Agency POC Mailing Address:	Maryland State Department of Education 200 West Baltimore Street Baltimore, MD 21201		

Request for Resume (RFR) CATS II Master Contract

Background

Maryland State Department of Education (MSDE) has assumed a progressive stance in the collection, validation and reporting of education accountability data. The state established its first Educational Data Warehouse (EDW) in 1999 and today strives to achieve the ten essential elements and fundamentals for PreK-12 longitudinal data systems established by the Data Quality Campaign, see www.dataqualitycampaign.org for additional information on the ten essential requirements.

With the increase in reporting requirements for Federal, and State longitudinal student data, MSDE is increasing the kinds of student and educator data collected and analyzed. To help MSDE achieve this aim, The Division of Accountability, Assessment and Data Systems (DAADS) is modernizing and enhancing its; (1) Educational Data Warehouse (EDW), data management systems, and (2) associated data collection systems. As a result of a multitude of new projects within DAADS there is an increased need for additional specialized data modelers with ETL Informatica skills to create and maintain database data and data structures using Erwin ERDs, dimensional models, OLPA models, and data dictionaries.

The objective of this Request for Resume (RFR) is to acquire the short-term services of **TWO (2) Systems Design Engineer for data modeling and Informatica ETL Expert** to develop and maintain data structures and data in DAA existing Educational Data Warehouse, Edfacts reporting database, the Educational Data Operational Store, and other DAADS relational and data mart database data structures and sets.

Job Description/s

Position Title/s or Service Type/s (From Section 1 Above)	Duties / Responsibilities
65. Systems Design Engineer – Education Data Warehouse Data Modeler and Informatica ETL Expert	<ol style="list-style-type: none"> 1. Analyze complex K12 education accountability and performance reporting and data storage requirements with end users and OBIEE developers, 2. Prepare data models that support the creation of K12 data structures, KPI development, and dashboard development in Oracle 11g using ERWIN. 3. Create data structures for relational, star schemas, and data marts schemas using ERWIN. 4. Prepare and execute Informatica ELT programs to maintain and transform existing and new data sets in an Oracle 11g environment.
