**STATE BOARD OF ELECTIONS (SBE)
SOLICITATION NUMBER D38B940001**

**MARYLAND CAMPAIGN REPORTING INFORMATION
SYSTEM (MD CRIS) WEB-BASED APPLICATION SOFTWARE:
OPERATIONS AND MAINTENANCE SUPPORT**

**ISSUE DATE: NOVEMBER 8, 2018
NOTICE TO OFFERORS
SMALL BUSINESS RESERVE ONLY**

STATE BOARD OF ELECTIONS (SBE)
KEY INFORMATION SUMMARY SHEET

Solicitation Title:	Maryland Campaign Reporting Information System (MD CRIS) Web-Based Application Software: Operations and Maintenance Support
Solicitation Number (TORFP#):	D38B9400001
Functional Area:	Functional Area 2 - Web and Internet Systems
TORFP Issue Date:	November 8, 2018
TORFP Issuing Office:	State Board of Elections (SBE or the "Agency")
Agency Location:	State Board of Elections 151 West Street, Suite 200 Annapolis, MD 21401
TO Procurement Officer: e-mail: Office Phone:	Whitney LeRoux State Board of Elections 151 West Street, Suite 200 Annapolis, MD 21401 Whitney.Leroux@maryland.gov 410-269-2863
TO Manager: e-mail: Office Phone:	Jared DeMarinis State Board of Elections 151 West Street, Suite 200 Annapolis, MD 21401 Jared.Demarinis@maryland.gov 410-269-2853
TO Proposals are to be sent to:	Whitney LeRoux, Procurement Officer Whitney.Leroux@maryland.gov
TO Pre-proposal Conference:	November 16, 2018 Local Time, State Board of Elections, 151 West St. Suite 200, Annapolis, MD 21401. See Attachment A for directions and instructions.
TO Proposals Due (Closing) Date and Time:	December 12, 2018 at 2:00 pm Local Time Offerors are reminded that a completed Feedback Form is requested if a no-bid decision is made (see Section 5).
MBE Subcontracting Goal:	0%
VSBE Subcontracting Goal:	0%
Task Order Type:	Fixed Price

Task Order Duration:	Base Period is approximately two (2) years and 31 days commencing on the date of the Notice to Proceed (NTP), which is estimated to be March 1, 2019 with two (2) two-year option periods.
Primary Place of Performance:	State Board of Elections 151 West Street, Suite 200 Annapolis, MD 21401
SBR Designation:	Yes
Federal Funding:	No
Questions Due Date and Time	December 5, 2018 at 4:00 pm Local Time

TABLE OF CONTENTS – TORFP

Roles and Responsibilities vii

1 Minimum Qualifications 8

1.1 Offeror Personnel Minimum Qualifications 8

2 TO Contractor Requirements: Scope of Work..... 9

2.1 Summary Statement..... 9

2.2 Background and Purpose 9

Appendix 4. Labor Classification Personnel Resume Summary 101

Roles and Responsibilities

Personnel roles and responsibilities under the Task Order:

- A. **TO Procurement Officer** – The TO Procurement Officer has the primary responsibility for the management of the TORFP process, for the resolution of TO Agreement scope issues, and for authorizing any changes to the TO Agreement.
- B. **TO Manager** – The TO Manager has the primary responsibility for the management of the work performed under the TO Agreement, administrative functions, including issuing written directions, and for ensuring compliance with the terms and conditions of the CATS+ Master Contract.

The TO Manager will assign tasks to the personnel provided under this TORFP and will track and monitor the work being performed through the monthly accounting of hours' deliverable for work types; actual work produced will be reconciled with the hours reported.

- C. **TO Assistant Manager** – The TO Assistant Manager has the primary responsibility for the management of testing work performed under the TO Agreement, assisting the TO Manager with administrative functions, including issuing written directions, and for ensuring compliance with the terms and conditions of the CATS+ Master Contract.

The TO Assistant Manager will assign tasks to the personnel provided under this TORFP after approval from the TO Manager and will monitor the work being performed to the specifications required.

- D. **TO Contractor** – The TO Contractor is the CATS+ Master Contractor awarded this Task Order. The TO Contractor shall provide human resources as necessary to perform the services described in this TORFP Scope of Work.
- E. **TO Contractor Manager** – The TO Contractor Manager will serve as primary point of contact with the TO Manager to regularly discuss progress of tasks, upcoming tasking, historical performance, and resolution of any issues that may arise pertaining to the TO Contractor Personnel. The TO Contractor Manager will serve as liaison between the TO Manager and the senior TO Contractor management.
- F. **TO Contractor Personnel** – Any official, employee, agent, Subcontractor, or Subcontractor agents of the TO Contractor who is involved with the Task Order over the course of the Task Order period of performance.
- G. **TO Technical Project Manager** – The TO Technical Project Manager has the primary responsibility for coordinating security updates and information regarding security vulnerabilities and if the system hosting meets State technical requirements, including issuing written directions, and for ensuring compliance.

1 Minimum Qualifications

1.1 Offeror Personnel Minimum Qualifications

Offeror Personnel shall meet all minimum qualification criteria for the labor categories listed below (1.1.1 – 1.1.4) to be eligible for consideration in the evaluation of this TORFP. The labor category descriptions and minimum qualifications are described in **CATS + RFP Section 2.10**

(<http://doit.maryland.gov/contracts/Documents/CATSPPlus2016/060B2490023-2016CATSPPlus2016RFP.pdf>) and subsequent Amendment #4 & Amendment – Section 2.10 update (http://doit.maryland.gov/contracts/Documents/CATSPPlus2016/060B2490023-2016_Section2.10_Amendment.pdf).

Proposed Personnel experience starting dates and ending dates must be clearly identified for each applicable minimum requirement.

- 1.1.1 **Business Process Consultant (Senior)**
- 1.1.2 **Application Developer, Advanced Technology (Senior)**
- 1.1.3 **Database Management Specialist (Senior)**
- 1.1.4 **System Security Specialist (Part-time)**

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

2 TO Contractor Requirements: Scope of Work

2.1 Summary Statement

- 2.1.1** The State Board of Elections (SBE or the "Agency") is issuing this CATS+ TORFP in order to obtain: (1) browser-based application maintenance and development; (2) business process support and documentation; (3) database management for the Maryland Campaign Reporting Information System (MD CRIS); (4) cybersecurity support to audit the application software and for web security; and, (5) incident reporting and support for the MD CRIS application. MD CRIS is a campaign committee information and finance reporting system with a sub-module for business contributions to elections campaigns (BCDS). For the purposes of this TORFP, "MD CRIS" shall refer to both applications.
- 2.1.2** The application supports local and state elections for Maryland, and the application must function in a known hostile environment to ensure Denial of Service (DOS) or Distributed Denial of Service (DDoS) attacks are blocked and there is no breach of personal identifying information (PII).
- The TO Contractor awarded this task order D38B9400001 shall be referred to in this solicitation as the "Application (AP) TO Contractor" or "TO Contractor."
- 2.1.3** SBE has also issued a separate TORFP to provide data center web hosting and security monitoring for MD CRIS. The TO Contractor awarded the data center web hosting and security monitoring TORFP shall be referred to as the "Data Center (DC) TO Contractor."
- It is not required for the AP TO Contractor and DC TO Contractor to be different Master Contractors.
- 2.1.4** SBE intends to award this Task Order to one (1) Master Contractor that proposes a team of resources that can best satisfy the Task Order requirements.
- 2.1.5** Master Contractors are advised that, if a solicitation or other competitive award is initiated as a result of activity or recommendations arising from this Task Order, the Offeror awarded this Task Order may not be eligible to compete if such activity constitutes assisting in the drafting of specifications, requirement, or design thereof.

2.2 Background and Purpose

The State Administrator of Elections is the Chief Election Official for Maryland. In this capacity, the Administrator is responsible for fulfilling the requirements of Section 13-324 of the Election Law Article of the *Annotated Code of Maryland*. This provision requires that campaign finance reports be submitted to SBE in an electronic storage medium, in a format that SBE approves, and be widely and easily accessible to the public.

To meet these requirements, SBE has used the current Maryland Campaign Reporting Information System (MD CRIS) since 2011. Using this system, SBE staff enter and track committee information, including committees' filing requirements, officers, and reporting history; send notices to filers and other State agencies; and create reports and letters. MD CRIS has a searchable, publicly accessible online campaign finance database.

Within MD CRIS, there is also a separate module called the Business Contribution Disclosure System (BCDS). Title 14 of the Election Law Article requires that a person doing business with the State, any one or more counties, incorporated municipalities, or other political subdivisions of the State, or with any

one or more agencies of the State or a political subdivision involving aggregate consideration of \$200,000 or more, file a contribution disclosure statement with the State Board of Elections. Additionally, pursuant to Section 5-716 of the General Provision Article, a person who employs a State lobbyist and makes applicable contributions must file a contribution disclosure statement. To satisfy this requirement, the BCDS module allows users to electronically file business contribution disclosures to SBE.

2.2.1 Project Goals

- A. As specified in their proposal, the Contractor shall engineer and administer MD CRIS in a secure environment and utilize required project policies, guidelines, and methodologies as defined in Section 2.3 of this TORFP.
- B. The Contractor shall perform all work defined in this TORFP in accordance with the State's System Development Life Cycle (SDLC) methodology and other policies described in Section 2.3.11 of this TORFP.
- C. The approach of the project, as defined in this TORFP, is to:
 - 1) Transition, maintain, and develop the application software for MD CRIS;
 - 2) Transition the MD CRIS database and provide database management;
 - 3) Establish cyber-secure environments for: (1) all data; (2) all phases of application maintenance, development, migration, and operation; and (3) database operations;
 - 4) Provide incident reporting to track and resolve issues that arise; and
 - 5) Provide status reporting and coordinate project activities with SBE personnel.

2.2.2 Current Environment

NOTE: Sections 2.2.2 – 2.2.6 describe the current environment as it exists now. The environment will change with the new Master Contractor.

- A. In June 2011, the State of Maryland awarded a Contract to procure, support and maintain a customized Commercial Off-the-Shelf (COTS) browser-based campaign finance reporting and management system (MD CRIS), which is a Microsoft-based solution.
- B. From 2011 to present, the Contractor has provided application services and secure hosting, including: (1) project management; (2) a total system solution, involving data center hardware, application software, and data communications capability; (3) data conversion; (4) data system coordination with internal SBE systems and other agencies; (5) ongoing system operations and maintenance; (6) help desk support; and (7) hosting and security support.
- C. The current contractor hosts and supports MD CRIS on a physical and virtualized environment.
- D. Administered by SBE, MD CRIS is a streamlined system that utilizes a browser-based solution to provide: (1) 24/7 access to SBE and authorized users from political committees, and, (2) public access to campaign finance data.
- E. MD CRIS serves the following key functions online:
 - 1) Political Committee Filing Processes
 - a) Registering and Managing Committee Filing
 - b) Filing Campaign Finance Reports

- c) Collecting Campaign Finance Data
 - 2) Agency (SBE) Processes
 - a) Producing Reports
 - b) Managing Filer Accounts
 - c) Issuing Correspondence with Filers
 - d) Updating and Modifying Configuration Settings
 - e) Conducting Audits and Enforcing Policies
 - 3) On-line Search Process
 - a) Maintaining the Campaign Finance Database/Reporting
 - 4) Business Process
 - a) Collecting and Storing Business Contribution Disclosures
- F. Interfaces with Other Agency Systems
 - 1) MD CRIS interfaces via SMTP with SBE's Google email system to send reports and communications to external users of the system (i.e., filers).
 - 2) MD CRIS receives data from the statewide voter registration, candidacy, and election management system (MDVOTERS) to confirm the voter registration and districts of candidates and committee officials.
- G. The current hosting method employs a software load balancer with two Webservers hosted in the DMZ zone.
 - 1) Specific ports are opened at the firewall for the load balancer's IP address.
 - 2) The primary web server is configured with a file synchronization tool. It synchronizes files between the two servers to ensure that both servers have the same data at all times.
 - 3) If the primary web server is down, user requests go to the secondary web server and the files are updated in the secondary server. Once the primary server is up, the synchronization tool updates the primary server.
 - 4) If the secondary web server is down, user requests go to the primary server and the files are updated in the primary server. Once the secondary server is up, the synchronization tool updates the secondary server.
 - 5) Both web servers are configured with the Carbonite cloud backup tool. This tool syncs to the cloud backup an updated file in the solution folder.
- H. Diagrams of the hosting and cloud backup architecture for MD CRIS and BCDS can be found below in Figure 1 and Figure 2, respectively.

