstrated knowledge of process improvement tools, techniques, and approaches. - Must have excellent oral and written communication skills, and be customer focused, to appropriately identify and respond to client's business needs, facilitate the presentation of recommendations, effectively present complex			

Request for Resume (RFR) CATS II Master Contract

and/or technical information to a wide audience, and guide discussions toward the attainment of mutually acceptable goals and outcomes.

- Demonstrated experience analyzing information, making strategic change management decisions, developing sound recommendations, and guiding others' decision making associated with change management, including the potential benefits, consequences, and impact.
- Demonstrated experience interfacing and collaborating with clients, peers, project personnel, and all levels of management to develop solutions and ensure stakeholder buy-in.
- Demonstrated proficiency with PC applications, including Microsoft Word, Excel, and PowerPoint as well as Project; experience creating communications, training programs, and knowledge management materials.
- Must demonstrate the ability to integrate work across relevant areas, develop the business and services to enhance customer satisfaction and productivity, manage risks and safety appropriately, develop and execute business plans, manage information, and provide exceptional service to internal and external customers.
- Must demonstrate effective results delivery and team building
- Must demonstrate strong ethics, influence and negotiation, leadership, interpersonal skills, and the ability to effectively manage stress

Section 4 - Required Submissions

NOTE:

- Master Contractors electing <u>not</u> to propose in response to the RFR must submit a "CATS II Master Contractor Feedback Form" located under "Master Contractor Login" on the CATS II web site.
- Master Contractors proposing in response to the RFR must submit the following documents:
 - Resume for each position / service type described in the RFR (Attachment 1)
 - o Price Proposal (Attachment 2 or 2A)
 - Conflict of Interest Affidavit (Attachment G in the CATS II RFP)
 - Living Wage Affidavit (Attachment I in the CATS II RFP)

Section 5 - Evaluation Criteria -

(Provide a list of evaluation criteria in descending order of importance)

- personnel's qualifications and experience performing the duties as specified in Section 2
- understanding of the work to be accomplished

Basis for Award Recommendation

RFRs will be awarded in accordance with the competitive Sealed Proposals process under COMAR 21.05.03. The agency POC will recommend award to the Master Contractor whose proposal is determined to be the most advantageous to the State, considering price and the evaluation factors set forth in the RFR. The agency POC will initiate and deliver a RFR Agreement to the selected Master Contractor. **Master Contractors should be aware that if selected, State law regarding conflict of interest may prevent future participation in procurements related to the RFR Scope of Work, depending upon specific circumstances.**