Figure 1: MD CRIS Hosting with Cloud Backup Architecture

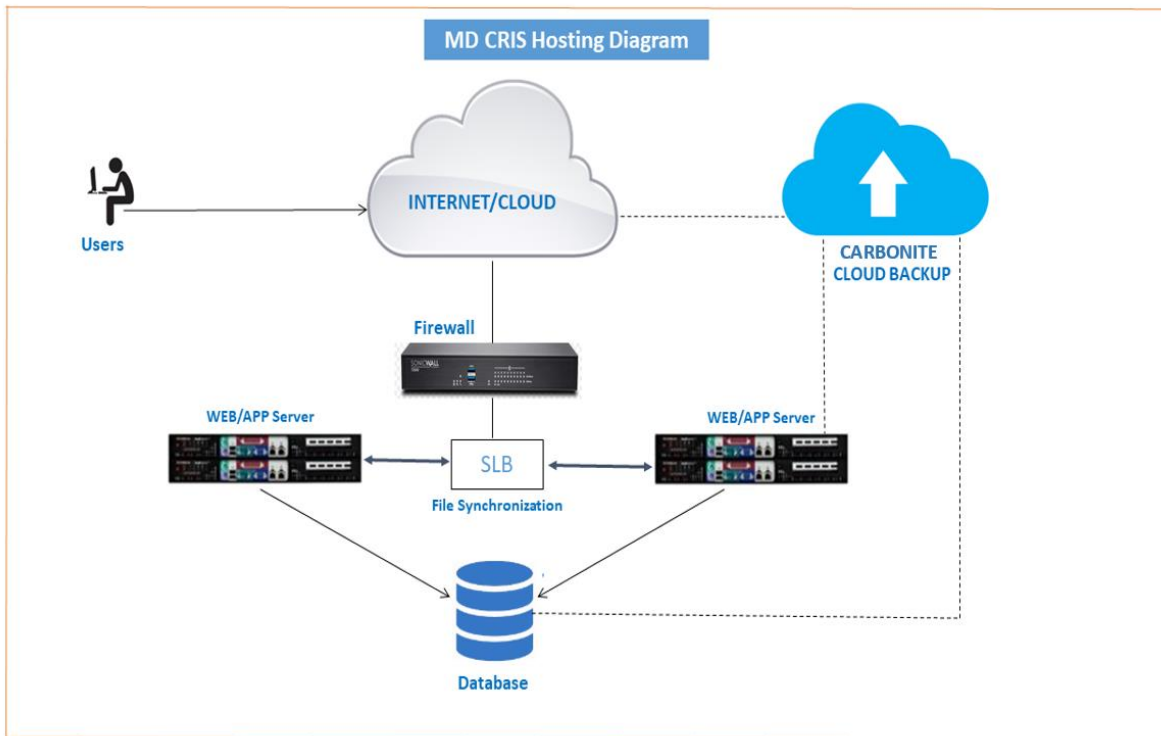

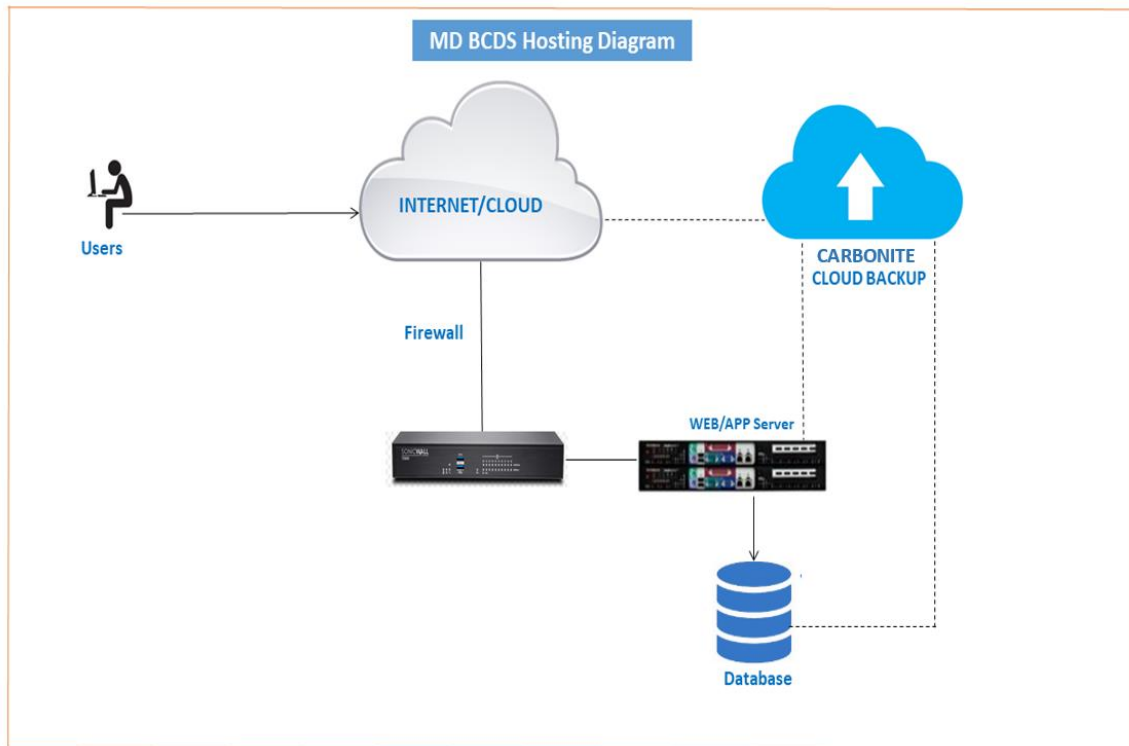

Figure 2: MD BCDS Hosting with Cloud Backup Architecture

2.2.3 Existing Hardware

A. Web Server1: MD CRIS

Server Type: Physical Server

Operating System: Windows Server 2012 R2 Standard Edition

File Synchronization Tool: Super Flexible File Synchronizer

Hardware Configuration:

Server Make and Model: Dell PowerEdge R410

Processor: Intel(R) Xeon(R) CPU E5620 @ 2.40GHz (2 Processors)

Processors Cores: 16

RAM: 32 GB

Storage: 1.5 TB

RAID Configuration: RAID5

B. Web Server2: MD CRIS

Server Type: Physical Server

Operating System: Windows Server 2012 R2 Standard Edition

Hardware Configuration:

Server Make and Model: Dell PowerEdge R410

Processor: Intel(R) Xeon(R) CPU E5620 @ 2.40GHz (2 Processors)

Processors Cores: 16

RAM: 32 GB

Storage: 1.5 TB

RAID Configuration: RAID5

C. Web Server3: MD CRIS Backup Server (Not shown in diagram)

Server Type: Physical Server

Operating System: Windows Server 2012 R2 Standard Edition

Hardware Configuration:

Server Make and Model: Dell PowerEdge R410

Processor: Intel(R) Xeon(R) CPU E5620 @ 2.40GHz (2 Processors)

Processors Cores: 16

RAM: 32 GB

Storage: 1.5 TB

RAID Configuration: RAID5

D. Database Server: BCDS

Server Type: Physical Server

Operating System: Windows Server 2012 R2 Standard Edition

SQL Server Software: MS SQL server 2008 R2 Standard Edition.

Hardware Configuration:

Server Make and Model: Dell PowerEdge R710

Processor: Intel(R) Xeon(R) CPU X5650 @ 2.67GHz (2 Processors)

Processors Cores: 24

RAM: 32 GB

Storage: 1.5 TB

RAID Configuration: RAID5

2.2.4 Existing Software and Languages

A. Campaign Finance Reporting and Management System (CFRMS) software:

- 1) A Windows based COTS solution procured by SBE
- 2) Operating system: Windows 7 or above for Development, Windows Server 2012 R2 Standard for the Web and Database Server
- 3) IDE: Visual studio 2013
- 4) Frame Work: .Net Frame Work 4.5
- 5) Web Technologies: MVC 4.0
- 6) Internet Information services: IIS 8.5 or above
- 7) Database: SQL Server 2008 R2

B. MD CRIS Languages

- 1) Language used for MD CRIS and BCDS maintenance, development, and operations:
MVC with MS Visual Studio
- 2) Programming language: **C# Dot Net**
- 3) Database language: **TSQL (MS SQL Server)**
- 4) Communications language (data transfer between web application and database):
OLE DB

2.2.5 Existing Data/Content Management

Database Backup:

- 1) All database backups are configured with Carbonite hot backup tool. When a backup is created, Carbonite hot backup tool uploads to cloud storage the backup file.
- 2) The database backup is scheduled to run daily from 12:00 AM to 11:59 PM.
- 3) The database is backed up every hour.
- 4) Each backup image file is kept for 15 days on the local server.

- 5) The file names of the database backup are Maryland_Conv, Maryland_BCDS, and Report Server.

2.2.6 Existing Reporting

- A. Disaster Recovery Plan
- B. System Security Plan (SSP)

2.2.7 State Staff and Roles

In addition to the TO Procurement Officer and TO Manager, SBE will also provide:

- A. A Technical Project Manager, who will be responsible for monitoring the daily activities of the TO Agreement and providing technical guidance to the Contractor, and
- B. An Assistant TO Manager, who will be responsible for the day to day planning and issue management resolution.

2.3 TO Contractor's Requirements

2.3.1 Planning

- 2.3.1.1 The TO Contractor shall work with SBE to schedule an in-person meeting prior to taking over responsibility for the MD CRIS to meet with SBE Campaign Finance Division personnel to create the initial Annual Work Plan. The joint planning meeting for 2019 shall occur in May 2019. The TO Contractor and the DC TO Contractor shall jointly plan and facilitate an annual planning meeting in May of each subsequent year to define and schedule any changes required for the operations and maintenance requirements for MD CRIS.
- 2.3.1.2 All planning meetings shall occur at SBE's offices in Annapolis, Maryland unless a conference call is conducted with SBE's permission.
- 2.3.1.3 Database Transfer
 - 2.3.1.3.1 The current contractor and the AP TO Contractor shall work together to complete the transfer of the MD CRIS database and responsibility for database administration to the AP TO Contractor within 30 days of NTP. The scheduled go-live date for the AP TO Contractor's operation is March 15, 2019.
 - 2.3.1.3.2 When the AP TO Contractor transitions to full operations (March 15, 2019), the AP TO Contractor shall be responsible for all Export and Imports of data.
- 2.3.1.4 Annual Deliverable and Payment (D&P) Schedule
 - 2.3.1.4.1 Simultaneous with the development of the Annual Work Plan, the AP TO Contractor for MD CRIS shall present an Annual Deliverables and Payment (D&P) Schedule (using MS Excel) for approval by the TO Manager.
- 2.3.1.5 Additional Tasks not on the Initial Annual Work Plan
 - 2.3.1.5.1 Other tasks may be identified by the TO Manager during the term of the TORFP. As determined by the TO Manager, these unique tasks may be performed on a Work Order basis within the funding available for the contract year. For these tasks:

- 2.3.1.5.1.1 Testing by SBE is required prior to acceptance of the deliverable.
- 2.3.1.5.1.2 Some Work Orders may require at least minimal System Development Life Cycle management. (See <http://doit.maryland.gov/policies/Pages/ContractPolicies.aspx>)
- 2.3.1.5.1.3 The SOC 2 Type II Items for which the TO Contractor is responsible shall be completed at the TO Contractor's expense.

2.3.2 MD CRIS Application Maintenance and Support

- 2.3.2.1 **MD CRIS Source Code and Software Licensing.** The State of Maryland owns the source code for MD CRIS. The production version compiled source code is available on CDs held by the MD CRIS TO Manager. As owners of the source code, there is neither a licensing requirement nor a restriction on the State as to the number of persons or locations of workstations allowed to use, or copies to be made of, the MD CRIS software. MD CRIS software is solely for use by persons authorized by SBE; the TO Contractor is not allowed to copy or distribute MD CRIS software to other users or states.
- 2.3.2.2 **Software Rights to be conveyed to the State.** Upon the filing of a voluntary or involuntary bankruptcy petition or any other insolvency proceeding relating to the TO Contractor, or upon TO Contractor dissolution, TO Contractor merger with or acquisition by another company, or TO Contractor discontinuance of support of any software or system provided under the Contract, the TO Contractor shall convey to the State all right, title, and interest in all software that comprises any part of the MD CRIS not yet delivered to SBE together with all licenses, un-compiled and compiled source code, and associated Software Source Code Documentation. These rights include but are not limited to the right to use, and cause others to use on behalf of the State, said software, licenses, source codes, and Software Source Code Documentation.
- 2.3.2.3 **Ongoing Maintenance.** The TO Contractor shall provide SBE with continuous MD CRIS software maintenance including development and installation on application servers new releases, upgrades, and authorized enhancements originating from: (1) changes in federal or Maryland election law, regulations, or procedures; (2) application design sessions; (3) reported malfunctions, defects, or operational problems; (4) the requirement to build an interface or data exchange process to a new (additional) system or to change an already existing interface or data exchange process; and, (5) new software in the information technology industry that offers greater operating efficiency and requires changes to the MD CRIS application to implement it.
- 2.3.2.4 **Software Development Procedures and Reporting.** The TO Contractor shall have standardized, integrated, and documented software development procedures for both management and engineering activities. The TO Contractor shall employ these procedures for developing and maintaining the MD CRIS software. The documented process shall be submitted to and approved by the State's TO Manager before use. All software changes, upgrades, and enhancements shall be functionally analyzed; documented in functional specifications approved by SBE; and fully tested (Unit and Integration Testing, Business Process Testing and Quality Assurance) before being sent to SBE for user acceptance testing (UAT). See the Testing Procedures below for more details.

- 2.3.2.4.1 *Overview of Development and Acceptance Processes.* Accurate, inclusive, clearly communicated functional requirements are the key to success in application maintenance. The TO Contractor shall conduct functional analyses and deliver functional specifications for SBE approval prior to development of code modifications in MD CRIS. The TO Contractor shall:
- 2.3.2.4.1.1 Define the problems and analyze and develop plans and requirements to meet the needs for the Campaign Finance division;
 - 2.3.2.4.1.2 Coordinate and manage the functional analysis of complex campaign finance issues identified by the SBE Division of the Candidacy and Campaign Finance;
 - 2.3.2.4.1.3 Be knowledgeable of Maryland's campaign finance activities, and, the MD CRIS system functions used to accomplish these activities;
 - 2.3.2.4.1.4 Prepare functional specification documents (FSDs) and obtain signoff on the FSDs from the MD CRIS TO Manager prior to coding/development.
 - 2.3.2.4.1.5 Perform successful testing of the software changes to ensure the product fulfills the functional design specifications before sending the release to SBE for UAT;
 - 2.3.2.4.1.6 Work closely with the SBE UAT team to ensure that problems identified are quickly repaired so that a successful test is completed on schedule;
 - 2.3.2.4.1.7 Prepare complete release notes in MS Word (not .pdf) on the changes in new releases;
 - 2.3.2.4.1.8 Conduct GoToMeeting, or similar web video conferencing sessions for SBE staff on new releases upon request;

2.3.2.5 Development Criteria

- 2.3.2.5.1 *Location.* All work must be performed within the continental United States. All data are to be retained within secure facilities in the continental United States.
- 2.3.2.5.2 *Releases.* The number of releases per year will be based on the Annual Work Plan conducted by the TO Contractor and held at SBE each year.
- 2.3.2.5.3 *Version Control.* The TO Contractor shall maintain strict version control by maintaining different versions of MD CRIS software to provide for application development, testing, quality assurance and production. The Database Maintenance and Support Services describes required versions and schemas.
- 2.3.2.5.4 *No MD CRIS Language Changes.* The TO Contractor shall use the same development language and tools currently used to develop the MD CRIS software and to maintain the MD CRIS database. No change is to be made to the application or database languages used for MD CRIS without a written modification to the Task Order approved by the TO Manager. **The TO Contractor shall use the following development tools to maintain the MD CRIS application:**

- A. MVC with MS Visual Studio
- B. C# Dot Net
- C. TSQL (MS SQL Server)
- D. OLE DB

2.3.2.5.5 *Data Edits and Help.* The TO Contractor shall maintain the MD CRIS data edits and online help prompts that assist users in maintaining campaign records and standard processes.

2.3.2.6 **Testing**

2.3.2.6.1 Prior to acceptance by the TO Manager, MD CRIS application software deliverables shall undergo rigorous testing by the TO Contractor; migration to the SBE UAT schema/region; and successful UAT testing by SBE prior to being moved to MD CRIS production. The TO Contractor shall provide the test plan--including test scenarios--used for TO Contractor testing of software changes or new releases prior to their being migrated to the UAT schema for SBE testing.

2.3.2.6.2 *TO Contractor Test Plan.* The TO Contractor shall provide its written Test Plan that demonstrates testing of each release for the full range of MD CRIS activities and functions. The TO Contractor shall work with the MD CRIS System Administrators to review and test scripts for the UAT.

2.3.2.6.3 *TO Contractor Testing.* The TO Contractor may not present any software to SBE for UAT until the TO Contractor has completed rigorous unit, system integration, regression, and end-to-end testing (i.e., for adverse effects on front-end systems or functions, or back-end system or functions) on that software.

2.3.2.6.4 *UAT.* SBE intends to perform user acceptance testing on the TO Contractor software releases. These tests can last for 6 business days or until the software passes the testing criteria.

2.3.2.6.5 *Test Failures.* Failure of a release to pass the UAT shall require the TO Contractor to correct the code and the SBE acceptance test to be repeated to the satisfaction of the TO Manager.

2.3.2.6.6 *TO Contractor Certification.* Prior to migration to the production environment, the TO Contractor's senior member responsible for software development; testing; QA; and code migration to production shall certify in writing, on a **sign-off sheet** presented with each production release or script to be executed in production, that all code delivered for testing or production has successfully completed development, testing, quality assurance and configuration control. The TO Contractor shall get final approval signoff from TO Manager.

2.3.2.6.7 *Software Delivery to SBE.* With prior approval of the TO Manager, the TO Contractor shall, using appropriate State-approved security methodology, provide new releases, updates, enhancements, routine or urgent modifications to the MD CRIS/BCDS website by cyber-secure means.

2.3.2.7 **Acceptance**

- 2.3.2.7.1 Final acceptance of a release will be by the TO Manager. When a new release is installed in the MD CRIS production schema, the following are required to be delivered to the TO Manager, or verified as installed in production:
- A. Final functional specifications (electronic document copy);
 - B. List of incident reporting system issues closed as a result of the new release (or, updated in the system if not closed);
 - C. Updates to MD CRIS Online Help and file formats;
 - D. Update of UAT schema data and software (NOTE: Coordinate with System Administrator);
 - E. Release notes overview of new features, to be used for user training;
 - F. Training sessions for MD CRIS users, employing GoToMeeting (training dates upon request by SBE); and
- 2.3.2.8 **Training.** User understanding of the functions and system administration of MD CRIS is the key to conducting a successful campaign finance program. The TO Contractor shall update the user guides, file formats, and MD CRIS online help as new versions of MD CRIS are released.
- 2.3.2.9 **Software Documentation**
- 2.3.2.9.1 The TO Contractor shall maintain updated application software documentation (see below) and provide one electronic copy in MS Word (not .pdf) format to the TO Manager or designee. Written documentation shall address only the Maryland system. Specifically, other states' functionality or processing requirements shall not be included in the functional or technical specifications for Maryland, nor in any correspondence or documentation related to software releases or application fixes. System and User level documentation shall clearly diagram and explain to the State all file and table structures, and the interrelationships of tables, data elements, and processes, to the degree that a third party will be able to maintain and operate the system and continue to develop additional functionality and upgrades to the system. Documentation must make use of graphics to clearly communicate functions and the operating environment.
- 2.3.2.9.2 All MD CRIS documentation produced under this Task Order is the property of the State and may be reproduced and distributed by SBE for staff use or for the use of any SBE agent.
- 2.3.2.9.3 The State of Maryland System Development Life Cycle (SDLC) describes documentation more fully, but below is a synopsis of the documentation to be provided:
- A. Functional Specifications for MD CRIS application software are required to be approved by the TO Manager or MD CRIS System Administrator, before development begins. The Functional Specifications document shall explain the change in functionality including what does it do and why
 - B. Flow Diagram—A graphic representation of the software modification or new component and how it fits into the existing application processes.

- C. Detailed Platform information - Identify any changes to infrastructure requirements of the modification or new component, (e.g., hardware, software, communications architecture, user interfaces, administrative interfaces, other interfaces, backup and recovery components and methods, security, etc.)
- D. Document changes made or upcoming changes needed in security processes.
- E. All un-compiled and compiled source code, object code, design and architecture documentation, and all data files are to be delivered to the MD CRIS TO Manager at SBE.
- F. Version Description Document - identifying “historical versioning” and what tool is used for configuration management control.
- G. Updates to the MD CRIS Online Help function and file formats.
- H. Updates to the System Administrator’s Manual – how to use the change (SysAdmin tables to update, parameters to be set, etc.).
- I. Updates to the Security Administrator’s Manual - Backup, recovery (who, what format, how often, where, and offsite storage).
- J. Updates to the Database Administrator’s Manual
- K. Updates to the System Operations and Maintenance Manual
- L. Updates to the User’s Manual
- M. Software Change Control Management Procedures
- N. Source Code documentation - with a data dictionary (preferably in versioning control)

2.3.2.10 **Warranty Repair.** The TO Contractor shall repair any “software bugs” in any software developed for MD CRIS during the course of the entire Task Order. The TO Contractor shall not use Software Development hours for repairs of bugs or regression. The hours allotted for warranty repairs shall not exceed 500 hours per year and shall be reported separately from development hours. The TO Contractor shall report on Development (new release) and Warranty (repair) hours in the Service-Level Agreement (SLA) Monthly Report.

2.3.2.11 **Change Control and Configuration Management.** Throughout the Task Order, the TO Contractor shall maintain a rigorous, documented program for software change control and configuration management. This program shall include the TO Contractor’s methodology for: (1) identifying changes needed; (2) unit, integration, and business process testing; (3) quality assurance review; (4) user acceptance testing, and (5) migration control. The TO Contractor shall provide a unified Change Management Plan and Communications Plan which shall detail the steps the TO Contractor will follow to: identify needed software changes and MD CRIS system configuration table changes; obtain required approvals for changes from the TO Manager at SBE and TO Contractor; and, communicate implementation of the changes to SBE personnel, following testing and acceptance by SBE. The TO Contractor shall record and retain the changes made to MD CRIS in an MD CRIS Software Change Log.

2.3.3 Database Maintenance and Support Services

2.3.3.1 Database Maintenance

2.3.3.1.1 The TO Contractor shall maintain the MD CRIS database, to efficiently and securely support the MD CRIS application, including new releases, fixes, upgrades, authorized enhancements and database tuning for efficiency in data and report processing. This includes the running of scripts to repair database conditions or errors due to software development, user problems and database problems. Database repairs hours are not to be counted or invoiced as extra hours, but are included as part of general monthly maintenance and support. Database maintenance shall include:

2.3.3.1.1.1 Maintaining the file organization, indexing methods and security procedures for the application;

2.3.3.1.1.2 Carrying out database back-up and recovery procedures for the multiple processing environments; and

2.3.3.1.1.3 Ensuring data integrity, security, and recoverability are built into the applications.

2.3.3.1.2 The TO Contractor shall monitor database activity, database security, logs and data storage components of MD CRIS and ensure that SBE is notified in advance of the need for upgrades in storage, security, or software. At a minimum, the following shall be included in the database maintenance:

- A. Database Monitoring
- B. Log Monitoring
- C. Performance Management
- D. Incident Management
- E. Backup and Recovery

2.3.3.1.3 The TO Contractor shall be proactive in scheduling downtime periods for maintenance and upgrading of the database, security, or storage components of MD CRIS.

2.3.3.1.4 *Multiple databases and schemas.* Non-production software versions or data are not permitted on MD CRIS **production** servers; they physically must be on non-production servers in a **separate** physical location. All servers will be hosted by the DC TO Contractor. Non-production versions the TO Contractor shall maintain include:

- A. Development – primarily for TO Contractor use.
- B. Testing – primarily for TO Contractor use.
- C. UAT– for SBE use. The TO Contractor shall provide full images of production code and data with code changes migrated from the TO Contractor’s D&T region.
- D. Training – for SBE use.

- 2.3.3.1.5 *Ongoing Compatibility.* The TO Contractor shall ensure that all application and database software components that make up MD CRIS maintain full compatibility with all interfacing systems, security systems, and infrastructure. The TO Contractor shall ensure that no support compromises MD CRIS system level or component level compatibility. The TO Contractor shall be responsible for maintaining compatibility at no additional cost to the State. The TO Contractor shall ensure that the MD CRIS application remains current to the core-operating environment (operating system and database) in which it was built and delivered at no additional cost to the State.
- 2.3.3.1.6 *No Changes to Operating Environment.* The TO Contractor shall continuously support and maintain the State-accepted operating environment and version of MD CRIS. If the TO Contractor intends to install any upgrade to the MD CRIS operating system, storage, security or database, or an upgrade to any other third-party software on which MD CRIS is dependent, the upgrade shall operate within the current operating environment and infrastructure of MD CRIS. The TO Contractor shall conduct tests of the proposed upgrade in a test environment with a copy of the production MD CRIS software and provide documentation that the full capabilities of the MD CRIS application are retained. The TO Contractor may not install the upgrade until SBE signifies in writing its readiness to accept the upgrade.

2.3.4 Disaster Recovery and Data Backup

The following requirements apply to the TO Agreement:

2.3.4.1 Disaster Recovery

- A. Unless specified otherwise in the TORFP, TO Contractor shall maintain or cause to be maintained disaster avoidance procedures designed to safeguard State data and other confidential information and the availability of application operations and maintenance services, in each case throughout the TO Agreement term. Any force majeure provisions of this Task Order do not limit the TO Contractor's obligations under this provision.
- B. The TO Contractor shall have robust contingency and DR plans in place to ensure that the services provided under this TO Agreement will be maintained in the event of disruption to the TO Contractor/subcontractor's operations (including, but not limited to, disruption to information technology systems), however caused.
- C. The contingency and DR plans must be designed to ensure that services under this TO Agreement are restored after a disruption within four (4) hours from notification and a recovery point objective of one (1) hour or less prior to the outage in order to avoid unacceptable consequences due to the unavailability of services.
- D. The TO Contractor shall test the contingency/DR plans at least quarterly to identify any changes that need to be made to the plan(s) to ensure a minimum interruption of service. Coordination shall be made with the State to ensure limited system downtime when testing is conducted. At least one (1) annual test shall include backup media restoration and failover / fallback operations. The TO Contractor shall send TO Manager a notice of completion following completion of DR testing.

- E. Such contingency and DR plans shall be available for the Agency to inspect and practically test at any reasonable time, and subject to regular updating, revising, and testing throughout the term of the TO Agreement.
- F. The Offeror shall include the proposed DR equipment and service levels. The service levels shall include both the proposed recovery time objective and the recovery point objective.

2.3.4.2 Data Backup

The TO Contractor shall work with the DC TO Contractor to:

- A. Perform incremental or differential backups of the web, application, and database servers every one (1) hour, on a daily basis, and on a monthly basis;
- B. Retain daily backups for one (1) month;
- C. Retain monthly backups for 14 months;
- D. Store daily backups on a cloud-based backup solution;
- E. Maintain a Recovery Point Objective (RPO) of one (1) hour during peak usage time and a Recovery Time Objective (RTO) of four (4) hours during peak usage times;
- F. Maintain one annual backup for at least 14 months;
- G. Encrypt the backups using a shared key; and
- H. Perform a backup recovery at least monthly during election years and quarterly during non-election years.

2.3.4.3 Data Export/Import

A. The TO Contractor shall, at no additional cost or charge to SBE, in an industry standard/non-proprietary format:

- 1) Within twenty-four (24) hours, perform a full or partial import or export of State data;
- 2) Provide to SBE the ability to import/export data at will; and
- 3) Provide SBE with any access and instructions to enable SBE to import or export data.

B. Any import or export shall be in a secure format per the Security Requirements.

2.3.4.4 Data Ownership and Access

- A. Data, databases and derived data products created, collected, manipulated, or directly purchased as part of a TORFP shall become the property of the State. The purchasing State agency is considered the custodian of the data and shall determine the use, access, distribution and other conditions based on appropriate State statutes and regulations.
- B. Public jurisdiction user accounts and public jurisdiction data shall not be accessed, except (1) in the course of data center operations, (2) in response to service or technical issues, (3) as required by the express terms of the Task Order, including as necessary to perform the services hereunder or (4) at the State's written request.

- C. The TO Contractor shall limit access to and possession of State data to only TO Contractor Personnel whose responsibilities reasonably require such access or possession and shall train such TO Contractor Personnel on the confidentiality obligations set forth herein.
- D. At no time shall any data or processes – that either belong to or are intended for the use of the State or its officers, agents or employees – be copied, disclosed or retained by the Contractor or any party related to the Contractor for subsequent use in any transaction that does not include the State.
- E. The Contractor shall not use any information collected in connection with the services furnished under this Contract for any purpose other than fulfilling such services.
- F. SBE may at any time request back-end access to the MD CRIS database for independent security audit purposes.

2.3.4.5 Provisions in Section 2.3.4.4 shall survive expiration or termination of the TO Agreement. Additionally, the TO Contractor shall flow down the provisions of Sections 2.3.4.1 – 2.3.4.4 (or the substance thereof) in all subcontracts.

2.3.5 Cybersecurity and Risk Management

2.3.5.1 The TO Contractor shall provide application security operations and support, which shall include at a minimum:

- A. Notification of the SBE Technical Project Manager of any security updates or notifications of vulnerabilities within 8 business hours of receipt;
- B. Database monitoring; and
- C. Application software support – anti-virus monitoring and signature updates.

2.3.5.2 With the permission of SBE and after testing in a test environment, the TO Contractor shall install monthly security patches and updates and any off-cycle critical security patches and updates.

2.3.6 SBE Incident Reporting and Resolution

2.3.6.1 The TO Contractor shall provide a method for SBE to report incidents and shall resolve all problems, formally documented and reported, in Application performance, malfunction, or incompatibility with third-party software.

2.3.6.2 The Technical Project Manager shall review and approve all corrective actions before the TO Contractor implements the recommended actions.

2.3.6.3 The TO Contractor shall resolve any SBE-reported issues and report to the TO Manager and the Technical Project Manager the resolution.

2.3.7 Test and Development Servers

2.3.7.1 Web-hosting of MD CRIS in the production environment is being addressed by a separate DC TO Contractor. For Application software, the DC TO Contractor shall provide development, test, UAT, and training database servers for the AP TO Contractor to access via secure virtual private network (VPN) connections. These servers will be physically separated in a space apart from the MD CRIS production servers, to prevent incidental contamination of the production system. If one Master

Contractor is awarded the Task Orders for both the Application maintenance and the Data Center hosting, the non-production servers shall be physically separated in a space apart from the MD CRIS production servers.

2.3.8 Professional Development

- 2.3.8.1 Any IT services personnel provided under this TORFP shall maintain any required professional certifications for the duration of the resulting TO.
- 2.3.8.2 The TO Contractor shall ensure continuing education opportunities for the personnel provided to support this TORFP. With SBE prior approval, the time allocated to these continuing education activities for staff deployed to SBE on a full-time basis may be charged to this task order. Actual course costs, travel, and related expenses are the responsibility of the TO Contractor. Eligible continuing education shall be associated with technologies currently used or anticipated for use by SBE in the near future. The TO Contractor remains responsible for staffing the function(s) affected and courses will not be approved during statewide campaign finance peak periods.

2.3.9 Deliverables

The TO Contractor shall be responsible for submitting to SBE the deliverables listed in **Section 2.4.5**.

2.3.10 TO Contractor-Supplied Hardware, Software, and Materials

The TO Contractor is responsible for the acquisition and operation of all hardware and software (including licenses) related to the services being provided in this TORFP and shall keep all software current.

- A. The TO Contractor shall own the equipment and be responsible for maintaining and refreshing it according to standards issued by the Maryland DoIT at the TO Contractor's cost, which can be found at <http://doit.maryland.gov/support/pages/securitypolicies.aspx>.
- B. By responding to this TORFP and accepting a Task Order award, the TO Contractor specifically agrees that for any third-party hardware, software, and materials that it proposes for use by the State in response to this TORFP, the State will have the right to purchase from another source, instead of from the awarded TO Contractor.
- C. The State shall be permitted limited user-specific application configuration settings.
- D. The TO Contractor shall provide all upgrades and security and regulatory updates at no additional cost.
- E. The TO Contractor shall provide a test environment to validate upgrades before the upgrades are used in the production environment.
- F. The TO Contractor shall not implement the upgrades in production without SBE approval.
- G. The State requires that the TO Contractor provide fully functional, generally available software and multiple-user licenses for purchase as needed throughout the life of the Task Order.
- H. The TO Contractor shall install and provide all documentation for the software furnished under this Task Order. TO Contractor shall provide documentation on any administration or configuration the State is required to perform.

- I. The TO Contractor shall provide and maintain manufacturer warranties for all equipment and software used to meet the requirements of this task order. Any warranty period for goods and services will not commence until acceptance of the products or services by the Agency.
- J. All hardware shall comply with industry standards.
- K. The TO Contractor shall warrant all TO Contractor deliverables for the duration of the task order. Any warranty period for goods and services will not commence until acceptance of the products or services by the Agency.
- L. Notwithstanding anything to the contrary, the TO Contractor shall replace, at no additional cost to the State, all items that are defective or out of warranty.

2.3.11 Required Project Policies, Guidelines and Methodologies

The TO Contractor shall comply with all applicable laws, regulations, policies, standards and guidelines affecting Information Technology projects, which may be created or changed periodically. Offeror is required to review all applicable links provided below and state compliance in its response.

The TO Contractor shall ensure adherence and remain abreast of new or revised laws, regulations, policies, standards and guidelines affecting project execution. These include, but are not limited to:

- A. The State of Maryland SDLC methodology at: www.DoIT.maryland.gov - keyword: SDLC;
- B. The State of Maryland Information Technology Security Policy and Standards at: www.DoIT.maryland.gov - keyword: Security Policy;
- C. The State of Maryland Information Technology Non-Visual Standards at: <http://doit.maryland.gov/policies/Pages/ContractPolicies.aspx>;
- D. TO Contractor Personnel shall follow a consistent methodology for all Task Order activities.

2.3.12 Product Requirements

- A. As described in **Section 3.6 Security Requirements**, any processing or storage of data outside of the continental U.S. is prohibited.
- B. Any TO Agreement award is contingent on the State's agreement, during the TO Proposal evaluation process, to any applicable terms of use and any other agreement submitted under **Section 5.4.2.J.2**. Such agreed upon terms of use shall apply consistently across services ordered under the TO Agreement.
- C. The TO Contractor shall not establish any auto-renewal of services beyond the period identified in Task Order documents.
- D. In addition to any notices of renewal sent to the Agency, TO Contractors shall email notices of renewal to the e-mail address designated by the TO Manager.

2.3.13 Maintenance and Support

Maintenance and support are defined as follows:

- A. The AP TO Contractor and the DC TO Contractor shall work together to transfer the responsibility for database management to the AP TO Contractor's system within 30 calendar days of NTP. Maintenance commences after the transition of database management to the AP TO Contractor.

- B. Software maintenance includes all future software updates and system enhancements applicable to system modules licensed without further charge to all licensed users maintaining a renewable software support contract.
- C. For the first year and all subsequent Task Order years, the following services shall be provided for the current version provided with the Deliverables, commencing upon the transition of data from the DC TO Contractor to the AP TO Contractor:
 - 1) *Material Defects.* TO Contractor shall notify the State immediately of any material errors or defects in the Deliverables known, or made known to the TO Contractor from any source during the life of the Task Order that could cause a security lapse, no connectivity for access to MD CRIS, the production of inaccurate or otherwise materially incorrect results. The TO Contractor shall initiate actions as may be commercially necessary or proper to effect corrections of any such errors or defects.
 - 2) *Updates.* TO Contractor will provide to the State at no additional charge all new releases and bug fixes (collectively referred to as “Updates”) for any security features, patches, updates or upgrades developed or published by the TO Contractor and made available to its other customers.

2.4 Deliverables

2.4.1 Deliverable Submission

- A. For every deliverable, the TO Contractor shall request the TO Manager confirm receipt of that deliverable by sending an e-mail identifying the deliverable name and date of receipt.
- B. For every deliverable, the TO Contractor shall submit to the TO Manager, by e-mail, an Agency Deliverable Product Acceptance Form (DPAF), an example of which is provided on the DoIT web page here:
<http://doit.maryland.gov/contracts/Documents/CATSPPlus/CATS+DPAFSample.pdf>.
- C. Unless specified otherwise, written deliverables shall be compatible with Microsoft Office, Microsoft Project and/or Microsoft Visio within two (2) versions of the current version. At the TO Manager’s discretion, the TO Manager may request one hard copy of a written deliverable.
- D. A standard deliverable review cycle will be elaborated and agreed-upon between the State and the TO Contractor. This review process is entered into when the TO Contractor completes a deliverable.
- E. For any written deliverable, the TO Manager may request a draft version of the deliverable, to comply with the minimum deliverable quality criteria listed in **Section 2.4.3 Minimum Deliverable Quality**. Drafts of each final deliverable, except status reports, are required at least two weeks in advance of when the final deliverables are due (with the exception of deliverables due at the beginning of the project where this lead time is not possible, or where draft delivery date is explicitly specified). Draft versions of a deliverable shall comply with the minimum deliverable quality criteria listed in **Section 2.4.3 Minimum Deliverable Quality**.

2.4.2 Deliverable Acceptance

- A. A final deliverable shall satisfy the scope and requirements of this TORFP for that deliverable, including the quality and acceptance criteria for a final deliverable as defined in **Section 2.4.4 Deliverable Descriptions/Acceptance Criteria**.
- B. The TO Manager shall review a final deliverable to determine compliance with the acceptance criteria as defined for that deliverable.
- C. Once accepted and signed by the TO Manager, the TO Contractor shall submit a proper invoice in accordance with the procedures in Section 3.3. The invoice must be accompanied by a copy of the executed DPAF or payment may be withheld.
- D. In the event of rejection, the TO Manager will formally communicate in writing any deliverable deficiencies or non-conformities to the TO Contractor, describing in those deficiencies what shall be corrected prior to acceptance of the deliverable in sufficient detail for the TO Contractor to address the deficiencies. The TO Contractor shall correct deficiencies and resubmit the corrected deliverable for acceptance within the agreed-upon time period for correction.

2.4.3 Minimum Deliverable Quality

The TO Contractor shall subject each deliverable to its internal quality-control process prior to submitting the deliverable to the State.

Each deliverable shall meet the following minimum acceptance criteria:

- A. Be presented in a format appropriate for the subject matter and depth of discussion.
- B. Be organized in a manner that presents a logical flow of the deliverable's content.
- C. Represent factual information reasonably expected to have been known at the time of submittal.
- D. In each section of the deliverable, include only information relevant to that section of the deliverable.
- E. Contain content and presentation consistent with industry best practices in terms of deliverable completeness, clarity, and quality.
- F. Meets the acceptance criteria applicable to that deliverable, including any State policies, functional or non-functional requirements, or industry standards.
- G. Contains no structural errors such as poor grammar, misspellings or incorrect punctuation.
- H. Must contain the date, author, and page numbers. When applicable for a deliverable, a revision table must be included.
- I. A draft written deliverable may contain limited structural errors such as incorrect punctuation, and shall represent a significant level of completeness toward the associated final written deliverable. The draft written deliverable shall otherwise comply with minimum deliverable quality criteria above.

2.4.4 Deliverable Descriptions/Acceptance Criteria

In addition to the items identified in the table below, the TO Contractor may suggest other subtasks, artifacts, or deliverables to improve the quality and success of the assigned tasks.

Table 1: Deliverable Description and Due Dates

ID #	Deliverable Description	Acceptance Criteria	Due Date / Frequency
2.4.4.A	Draft Transition Management Plan (TMP)	An accepted plan for the transition of application software operations and maintenance for MD CRIS	With Technical Proposal
2.4.4.D	MD CRIS Application Software Development	The release is approved and moved to production.	Monthly- 1 st of every month
2.4.4.F	Risk Management Plan	An accepted plan that identifies and mitigates risks to the MD CRIS application software	Annual- 1 st of March
2.4.4.G	Asset Management Plan	A plan demonstrating the requirements set forth in the TORFP	Annual- 1 st of March
2.4.4.H	Controls Management Plan	A plan demonstrating the requirements set forth in the TORFP	Annual -1 st of March
2.4.4.I	Configuration and Change Management Plan	A plan demonstrating the requirements set forth in the TORFP	Monthly- 1 st of every month
2.4.4.J	Vulnerability Management Plan	A plan demonstrating the requirements set forth in the TORFP	Annual- the 1 st of the March
2.4.4.K	Incident Management Plan	A plan demonstrating the requirements set forth in the TORFP	Annual- the 1 st of March
2.4.4.L	Service Continuity Management Plan	A plan demonstrating the requirements set forth in the TORFP	Annual- the 1st of March
2.4.4.M	System Security Plan (SSP)	A plan demonstrating the requirements set forth in the TORFP	Annual- the 1st of March
2.4.4.N	Annual Work and Test Plan	A plan demonstrating the requirements set forth in the TORFP	Annual- the 1st of March
2.4.4.O	Disaster Recovery Plan	A plan demonstrating the requirements set forth in the TORFP	Annual- the 1st of March
2.4.4.P	Deliverable and Payment (D&P) Schedule	A schedule for deliverable submission, as defined in the TORFP	Annual- the 1st of March

ID #	Deliverable Description	Acceptance Criteria	Due Date / Frequency
2.4.4.Q	Service-Level Agreement (SLA) Report	A report demonstrating the requirements set forth in the TORFP	Monthly - 1 st of every month
2.4.4.S	SOC 2 Type 2 Audit Report	A report demonstrating the requirements set forth in the TORFP	Annual- the 1st of March

2.4.5 Deliverable Requirements

2.4.5.1 Transition Management Plan (TMP)

The TO Contractor shall:

- 2.4.5.1.1 **Submit a draft TMP with the Technical Proposal;**
- 2.4.5.1.2 Incorporate feedback from SBE before submitting the final TMP; and
- 2.4.5.1.3 Submit a final TMP within 15 calendar days of receiving SBE feedback that:
 - a) Provides a qualified management approach and ability to control and deliver the requirements of this TO;
 - b) Includes an organization chart showing staff the TO Contractor will assign to transfer application operations, software maintenance, database management and Help Desk/Incident Reporting from the current contractor to the TO Contractor. The chart will give each person’s name, position title, and duties assigned;
 - c) Using *MS Project Plan*, details the steps the TO Contractor will take to transition the TO requirements to the TO Contractor no later than 60 days from NTP; and
 - d) Provides a detailed written description of any work to be subcontracted, with the name and address of the proposed subcontractor(s).
- 2.4.5.1.4 The plan shall cover the time from NTP to taking full responsibility for MD CRIS application software and maintenance support.
- 2.4.5.1.5 After NTP and approval by the TO Manager, the TO Contractor shall implement the TMP.
- 2.4.5.1.6 The TO Contractor shall work closely with the current Contractor, the DC TO Contractor, and SBE to ensure a transition of responsibilities within 60 days of NTP.
- 2.4.5.1.7 The TO Contractor shall meet weekly with SBE during the transition period and provide a written report of progress made and project risks or issues impeding transition, in a format acceptable to SBE.
- 2.4.5.1.8 For the first year following transition, the TO Contractor shall meet and provide monthly status reports of progress, risks and issues. SBE shall set a schedule for meetings and reports for years following the first year.

2.4.5.2 Annual Work and Test Plan

The Annual Work and Test Plan shall include a schedule for development and testing of planned software releases, the timing of maintenance activities, and the SLA for services covered under this TO. The TO Contractor shall:

- 2.4.5.2.1 Submit a draft Annual Work and Test Plan at the scheduled annual meeting;
- 2.4.5.2.2 Incorporate any feedback from SBE before submitting the final Annual Work and Test Plan; and
- 2.4.5.2.3 Submit a final Annual Work and Test Plan within 15 days of receiving SBE feedback.

2.4.5.3 Deliverable and Payment (D&P) Schedule

- 2.4.5.3.1 The TO Contractor shall present a deliverable and payment schedule with the financial proposal for monthly deliverables based on the monthly development schedule defined in the TORFP. **No billing or pricing information shall be included in the technical proposal.**

2.4.5.4 Service-Level Agreement Monthly Report

- 2.4.5.4.1 The TO Contractor shall provide a Service-Level Agreement (SLA) Monthly Report on a monthly basis (see **Section 2.6**).

2.4.5.5 SOC 2 Type 2 Audit Report

- 2.4.5.5.1 The TO Contractor shall obtain a SOC 2 Type 2 Audit and provide the SOC 2 Type 2 Audit Report to SBE on an annual basis (see **Section 3.7**).

2.4.5.6 System Security Plan (SSP)

The System Security Plan shall detail the steps and processes employed by the TO Contractor as well as the features and characteristics which will ensure compliance with the security requirements of the TO Agreement. The TO Contractor shall:

- 2.4.5.6.1 Protect State data according to a written security policy (“System Security Plan”);
- 2.4.5.6.2 Ensure that its System Security Plan is no less rigorous than the State’s System Security Plan;
- 2.4.5.6.3 **Submit a draft System Security Plan with the Technical Proposal;**
- 2.4.5.6.4 Incorporate any feedback from SBE before submitting a final System Security Plan;
- 2.4.5.6.5 Submit a final System Security Plan within 30 days of NTP; and
- 2.4.5.6.6 Submit an updated System Security Plan by March 1st of each year.
- 2.4.5.6.7 The System Security Plan shall:
 - 2.4.5.6.7.1 State how database access will be managed.
 - 2.4.5.6.7.2 Describe the location of any data processing or data storage.
 - 2.4.5.6.7.3 Describe security at all layers of the operating environment—application, database, and data exchange, and how all have the ability to manage access and privileges.

- 2.4.5.6.7.4 Describe how security measures will protect data for the entire data life cycle, ensuring that data remains protected for as long as it is in the control of the vendor and, when required, is securely destroyed.
- 2.4.5.6.7.5 Describe how the proposed solution will meet or exceed compliance with all state-level security requirements. (The TO Contractor shall provide their security policies, standards, and guidelines at SBE's request.)
- 2.4.5.6.7.6 Describe how encryption will be implemented for data "at-rest" and "in-transit."
- 2.4.5.6.7.7 Describe how User Access Management will be handled.
- 2.4.5.6.7.8 Describe how multi-level security and backup is provided for the data in the system.
- 2.4.5.6.7.9 Describe your process for notifying SBE in the event of a cybersecurity breach or other unauthorized access immediately.
- 2.4.5.6.7.10 Describe any reservations with State officials performing due diligence and conducting independent security risk assessments (including third-party security assessments).
- 2.4.5.6.7.11 Include a plan for the following reporting:
 - A. Risk Assessment Reporting
 - B. Vulnerability Scan Reporting
 - C. Incident Response Reporting
 - 1) The incident response lifecycle is outlined in NIST SP 800-61, Computer Security Incident Handling Guide and includes four (4) steps:
 - a) Preparation,
 - b) Detection and analysis,
 - c) Containment, eradication and recovery, and
 - d) Post incident activity.
 - D. Security Incident Case Reporting
 - E. User/Administrator Reporting
 - F. Audit Reporting
 - G. Denial of Service (DOS) Attack Reporting

2.4.5.7 Asset Management Plan (AMP)

The Asset Management Plan (AMP) shall demonstrate how the TO Contractor will identify, document, and manage assets during their lifecycle to ensure sustained productivity in support of MD CRIS critical services. The TO Contractor shall:

- 2.4.5.7.1 Submit a draft AMP within 30 calendar days of the NTP;
- 2.4.5.7.2 Incorporate any feedback from SBE before submitting a final AMP; and

2.4.5.7.3 Submit a final AMP within 30 calendar days of the draft AMP.

2.4.5.8 Controls Management Plan (CMP)

The Controls Management Plan (CMP) shall identify, analyze, and manage controls in the operating environment in support of MD CRIS. The TO Contractor shall:

2.4.5.8.1 Submit a draft CMP within 30 calendar days of the NTP;

2.4.5.8.2 Incorporate any feedback from SBE before submitting the final CMP; and

2.4.5.8.3 Submit a final CMP within 30 calendar days of the draft CMP.

2.4.5.9 Configuration and Change Management Plan (CCMP)

The CCMP shall establish the processes to ensure the integrity of assets using change controls and audits in support of MD CRIS. The TO Contractor shall:

2.4.5.9.1 Submit a draft CCMP within 60 calendar days of the NTP;

2.4.5.9.2 Incorporate any feedback from SBE before submitting the final CCMP; and

2.4.5.9.3 Submit a final CCMP within 30 calendar days of the draft CCMP.

2.4.5.10 Vulnerability Management Plan (VMP)

The Vulnerability Management Plan (VMP) shall identify, analyze, and manage operating environment vulnerabilities in support of MD CRIS. The TO Contractor shall:

2.4.5.10.1 Submit a draft VMP within 60 calendar days of the NTP;

2.4.5.10.2 Incorporate any feedback from SBE before submitting the final VMP; and

2.4.5.10.3 Submit a final VMP within 30 calendar days of the draft VMP.

2.4.5.11 Incident Management Plan (IMP)

The Incident Management Plan (IMP) shall analyze and manage incidents in the MD CRIS operating environment. The TO Contractor shall:

2.4.5.11.1 Submit a draft IMP within 90 calendar days of the NTP;

2.4.5.11.2 Incorporate any feedback from SBE before submitting the final IMP; and

2.4.5.11.3 Submit a final IMP within 30 calendar days of the draft IMP.

2.4.5.12 Service Continuity Management Plan (SCMP)

The Service Continuity Management Plan (SCMP) shall ensure the continuity of essential operations if a disruption in service occurs as a result of an incident, disaster, or other disruptive event. The TO Contractor shall:

2.4.5.12.1 Submit a draft SCMP within 120 calendar days of the NTP;

2.4.5.12.2 Incorporate any feedback from SBE before submitting the final SCMP; and

2.4.5.12.3 Submit a final SCMP within 30 calendar days of the draft SCMP.

2.4.5.13 Risk Management Plan (RMP)

The Risk Management Plan (RMP) shall identify, analyze, and mitigate risks to critical services that could adversely affect the application software operations and maintenance of MD CRIS. The TO Contractor shall:

- 2.4.5.13.1 Submit a draft RMP within 30 calendar days of the NTP;
- 2.4.5.13.2 Incorporate any feedback from SBE before submitting the final RMP; and
- 2.4.5.13.3 Submit a Final RMP within 30 calendar days of the draft RMP.

2.4.5.14 Disaster Recovery Plan

The TO Contractor shall:

- 2.4.5.14.1 **Submit a draft Disaster Recovery Plan with the technical proposal;**
- 2.4.5.14.2 Incorporate any feedback from SBE before submitting the final Disaster Recovery Plan; and
- 2.4.5.14.3 Submit a Final Disaster Recovery plan within two (2) weeks of receiving SBE feedback.
- 2.4.5.14.4 The TO Contractor shall implement disaster recovery and business continuity for MD CRIS according to DoIT standards, which can be found at <http://doit.maryland.gov/Publications/stateofmarylanddisasterplanning.pdf>. See Section 2.3.4 for additional guidance on the Disaster Recovery Plan.
- 2.4.5.14.5 The TO Contractor's plan shall include:
 - 2.4.5.14.5.1 Incremental or differential and nightly backup for restoration of applications and data in the event of site failure; and
 - 2.4.5.14.5.2 Working with the DC TO Contractor to ensure the effectiveness of the MD CRIS disaster recovery measures.
- 2.4.5.14.6 The TO Contractor shall maintain and fully test its Disaster Recovery Plan at least once a quarter.

2.5 Change Orders

- 2.5.1 If the TO Contractor is required to perform work beyond the scope of this TORFP, or there is a work reduction due to unforeseen scope changes, a TO Change Order is required. The TO Contractor and TO Manager shall negotiate a mutually acceptable price modification based on the TO Contractor's proposed rates in the Master Contract and scope of the work change.
- 2.5.2 No scope of work changes shall be performed until a change order is approved by DoIT and executed by the TO Procurement Officer.

2.6 Service Level Agreement

2.6.1 Definitions

- A. A "Problem" is defined as any situation or issue reported via SBE staff in writing (through email or incident reporting system) that is related to the system operation or security that is not an enhancement request.
- B. "Escalation" is defined as the period of time from when the TO Contractor first detects a security incident, database breach, or other critical performance issue, to the time the TO Contractor reports the issue to the SBE TO Manager and SBE Technical Project Manager by phone and by email. In case of live security incidents, database breaches, and Denial of

Service (DoS) attacks, the TO Contractor will first engage the threat and ensure notification within minutes to SBE.

- C. “Problem resolution time” is defined as the period of time from when the SBE staff reports a problem to the TO Contractor by email (or via an incident reporting system) to when it is resolved.
- D. A “Security Incident” is defined as a violation or suspected violation of computer security policies, acceptable use policies, and standard security practices. Security incidents may include database breaches and Denial of Service attacks.
- E. An “Application Incident” is defined as an error condition stemming from the application software or database. Application incidents may include coding errors, incorrect database file structure, or unsuccessful imports/exports.
- F. “Monthly Charges” are defined as the charges invoiced at the 1st of every month for application software operations and maintenance.

2.6.2 SLA Requirements

The Campaign Finance Division administers a mission-critical function of the State Board of Elections. The importance of the continuous cyber-secure operation of MD CRIS, accuracy in the system’s data and reports, functionality of the application software, and immediate access to users statewide cannot be overemphasized.

SBE requires a Service Level Agreement (SLA) with the TO Contractor for Application operations and maintenance in support of MD CRIS. The SLA shall cover the period from transition through February 29, 2020. Annually, beginning in March 2020, the TO Contractor and SBE shall review, modify as needed, and renew the SLA.

The following SLA represents the minimum level of service SBE expects from the TO Contractor. The TO Contractor shall respond to the SBE-proposed SLA with a TO Contractor-proposed SLA, which will expand upon and offer modifications to the SLA proposed by SBE. Following the NTP, the TO Contractor shall meet with the TO Manager to resolve the specifics of the SLA in order to ensure that the support needs of the Agency are met.

- A. The TO Contractor’s SLA proposal shall address the following:
 - 1) Response to SBE calls for assistance. See the Incident Impact Level table below.
 - 2) Application operations and maintenance services: software maintenance and development, database administration, cybersecurity support, and incident reporting.
 - 3) Triage of “System-Down” events. The TO Contractor shall implement a method for prioritizing and repairing reported problems, to ensure optimal use of TO Contractor resources throughout the Task Order term. The order of priority shall be based on Impact Level, as displayed in the table below.
 - 4) Notification of SBE. Within five (5) minutes of detection by the TO Contractor or notification of any system-down condition and within thirty (30) minutes of a cybersecurity incident, data breach, or other failure involving an application component, the network, a state agency interface, or the MD CRIS website, the TO Contractor shall notify the SBE TO Manager, the TO Technical Project Manager, and the Data Center (DC) TO Contractor by telephone. In the case of a live (ongoing) security incident, database threat, or Denial of Service attack, the TO Contractor will first engage the threat and ensure notification of SBE within minutes. Follow up e-

mails on the progress of repair shall be sent to the TO Manager, the TO Technical Project Manager, and the DC TO Contractor. In the event of a cybersecurity breach or other unauthorized access, the TO Contractor shall cooperate with any consequential investigation, response, and mitigation.

- 5) Coordination of operations and maintenance with the MD CRIS DC TO Contractor.
 - 6) Technical support resolution rates. For this system, a standard of 90% first call resolution of technical issues presented by SBE Campaign Finance staff is required. Failure to maintain this rate will result in a reduction of monthly payments for the technical support deliverable, on a percent by percent basis. Falling below 85% first call resolution will be basis for replacement of the technical support staff or sub-contractor.
 - 7) MD CRIS availability statewide of 99% of total time outside of SBE pre-approved downtimes. Calculation will be based on hours of availability required for that month on the Peak Support Calendar provided by SBE.
 - 8) Tape backups and successful completion of backups of all datasets on a daily, weekly and monthly schedule. Backup success of 99% is expected.
 - 9) Backup window is not exceeded. On-time backup completion of 99% is expected.
 - 10) Quarterly testing to validate that backups can be used to restore either individual data elements or the entire system. Backup validations of 100% are expected.
 - 11) Use of a TO Contractor-supplied application incident reporting software to log problems and assign an initial Impact Level (High, Moderate, Low, No Business Impact). The Agency shall make the final determination of the severity of the incident.
 - 12) Review and approval from the TO Manager or the Technical Project Manager of any proposed remediation plan and relevant target dates.
 - 13) Updating the application incident reporting software to reflect the steps taken to resolve all problems.
 - 14) Notification via e-mail of the TO Manager and other designated individuals when a problem is resolved.
- B. SBE reserves the right to modify the TO Contractor's proposed SLA. The TO Contractor's SLA shall be reviewed and updated annually during the Annual Work Plan meetings discussed in **Section 2.3.1**.
- C. Incidents shall be addressed in the order of the Impact Levels, and within the Escalation and Resolution timeframes, in the table below.
- D. The TO Contractor's SLA shall be reviewed and updated annually during the Annual Work Plan meetings discussed in Section 2.3.1.

Table 2: Incident Impact Level

Impact Level	Impact	Escalation (Business Hours)	Resolution Time (Business Hours)	Resolution Time (Outside of Business Hours)
1	High Business Impact Example: Security incidents and issues that result in denying access to functionality to SBE Campaign Finance (CF) staff or Campaign Committees in the State	Immediate	Within four (4) hours	Within twelve (12) hours*
2	Moderate Business Impact Example: Issues that result in denying access or critical functionality to the BCDS module	Within one (1) hour	Within twelve (12) hours	Within one (1) business day
3	Low Business Impact Example: Issues that deny functionality to a single user	Within one (1) business day	Within next two (2) business days	Within next two (2) business days
4	No Business Impact Example: Network is 100% functional, but assistance is required in the configuration or use of the network	Within one (1) business day	Within next two (2) business days	Within next three (3) business days

*Resolution time for High Business Impact events during election periods (outside of business hours) shall be within 7 hours.

2.6.3 SLA Effective Date (SLA Activation Date)

The SLA shall be in effect beginning with the commencement of monthly services, as of the completion of the transition period, which is defined as the transition of services and verification of data transfer to the TO Contractor.

2.6.4 SLA Reporting

- A. SLA Monthly Report. To allow SBE to monitor performance under the Task Order, the TO Contractor shall propose and SBE shall concur on the content of an SLA Monthly Report (Summary and Detail reports). This report will be sent by the TO Contractor to SBE in an electronic format approved by SBE. The SLA Monthly Report is due by the 5th calendar day after month-end. After reviewing the report, SBE may request changes in operating practices or SLA Monthly Report content, in order to improve management.

- 1) *Deliverable Status.* The SLA Monthly Report is due monthly to the TO Manager shall contain the following information for the deliverables, including software releases, in the TO year and any added Work Orders:
 - a) Date report submitted;
 - b) TO title and number;
 - c) Agency name and contact information (TO Manager);
 - d) TO Contractor name and contact information;
 - e) Inclusive dates of work performance;
 - f) Tasks completed during the month, including hours spent on software development tasks and hours spent on warranty (repair) tasks;
 - g) Status of open tasks (partially completed deliverables);
 - h) Status of any associated deliverables;
 - i) Outstanding issues and resolution status; and
 - j) Tasks planned for the subsequent period.
- 2) *Operations and Maintenance.* For performance management purposes, the TO Contractor shall provide information on MD CRIS statewide operations to the TO Manager in the monthly SLA report. This information will be used to validate if the system is performing according to the requirements of the Task Order, and may also be used by the TO Contractor to pinpoint, troubleshoot, or prevent problems within the application or infrastructure. At a minimum, the SLA Report will include for the reporting period:
 - a) MD CRIS and BCDS application uptimes, scheduled downtimes and reason, and maintenance.
 - b) MD CRIS and BCDS application unscheduled downtimes, failed backups, equipment failures, application or security incidents, server failure, other, and corrective actions taken;
 - c) Results of disaster recovery tests performed and any findings related to MD CRIS;
 - d) Data backups performed;
 - e) Application incidents entered into the incident reporting system;
 - f) Routine and extraordinary database activities, including scripts run, record growth, indexing, storage available, and storage needed; and
 - g) Open tasks, including a description of the task, the location of the work to be performed, the systems affected, and the status of each task.
- 3) *Security Incidents.* The TO Contractor shall provide information on MD CRIS security incidents to the TO Manager in the monthly SLA report.
 - a) Dates, numbers, types, and severity of security incidents;
 - b) Data breaches attempted and degrees of success;

- c) Risk assessment findings; and
 - d) Vulnerability scan results.
- B. SBE also intends to establish an SLA with the MD CRIS DC TO Contractor that includes hosting and security incident response services. The SLA will require the DC TO Contractor to notify the AP TO Contractor by telephone and e-mail when entering a trouble ticket relating to website or network issues.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

3 TO Contractor Requirements: General

3.1 Task Order Initiation

TO Contractor shall schedule and hold a kickoff meeting within 10 Business Days of NTP Date. At the kickoff, the TO Contractor shall furnish an updated Project Schedule describing the activities for the TO Contractor, the State, and any third parties for fully transitioning to the Contractor's Solution.

3.2 End of Task Order Transition

- 3.2.1** The TO Contractor shall provide transition assistance as requested by SBE to facilitate the orderly transfer of services to the State or a subsequent contractor.
- 3.2.2** The TO Contractor shall provide transition assistance for up to 60 days prior to Task Order end date, or the termination thereof.
- 3.2.3** The TO Contractor's transition assistance services may include, but are not limited to:
- A. Providing a draft transition plan no later than 120 calendar days before the TO is complete;
 - B. Providing additional services and/or support as requested to successfully complete the transition;
 - C. Maintaining the services called for by the Task Order at the required level of proficiency;
 - D. Providing updated system documentation, as appropriate; and
 - E. Providing current operating procedures (as appropriate).
- 3.2.4** The TO Contractor shall follow the direction of the TO Manager in its work toward a prompt and timely transition. The TO Manager may provide the TO Contractor with additional instructions to meet specific transition requirements prior to the end of Task Order.
- 3.2.5** The TO Contractor shall ensure that all necessary knowledge and materials for the tasks completed are transferred to the custody of State personnel or a third party, as directed by the TO Manager.
- 3.2.6** The transition plan required in Section 3.2.3A shall include:
- A. Any staffing concerns or issues related to the closeout of the TO;
 - B. Communications and reporting process between the TO Contractor, SBE and the TO Manager;
 - C. Security and system access review and closeout;
 - D. Any hardware/software inventory or licensing, including transfer of any point of contact for required software licenses to the Agency or a designee;
 - E. Any final training/orientation of Agency staff;
 - F. Connectivity services provided, activities and approximate timelines required for Transition-Out;
 - G. Knowledge transfer, to include:
 - 1) A working knowledge of the current system environments as well as the general business practices of the Agency;

- 2) Review with the Agency the procedures and practices that support the business process and current system environments;
 - 3) Working knowledge of all technical and functional matters associated with the Solution, its architecture, data file structure, interfaces, any batch programs, and any hardware or software tools utilized in the performance of this Task Order;
 - 4) Documentation that lists and describes all hardware and software tools utilized in the performance of this Task Order;
 - 5) A working knowledge of various utilities and corollary software products used in support and operation of the Solution;
- H. Plans to complete tasks and any unfinished work items (including open change requests, and known bug/issues); and
- I. Any risk factors with the timing and the Transition-Out schedule and transition process. The TO Contractor shall document any risk factors and suggested solutions.

3.2.7 The TO Contractor shall ensure all documentation and data including, but not limited to, System Documentation and current operating procedures, is current and complete with a hard and soft copy in a format prescribed by the TO Manager.

3.2.8 The TO Contractor shall provide copies of any current daily and weekly back-ups to the Agency or a third party as directed by the TO Manager as of the final date of transition, but no later than the final date of the Task Order.

3.2.9 Access to any data or configurations of the furnished product and/or services shall be available after the expiration of the Task Order as described in **Section 3.2.5**.

3.2.10 Return and Maintenance of State Data

- A. Upon termination or the expiration of the TO Agreement term, the TO Contractor shall: (a) return to the State all State data in either the form it was provided to the TO Contractor or in a mutually agreed format along with the schema necessary to read such data; (b) preserve, maintain, and protect all State data until the earlier of a direction by the State to delete such data or the expiration of 90 days (“the retention period”) from the date of termination or expiration of the TO Agreement term; (c) after the retention period, the TO Contractor shall securely dispose of and permanently delete all State data in all of its forms, such as disk, CD/DVD, backup tape and paper such that it is not recoverable, according to National Institute of Standards and Technology (NIST)-approved methods with certificates of destruction to be provided to the State; and (d) prepare an accurate accounting from which the State may reconcile all outstanding accounts. The final monthly invoice for the services provided hereunder shall include all charges for the 90-day data retention period.
- B. During any period of service suspension, the TO Contractor shall maintain all State data in its then existing form, unless otherwise directed in writing by the TO Manager.
- C. In addition to the foregoing, the State shall be entitled to any post-termination/expiration assistance generally made available by TO Contractor with respect to the services.

3.3 Invoicing

3.3.1 Definitions

- A. “Proper Invoice” means a bill, written document, or electronic transmission, readable by the agency, provided by a vendor requesting an amount that is due and payable by law under a

written procurement contract for property received or services rendered that meets the requirements of COMAR 21.06.09.02.

- B. "Late Payment" means any amount that is due and payable by law under a written procurement contract, without deferral, delay, or set-off under COMAR 21.02.07.03, and remains unpaid more than 45 days after an agency receives a Proper Invoice.
- C. "Payment" includes all required processing and authorization by the Comptroller of the Treasury, as provided under COMAR 21.02.07, and may be deferred, delayed, or set-off as applicable under COMAR 21.02.07.03.

3.3.2 General

- A. Invoice payments to the TO Contractor shall be governed by the terms and conditions defined in the CATS+ Master Contract.
- B. The TO Contractor shall e-mail the original of each invoice and signed authorization to invoice to the TO Manager. Email address will be provided following contract award.
- C. All invoices for services shall be verified by the TO Contractor as accurate at the time of submission.
- D. Invoices submitted without the required information cannot be processed for payment. A Proper Invoice, required as Payment documentation, must include the following information, without error:
 - 1) TO Contractor name and address;
 - 2) Remittance address;
 - 3) Federal taxpayer identification (FEIN) number, social security number, as appropriate;
 - 4) Invoice period (i.e. time period during which services covered by invoice were performed);
 - 5) Invoice date;
 - 6) Invoice number;
 - 7) State assigned TO Agreement number;
 - 8) State assigned (Blanket) Purchase Order number(s);
 - 9) Goods or services provided;
 - 10) Amount due; and
 - 11) Any additional documentation required by regulation or the Task Order.
- E. Invoices shall contain only fixed price deliverables; time and materials billing will not be accepted.
- F. The TO Contractor shall bill for development hours only when new releases are accepted in production by SBE. The State will pay the amount properly invoiced for the release based on the Annual Deliverable and Payment Schedule less 10 percent. The 10 percent amount will be retained for the 60-calendar-day period immediately following production use.
- G. The Agency reserves the right to reduce or withhold Task Order payment in the event the TO Contractor does not provide the Agency with all required deliverables within the time frame specified in the Task Order or otherwise breaches the terms and conditions of the Task

Order until such time as the TO Contractor brings itself into full compliance with the Task Order.

- H. Any action on the part of the Agency, or dispute of action by the TO Contractor, shall be in accordance with the provisions of Md. Code Ann., State Finance and Procurement Article §§ 15-215 through 15-223 and with COMAR 21.10.04.
- I. The State is generally exempt from federal excise taxes, Maryland sales and use taxes, District of Columbia sales taxes and transportation taxes. The TO Contractor; however, is not exempt from such sales and use taxes and may be liable for the same.
- J. Invoices for final payment shall be clearly marked as “FINAL” and submitted when all work requirements have been completed and no further charges are to be incurred under the TO Agreement. In no event shall any invoice be submitted later than 60 calendar days from the TO Agreement termination date.

3.3.3 Invoice Submission Schedule

The TO Contractor shall submit invoices in accordance with the following schedule:

- A. For items of work for which there is one-time pricing (see **Attachment B** – TO Financial Proposal Form) those items shall be billed in the month following the acceptance of the work by the Agency.
- B. For items of work for which there is annual pricing, see **Attachment B** – TO Financial Proposal Form, those items shall be billed in equal monthly installments for the applicable Task Order year in the month following the performance of the services.
- C. Invoices shall be submitted monthly and within 30 days of delivery of goods and services unless otherwise accepted in the TO Proposal response.

3.3.4 Deliverable Invoicing

- A. Deliverable invoices shall be accompanied by notice(s) of acceptance issued by the State for all invoices submitted for payment. Payment of invoices will be withheld if a signed DPAF is not submitted (see online example at <http://doit.maryland.gov/contracts/Documents/CATSPPlus/CATS+DPAFSample.pdf>).
- B. Payment for deliverables will only be made upon completion and acceptance of the deliverables as defined in **Section 2.4**.

3.3.5 For the purposes of this Task Order an amount will not be deemed due and payable if:

- A. The amount invoiced is inconsistent with the Task Order.
- B. The proper invoice has not been received by the party or office specified in the Task Order.
- C. The invoice or performance is in dispute or the TO Contractor has failed to otherwise comply with the provisions of the Task Order.
- D. The item or services have not been accepted.
- E. The quantity of items delivered is less than the quantity ordered.
- F. The items or services do not meet the quality requirements of the Task Order
- G. If the Task Order provides for progress payments, the proper invoice for the progress payment has not been submitted pursuant to the schedule.

- H. If the Task Order provides for withholding a retainage and the invoice is for the retainage, all stipulated conditions for release of the retainage have not been met.
- I. The TO Contractor has not submitted satisfactory documentation or other evidence reasonably required by the TO Procurement Officer or by the contract concerning performance under the contract and compliance with its provisions.

3.3.6 Travel Reimbursement

Travel will not be reimbursed under this TORFP.

3.3.7 Retainage

The TO Contractor shall invoice SBE monthly. SBE will pay the amount properly invoiced, based on the Annual Deliverable and Payment Schedule, less 10 percent (%). The TO Manager will retain the 10 percent (%) amount, should the deliverable(s) be deemed unsatisfactory.

3.4 Liquidated Damages

This solicitation does not require liquidated damages.

3.5 Insurance Requirements

3.5.1 The Offeror shall maintain the insurance policies incorporated into its Master Contract (*see* Master Contract, Section 2.7) for the period of the TO.

3.5.2 Cybersecurity/Data Breach Insurance

In addition to the insurance specified in the CATS+ RFP Section 2.7, TO Contractor shall maintain Cybersecurity / Data Breach Insurance in the amount of ten million dollars (\$10,000,000) per occurrence. The coverage must be valid at all locations where work is performed or data or other information concerning State residents and employees is processed or stored.

3.6 Security Requirements

3.6.1 Employee Identification

- A. TO Contractor Personnel shall display his or her company ID badge in a visible location at all times while on SBE's premises. Upon request of authorized SBE personnel, each such TO Contractor Personnel shall provide additional photo identification.
- B. TO Contractor Personnel shall cooperate with State site requirements, including but not limited to, being escorted at all times and providing information for State badge issuance.
- C. TO Contractor shall remove any TO Contractor Personnel from working on the Task Order if SBE, in its sole discretion, determines that said TO Contractor Personnel has not adhered to the Security requirements specified herein.
- D. SBE reserves the right to request that the TO Contractor submit proof of employment authorization of non-United States Citizens, prior to commencement of work under the Task Order.
- E. Unless otherwise specified, the cost of complying with all security requirements specified herein are the sole responsibility and obligation of the TO Contractor and its subcontractors and no such costs shall be passed through to or reimbursed by the State or any of its agencies or units.

3.6.2 Security Clearance / Criminal Background Checks

- A. Maryland Criminal Justice Information System criminal history record check.
- B. At a minimum, these background checks must include all convictions and probation before judgment (PBJ) dispositions. The TO Contractor may not assign an individual whose background check reflects any criminal activity to work under this Task Order unless prior written approval is obtained from the TO Contract Manager.
- C. TO Contractor shall be responsible for ensuring that TO Contractor Personnel background check certifications are renewed annually, and at the sole expense to the TO Contractor.
- D. The TO Contractor's personnel performing services under this TO may be subject to random security checks during entry and exit of State-secured areas. The State reserves the right to require TO Contractor Personnel to be accompanied while on secured premises.
- E. TO Contractor shall complete a criminal background check prior to any individual TO Contractor Personnel being assigned work on the project. TO Contractor shall provide a Criminal Background Check Affidavit (Appendix 3) within 45 days of NTP.

3.6.3 Information Technology

The TO Contractor shall:

- A. Implement administrative, physical, and technical safeguards to protect State data. These safeguards shall not be less rigorous than accepted industry best practices for information security such as those listed below (see **Section 3.6.4**);
- B. Ensure that all such safeguards, including the manner in which State data is collected, accessed, used, stored, processed, disposed of and disclosed, comply with applicable data protection and privacy laws as well as the terms and conditions of the TO Agreement; and
- C. The TO Contractor and its personnel shall (i) abide by all applicable federal, State and local laws, rules and regulations concerning security of Information Systems and Information Technology and (ii) comply with and adhere to the State IT Security Policy and Standards as each may be amended or revised from time to time. Updated and revised versions of the State IT Policy and Standards are available online at:
www.doit.maryland.gov/support/pages/securitypolicies.aspx

3.6.4 Data Protection and Controls

- A. TO Contractor shall ensure a secure environment for all State data and any hardware and software (including but not limited to servers, network and data components) to be provided or used in connection with the performance of the TO Agreement and shall apply or cause application of appropriate controls so as to maintain such a secure environment ("Security Best Practices"). Such Security Best Practices shall comply with an accepted industry standard, such as the NIST cybersecurity framework (<https://www.nist.gov/framework>).
- B. To ensure appropriate data protection safeguards are in place, the TO Contractor shall implement and maintain the following controls at all times throughout the term of the TO Agreement (the TO Contractor may augment this list with additional controls):
 - 1) Establish separate production, test, and training environments for systems supporting the services provided under this TO Agreement and ensure that production data is not replicated in test and/or training environment(s) unless it has been previously anonymized or otherwise modified to protect the confidentiality of Sensitive Data

elements. The TO Contractor shall ensure the appropriate separation of production and non-production environments by applying the data protection and control requirements listed in this section.

- 2) For MDCRIS and BCDS production operations, the Application TO Contractor shall utilize virtual private network (VPN) communications with two-factor authentication with the Hosting TO Contractor web/data servers.
- 3) Apply hardware and software hardening procedures as recommended by Center for Internet Security (CIS) guides <https://www.cisecurity.org/>, Security Technical Implementation Guides (STIG) <http://iase.disa.mil/Pages/index.aspx>, or similar industry best practices to reduce the TO Contractor/subcontractor's systems' surface of vulnerability, eliminating as many security risks as possible and documenting what is not feasible and/or not performed according to best practices. Any hardening practices not implemented shall be documented with a plan of action and milestones including any compensating control. These procedures may include but are not limited to removal of unnecessary software, disabling or removing unnecessary services, removal of unnecessary usernames or logins, and the deactivation of unneeded features in the TO Contractor/subcontractor's system configuration files.
- 4) Ensure that State data is not comingled with non-State data through the proper application of compartmentalization security measures.
- 5) Apply data encryption to protect Sensitive Data at all times, including in transit, at rest, and also when archived for backup purposes. Unless otherwise directed, the TO Contractor is responsible for the encryption of all Sensitive Data.
- 6) For all State data the TO Contractor manages or controls, data encryption shall be applied to such data in transit over untrusted networks. Encryption algorithms which are utilized for encrypting data shall comply with current Federal Information Processing Standards (FIPS), "Security Requirements for Cryptographic Modules", FIPS PUB 140-2:

<http://csrc.nist.gov/publications/fips/fips140-2/fips1402.pdf>
<http://csrc.nist.gov/groups/STM/cmvp/documents/140-1/1401vend.htm>
- 7) Enable appropriate logging parameters to monitor user access activities, authorized and failed access attempts, system exceptions, and critical information security events as recommended by the operating system and application manufacturers and information security standards, including Maryland Department of Information Technology's Information Security Policy.
- 8) Retain the aforementioned logs and review them at least daily to identify suspicious or questionable activity for investigation and documentation as to their cause and remediation, if required. The Agency shall have the right to inspect these policies and procedures and the TO Contractor or subcontractor's performance to confirm the effectiveness of these measures for the services being provided under this TO Agreement.
- 9) Ensure system and network environments are separated by properly configured and updated firewalls.

- 10) Restrict network connections between trusted and untrusted networks by physically and/or logically isolating systems from unsolicited and unauthenticated network traffic.
- 11) By default, “deny all” and only allow access by exception.
- 12) Review at least annually the aforementioned network connections, documenting and confirming the business justification for the use of all service, protocols, and ports allowed, including the rationale or compensating controls implemented for those protocols considered insecure but necessary.
- 13) Perform regular vulnerability testing of operating system, application, and network devices. Such testing is expected to identify outdated software versions; missing software patches; device or software misconfigurations; and to validate compliance with or deviations from the security policies applicable to this TO Agreement. TO Contractor shall evaluate all identified vulnerabilities for potential adverse effect on security and integrity and remediate the vulnerability no later than 30 days following the earlier of vulnerability’s identification or public disclosure, or document why remediation action is unnecessary or unsuitable. The Agency shall have the right to inspect the TO Contractor’s policies and procedures and the results of vulnerability testing to confirm the effectiveness of these measures for the services being provided under this TO Agreement.
- 14) Enforce strong user authentication and password control measures to minimize the opportunity for unauthorized access through compromise of the user access controls. At a minimum, the implemented measures should be consistent with the most current Maryland Department of Information Technology’s Information Security Policy (<http://doit.maryland.gov/support/Pages/SecurityPolicies.aspx>), including specific requirements for password length, complexity, history, and account lockout.
- 15) Ensure State Data is not processed, transferred, or stored outside of the United States (“U.S.”). The TO Contractor shall provide its services to the State and the State’s end users solely from data centers in the U.S. Unless granted an exception in writing by the State, the TO Contractor shall not allow TO Contractor Personnel to store State data on portable devices, including personal computers, except for devices that are used and kept only at its U.S. data centers. The TO Contractor shall permit its TO Contractor Personnel to access State data remotely only as required to provide technical support.
- 16) Ensure that anti-virus and anti-malware software is installed and maintained on all systems supporting the services provided under this TO Agreement; that the anti-virus and anti-malware software is automatically updated; and that the software is configured to actively scan and detect threats to the system for remediation. The TO Contractor shall perform routine vulnerability scans and take corrective actions for any findings.
- 17) Conduct regular external vulnerability testing designed to examine the service provider’s security profile from the Internet without benefit of access to internal systems and networks behind the external security perimeter; evaluate all identified vulnerabilities on Internet-facing devices for potential adverse effect on the service’s security and integrity; and remediate the vulnerability promptly or document why remediation action is unnecessary or unsuitable. The Agency shall have the right to

inspect these policies and procedures and the performance of vulnerability testing to confirm the effectiveness of these measures for the services being provided under this TO Agreement.

3.6.5 Security Incident Response

- A. The TO Contractor shall notify the Agency in accordance with requirements **A-D of this section** when any TO Contractor system that may access, process, or store State data or State systems experiences a security incident.
- 1) The TO Contractor shall notify the Agency within:
 - a) Thirty (30) minutes of the discovery of an actual or suspected security incident;
 - b) Thirty (30) minutes if there is a threat to TO Contractor's solution as it pertains to the use, disclosure, and security of State data; and
 - c) Thirty (30) minutes after TO Contractor's discovery of unauthorized use or disclosure of State data, and thereafter, all information the State (or Agency) requests concerning such unauthorized use or disclosure.
 - 2) The TO Contractor shall first provide notice verbally and immediately follow up the verbal notice with written or electronic correspondence.
 - 3) The TO Contractor shall provide notice to the TO Manager, the Assistant TO Manager, or the Technical Project Manager.
- B. TO Contractor's notice shall identify:
- 1) the nature of the unauthorized use or disclosure, or security incident;
 - 2) the State data used or disclosed;
 - 3) who made the unauthorized use or received the unauthorized disclosure;
 - 4) what the TO Contractor has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure;
 - 5) what corrective action the TO Contractor has taken or shall take to prevent future similar unauthorized use or disclosure; and
 - 6) any other information, including a written report, as requested by the State.
- C. Upon approval of SBE, the TO Contractor is authorized to share with outside entities information about a security incident. These outside entities may include law enforcement, media, and external expertise, defined by law or contained in the TO Agreement. Discussing security incidents with SBE shall be handled on an urgent as-needed basis, as part of TO Contractor communication and mitigation processes as mutually agreed upon, defined by law or contained in the TO Agreement.
- D. The TO Contractor shall comply with all applicable laws that require the notification of individuals in the event of unauthorized release of State data or other event requiring notification, and, where notification is required, assume responsibility for informing all such individuals in accordance with applicable law and to indemnify and hold harmless the State (or Agency) and its officials and employees from and against any claims, damages, and actions related to the event requiring notification.

3.6.6 Data Breach Responsibilities

- A. If the TO Contractor has reason to believe or has actual knowledge of a data breach or suspected data breach, the TO Contractor shall, unless otherwise directed:
 - 1) Notify the appropriate TO Manager within thirty (30) minutes by telephone and email in accordance with the agreed upon security plan or security procedures unless a shorter time is required by applicable law;
 - 2) Cooperate with SBE and any entity assisting SBE to investigate and resolve the data breach;
 - 3) Upon approval of SBE, promptly implement commercially reasonable remedial measures to remedy the data breach; and
 - 4) Document responsive actions taken related to the data breach, including any post-incident review of events and actions taken, to make changes in business practices in providing the services.
- B. If a data breach is a direct result of the TO Contractor's breach of its TO Agreement obligation to encrypt State data or otherwise prevent its release, the TO Contractor shall bear the costs associated with (1) the investigation and resolution of the data breach; (2) notifications to individuals, regulators or others required by State law; (3) a credit monitoring service required by State or federal law; (4) a website or a toll-free number and call center for affected individuals required by State law; and (5) all corrective actions.

3.6.7 Additional security requirements may be established in a Task Order and/or a Work Order.

3.6.8 SBE shall, at its discretion, have the right to review and assess the Contractor's compliance to the security requirements and standards defined in the TO Agreement.

3.6.9 Provisions in Sections 3.6.1 – 3.6.10 shall survive expiration or termination of the TO Agreement. Additionally, the TO Contractor shall flow down the provisions of Sections 3.6.4-3.6.10 (or the substance thereof) in all subcontracts.

3.7 SOC 2 Type 2 Audit Report

3.7.1 A SOC 2 Type 2 Audit applies to the Contract. The applicable trust principles are: Security and Confidentiality. The Agency is to choose which of the five trust principles apply as defined in the aforementioned Guidance.

3.7.2 In the event the Contractor provides services for identified critical functions, handles Sensitive Data, or hosts any related implemented system for the State under the Contract, the Contractor shall have an annual audit performed by an independent audit firm of the Contractor's handling of Sensitive Data or the Agency's critical functions. Critical functions are identified as all aspects and functionality of the Solution including any add-on modules and shall address all areas relating to Information Technology security and operational processes. These services provided by the Contractor that shall be covered by the audit will collectively be referred to as the "Information Functions and Processes." Such audits shall be performed in accordance with audit guidance: Reporting on Controls at a Service Organization Relevant to Security, Availability, Processing Integrity, Confidentiality, or Privacy (SOC 2) as published by the American Institute of Certified Public Accountants (AICPA) and as updated from time to time, or according to the most current audit guidance promulgated by the AICPA or similarly-recognized professional

organization, as agreed to by the Agency, to assess the security of outsourced client functions or data (collectively, the “Guidance”) as follows:

- A. The type of audit to be performed in accordance with the Guidance is a SOC 2 Type 2 Audit (referred to as the “SOC 2 Audit” or “SOC 2 Report”). All SOC2 Audit Reports shall be submitted to the Contract Monitor as specified in Section F below. The initial SOC 2 Audit shall be completed within a timeframe to be specified by the State. The audit period covered by the initial SOC 2 Audit shall start with the Contract Effective Date unless otherwise agreed to in writing by the Contract Monitor. All subsequent SOC 2 Audits after this initial audit shall be performed at a minimum on an annual basis throughout the Term of the Contract, and shall cover a 12-month audit period or such portion of the year that the Contractor furnished services.
- B. The SOC 2 Audit shall report on the suitability of the design and operating effectiveness of controls over the Information Functions and Processes to meet the requirements of the Contract, including the Security Requirements identified in **Section 3.7**, relevant to the trust principles identified in 3.9.1: as defined in the aforementioned Guidance.
- C. The audit scope of each year’s SOC 2 Report may need to be adjusted (including the inclusion or omission of the relevant trust services principles of Security, Availability, Processing Integrity, Confidentiality, and Privacy) to accommodate any changes to the environment since the last SOC 2 Report. Such changes may include but are not limited to the addition of Information Functions and Processes through modifications to the Contract or due to changes in Information Technology or the operational infrastructure. The Contractor shall ensure that the audit scope of each year’s SOC 2 Report engagement shall accommodate these changes by including in the SOC 2 Report all appropriate controls related to the current environment supporting the Information Functions and/or Processes, including those controls required by the Contract.
- D. The scope of the SOC 2 Report shall include work performed by any subcontractors that provide essential support to the TO Contractor or essential support to the Information Functions and Processes provided to the Agency under the Contract. The Contractor shall ensure the audit includes all such subcontractors operating in performance of the Contract.
- E. All SOC 2 Audits, including those of the Contractor, shall be performed at no additional expense to the Agency.
- F. The Contractor shall provide to the Contract Monitor, within 30 calendar days of the issuance of each SOC 2 Report, a complete copy of the final SOC 2 Report(s) and a documented corrective action plan addressing each audit finding or exception contained in the SOC 2 Report. The corrective action plan shall identify in detail the remedial action to be taken by the Contractor along with the date(s) when each remedial action is to be implemented.
- G. If the Contractor currently has an annual, independent information security assessment performed that includes the operations, systems, and repositories of the Information Functions and Processes being provided to the Agency under the Contract, and if that assessment generally conforms to the content and objective of the Guidance, the Agency will determine in consultation with appropriate State government technology and audit authorities whether the Contractor’s current information security assessments are acceptable in lieu of the SOC 2 Report(s).

- H. If the Contractor fails during the Contract term to obtain an annual SOC 2 Report by the date specified in **Section 3.9.2.A**, the Agency shall have the right to retain an independent audit firm to perform an audit engagement of a SOC 2 Report of the Information Functions and Processes utilized or provided by the Contractor and under the Contract. The Contractor agrees to allow the independent audit firm to access its facility/ies for purposes of conducting this audit engagement(s), and will provide the necessary support and cooperation to the independent audit firm that is required to perform the audit engagement of the SOC 2 Report. The Agency will invoice the Contractor for the expense of the SOC 2 Report(s), or deduct the cost from future payments to the Contractor.
- 1) Provisions in **Section 3.9.1-2** shall survive expiration or termination of the Contract. Additionally, the Contractor shall flow down the provisions of **Section 3.9.1-2** (or the substance thereof) in all subcontracts.

3.8 Performance and Personnel

3.8.1 Personnel to Propose

- A. As part of the TO Proposal evaluation, Offerors shall propose exactly four (4) Key Personnel to fulfill the requirements of this TORFP, who are expected to be available as of the start date specified in the Notice to Proceed (NTP).
- B. The TO Contractor shall comply with all provisions of the Security Requirements (Section 3.6) of this TO. The TO Contractor may not assign an individual whose background check reflects any criminal activity to work under this Task Order unless prior written approval is obtained from the TO Contract Manager.

3.8.2 Key Personnel Identified

For the Task Order, the following positions to be identified in the TO Technical Proposal will be considered Key Personnel, and shall be required to meet the qualifications stated in **Section 1.1**.

- 1) *Business Process Consultant (Senior)* – The Business Process Consultant will be responsible for the following:
- a) Developing business requirements and business processes re-engineering methodologies.
 - b) Solving application and process related problems by creating detail process and system design specifications; and working with other areas across the business units to support a total solution approach.
 - c) Communicating business requirements for reports and applications development.
 - d) Facilitating collaboration within and across business units and across IT functions.
 - e) Resolving problems and improving business units' technical environments.
- 2) *Application Developer, Advanced Technology (Senior)* – The Advanced Technology Application Developer will be responsible for the following:
- a) Translating application requirements into web-based solutions using available technology.

- b) Applying new and emerging technologies to the software development process.
- 3) *Database Management Specialist (Senior)* – The Database Management Specialist will be responsible for the following:
 - a) Providing highly technical expertise and support in the use of DBMS.
 - b) Evaluating and recommending available DBMS products to support validated user requirements.
 - c) Defining file organization, indexing methods, and security procedures for specific user applications.
 - d) Developing, implementing, and maintaining database back-up and recovery procedures for the processing environments, and ensuring that data integrity, security, and recoverability are built into the DBMS applications.
- 4) *System Security Specialist (Part-time)* – The System Security Specialist will be responsible for the following:
 - a) Providing expert-level advice, analysis, and functional expertise to security-related tasks.
 - b) Demonstrating exceptional oral and written communication skills.
 - c) Reviewing security requirements and task documentation for accuracy and applicability.

3.8.3 Labor Categories

The Labor Categories are identified in Section 3.8.2. To be responsive to this RFP, Offerors must be capable of providing personnel meeting the minimum requirements for all the labor categories listed. Actual resumes shall be provided only for Key Personnel.

3.8.4 Substitution of Education for Experience

A Bachelor's Degree or higher may be substituted for the general and specialized experience for those labor categories requiring a High School Diploma. A Master's Degree may be substituted for two years of the general and specialized experience for those labor categories requiring a Bachelor's Degree. Substitution shall be reviewed and approved by the State at its discretion.

3.8.5 Substitution of Experience for Education

- A. Substitution of experience for education may be permitted at the discretion of the State.
- B. Substitution of Professional Certificates for Experience:
 - 1) Professional certification (e.g., Microsoft Certified Solutions Expert, SQL Certified Database Administrator) may be substituted for up to two (2) years for general and specialized experience at the discretion of the State.

3.8.6 TO Contractor Personnel Maintain Certifications

Any TO Contractor Personnel provided under this TORFP shall maintain in good standing any required professional certifications for the duration of the TO Agreement.

3.8.7 Work Hours

- A. Business Hours Support: TO Contractor shall assign TO Contractor Personnel to support Agency business hours (8:00 AM EST to 5:00 PM EST), Monday through Friday, except for State holidays or mandated State closings.
- B. TO Contractor Personnel may also be required to provide occasional support outside of normal State Business Hours, including evenings, overnight, and weekends, to support specific efforts and emergencies, such as to resolve system repair or restoration.
- C. Minimum and Maximum Hours: Full-time TO Contractor Personnel shall work 40 hours per week with starting and ending times as approved by the TO Manager. A flexible work schedule may be used with TO Manager approval, including time to support any efforts outside core business hours. TO Contractor Personnel may also be requested to restrict the number of hours TO Contractor personnel can work within a given period of time that may result in less than an eight-hour day or less than a 40-hour work week.
- D. Vacation Hours: Requests for leave shall be submitted to the TO Manager at least two weeks in advance. The TO Manager reserves the right to request a temporary replacement if leave extends longer than one consecutive week. In cases where there is insufficient coverage, a leave request may be denied.

3.9 Substitution of Personnel

3.9.1 Directed Personnel Replacement

- A. The TO Manager may direct the TO Contractor to replace any TO Contractor Personnel who, in the sole discretion of the TO Manager, are perceived as being unqualified, non-productive, unable to fully perform the job duties, disruptive, or known, or reasonably believed, to have committed a major infraction(s) of law or Agency, Contract, or Task Order requirement.
- B. If deemed appropriate in the discretion of the TO Manager, the TO Manager shall give written notice of any TO Contractor Personnel performance issues to the TO Contractor, describing the problem and delineating the remediation requirement(s). The TO Contractor shall provide a written Remediation Plan within three (3) days of the date of the notice. If the TO Manager rejects the Remediation Plan, the TO Contractor shall revise and resubmit the plan to the TO Manager within five (5) days of the rejection, or in the timeframe set forth by the TO Manager in writing. Once a Remediation Plan has been accepted in writing by the TO Manager, the TO Contractor shall immediately implement the Remediation Plan.
- C. Should performance issues persist despite the approved Remediation Plan, the TO Manager will give written notice of the continuing performance issues and either request a new Remediation Plan within a specified time limit or direct the removal and replacement of the TO Contractor Personnel whose performance is at issue. A request for a new Remediation Plan will follow the procedure described in section above.
- D. In circumstances of directed removal, the TO Contractor shall provide a suitable replacement for TO Manager approval within fifteen (15) days of the date of the notification of directed removal, or the actual removal, whichever occurs first, or such earlier time as directed by the TO Manager in the event of a removal on less than fifteen days' notice
- E. Normally, a directed personnel replacement will occur only after prior notification of problems with requested remediation, as described above. However, the TO Manager

reserves the right to direct immediate personnel replacement without utilizing the remediation procedure described above.

- F. Replacement or substitution of TO Contractor Personnel under this section shall be in addition to, and not in lieu of, the State's remedies under the Task Order or which otherwise may be available at law or in equity.

3.9.2 Substitution Prior to and 30 Days after Task Order Execution

- A. Prior to Task Order Execution or within thirty (30) days after Task Order Execution, the Offeror may substitute proposed Key Personnel only under the following circumstances: vacancy occurs due to the sudden termination, resignation, or approved leave of absence due to an *Extraordinary Personnel Event*, or death of such personnel. To qualify for such substitution, the Offeror must describe to the State's satisfaction the event necessitating substitution and must demonstrate that the originally proposed personnel are actual full-time direct employees with the Offeror (subcontractors, temporary staff or 1099 contractors do not qualify). Proposed substitutions shall be of equal caliber or higher, in the State's sole discretion. Proposed substitutes deemed by the State to be less qualified than the originally proposed individual may be grounds for pre-award disqualification or post-award termination.
- B. An *Extraordinary Personnel Event* – means Leave under the Family Medical Leave Act; an incapacitating injury or incapacitating illness; or other circumstances that in the sole discretion of the State warrant an extended leave of absence, such as extended jury duty or extended military service.

3.9.3 Substitution More Than 30 Days after Task Order Execution

The procedure for substituting personnel after Task Order execution is as follows:

- A. The TO Contractor may not substitute personnel without the prior approval of the TO Manager.
- B. To replace any personnel, the TO Contractor shall submit resumes of the proposed individual specifying the intended approved labor category. Any proposed substitute personnel shall have qualifications equal to or better than those of the replaced personnel.
- C. Proposed substitute individual shall be approved by the TO Manager. The TO Manager shall have the option to interview the proposed substitute personnel and may require that such interviews be in person. After the interview, the TO Manager shall notify the TO Contractor of acceptance or denial of the requested substitution. If no acceptable substitute personnel is proposed within the time frame established by the TO Manager, the TO Agreement may be cancelled.

3.10 Minority Business Enterprise (MBE) Reports

There is no MBE Participation Goal for this Task Order.

3.11 Veteran Small Business Enterprise (VSBE) Reports

There is no VSBE Goal for this Task Order.

3.12 Additional Clauses

3.12.1 TORFP Subject to CATS+ Master Contract

In addition to the requirements of this TORFP, the Master Contractors are subject to all terms and conditions contained in the CATS+ TORFP issued by the Maryland Department of Information Technology (DoIT) and subsequent Master Contract Project Number 060B2490023, including any amendments, including but not limited to:

- A. Hardware and software costs procured as part of the TORFP cannot exceed 49 percent of the total Task Order value;
- B. Material costs shall be passed through with no mark-up by the TO Contractor;
- C. Non-Visual Access
- D. By responding to this TORFP and accepting a Task Order award, an Offeror specifically agrees that for any software, hardware or hosting service that it proposes for use by the State in response to this TORFP, the State will have the right to purchase from another source, instead of from the selected Offeror.

3.12.2 All times specified in this document are local time, defined as Eastern Standard Time or Eastern Daylight Time, whichever is in effect.

3.12.3 Contract Management Oversight Activities

- A. DoIT is responsible for contract management oversight on the CATS+ Master Contract. As part of that oversight, DoIT has implemented a process for self-reporting contract management activities of Task Orders under CATS+. This process typically applies to active TOs for operations and maintenance services valued at \$1 million or greater, but all CATS+ Task Orders are subject to review.
- B. A sample of the TO Contractor Self-Reporting Checklist is available on the CATS+ website at <http://doit.maryland.gov/contracts/Documents/CATSPlus/CATS+Self-ReportingChecklistSample.pdf>. DoIT may send initial checklists out to applicable/selected TO Contractors approximately three months after the award date for a Task Orders. The TO Contractor shall complete and return the checklist as instructed on the form. Subsequently, at six month intervals from the due date on the initial checklist, the TO Contractor shall update and resend the checklist to DoIT.

3.12.4 Source Code Escrow

Source Code Escrow applies to this TO Agreement. The TO Contractor shall perform source code escrow as described herein.

- A. The State will be named as a beneficiary under an escrow agreement (“Escrow Agreement”) that shall be entered into between the TO Contractor and an escrow agent (“Escrow Agent”) within five (5) days of the date hereof pursuant to which TO Contractor shall deliver a Source Code Escrow Package to Escrow Agent. The term “Source Code Escrow Package” means: a) a complete copy in machine-readable form of the source code and executable code of the software licensed to the State under the TO Agreement; b) a complete copy of any existing design documentation and user documentation; and/or c) complete instructions for compiling and linking every part of the source code into executable code for purposes of enabling verification of the completeness of the source code as provided below. The Escrow Agreement shall govern the maintenance and release of the Source Code Escrow Package, and TO Contractor agrees to update, enhance, or otherwise modify such Source Code Escrow Package promptly upon each release of a new version of any component thereof. TO Contractor shall pay all fees and expenses charged by Escrow Agent, including, but not limited to, fees and expenses related to the State being a named beneficiary under the

Escrow Agreement. The State shall treat the Source Code Escrow Package as TO Contractor's confidential information. Under all circumstances, the Source Code Escrow Package shall remain the property of TO Contractor. The State shall only use the Source Code Escrow Package as contemplated in the Task Order (including, but not limited to confidentiality provisions and usage restrictions). The Escrow Agent shall maintain the Source Code Escrow Package in a repository located in the United States.

- B. In the event that the Escrow Agent either ceases providing escrow services to TO Contractor or TO Contractor determines in its reasonable business judgment that the Escrow Agent is no longer providing acceptable services, TO Contractor shall replace the Escrow Agent with another escrow agent, using an agreement which provides the State with rights no less advantageous than those in the Escrow Agreement. In such case, the new escrow agent shall be substituted in all ways for the incumbent Escrow Agent with respect to **Section 3.12.4.A** above and all references herein to Escrow Agent shall be deemed to include such substitute escrow agent.
- C. TO Contractor shall inform the State of the availability of an escrow for any third party software solutions it provides to the State.
- D. In addition to the rights and obligations contained in the Escrow Agreement referenced in **Section 3.12.4.A**, the State shall have the Software Escrow Package released by the Escrow Agent to the State's possession immediately upon any voluntary or involuntary filing of bankruptcy or any other insolvency proceeding, including but not limited to a general assignment for the benefit of including but not limited to a general assignment for the benefit of creditors, the appointment of a receiver for business or assets; creditors, the appointment of a receiver for business or assets; TO Contractor's dissolution or liquidation, voluntary or otherwise; the State has compelling reasons to believe that such events will cause TO Contractor to fail to meet its obligations in the foreseeable future; or TO Contractor's discontinuance of support or failure to support in accordance with this TO Contract any software system or if the TO Contractor is otherwise unable or unwilling to provide the Source Code Escrow Package. This condition will also be considered met if after repeated e-mail and phone requests by the State for service, the State makes a request for service in writing to the Contractor's last known address served by certified signed receipt required mail delivery by U.S. Post Office or by a nationally recognized (in the United States) overnight carrier, and the TO Contractor remains unresponsive, meaning that the TO Contractor is unable to acknowledge message receipt, unwilling or otherwise unable to satisfy the request for a period longer than 45 days from attempt to deliver the written request.

3.12.5 Purchasing and Recycling Electronic Products

This section does not apply to this solicitation.

3.12.6 Change Control and Advance Notice

- A. Unless otherwise specified in an applicable Service Level Agreement, the Contractor shall give seven (7) days advance notice to the State of any upgrades or modifications that may impact service availability and performance.
- B. Contractor may not modify the functionality or features of any SaaS provided hereunder if such modification materially degrades the functionality of the SaaS.

3.12.7 No-Cost Extensions

In the event there are unspent funds remaining on the TO Agreement, prior to the TO's expiration date the TO Procurement Officer may modify the TO Agreement to extend the TO Agreement beyond its expiration date for the performance of work within the TO's scope of work. Notwithstanding anything to the contrary, no funds may be added to the TO Agreement in connection with any such extension.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

4 TORFP INSTRUCTIONS

4.1 TO Pre-Proposal Conference

- 4.1.1 A TO pre-proposal conference (Conference) will be held at the date, time, and location indicated on the Key Information Summary Sheet.
- 4.1.2 Attendance at the Conference is not mandatory, but all interested parties are encouraged to attend in order to facilitate better preparation of their proposals.
- 4.1.3 Following the Conference, the attendance record and summary of the Conference will be distributed via e-mail to all Master Contractors known to have received a copy of this TORFP.
- 4.1.4 Attendees should bring a copy of the solicitation and a business card to help facilitate the sign-in process.
- 4.1.5 In order to assure adequate seating and other accommodations at the Conference, please e-mail the Pre-Proposal Conference Response Form (**Attachment A**) no later than the time and date indicated on the form. In addition, if there is a need for sign language interpretation and/or other special accommodations due to a disability, please notify the TO Procurement Officer at least five (5) business days prior to the Conference date. The Agency will make a reasonable effort to provide such special accommodation.

4.2 Questions

- 4.2.1 All questions shall identify in the subject line the Solicitation Number and Title D38B9400001 - Maryland Campaign Reporting Information System (MD CRIS) Web-Based Application Software: Operations and Maintenance Support), and shall be submitted in writing via e-mail to the TO Procurement Officer no later than the date and time specified the Key Information Summary Sheet.
- 4.2.2 Answers to all questions that are not clearly specific only to the requestor will be provided to all Master Contractors who are known to have received a copy of the TORFP.
- 4.2.3 The statements and interpretations contained in responses to any questions, whether responded to verbally or in writing, are not binding on the Agency unless it issues an amendment in writing.

4.3 TO Proposal Due (Closing) Date and Time

- 4.3.1 TO Proposals, in the number and form set forth in **Section 5 TO Proposal Format**, must be received by the TO Procurement Officer no later than the TO Proposal due date and time indicated on the Key Information Summary Sheet in order to be considered.
- 4.3.2 Requests for extension of this date or time shall not be granted.
- 4.3.3 Offerors submitting TO Proposals should allow sufficient delivery time to ensure timely receipt by the TO Procurement Officer. Except as provided in COMAR 21.05.03.02.F and 21.05.02.10, TO Proposals received after the due date and time listed in the Key Information Summary Sheet will not be considered.
- 4.3.4 The date and time of an e-mail submission is determined by the date and time of arrival in the e-mail address indicated on the Key Information Summary Sheet.

4.3.5 TO Proposals may be modified or withdrawn by written notice received by the TO Procurement Officer before the time and date set forth in the Key Information Summary Sheet for receipt of TO Proposals.

4.4 Award Basis

Based upon an evaluation of TO Proposal responses as provided in **Section 6.4**, below, a Master Contractor will be selected to conduct the work defined in **Sections 2 and 3**. A specific TO Agreement, **Attachment M**, will then be entered into between the State and the selected Master Contractor, which will bind the selected Master Contractor (TO Contractor) to the contents of its TO Proposal, including the TO Financial Proposal.

4.5 Oral Presentation

4.5.1 Offerors and proposed TO Contractor Personnel will be required to make an oral presentation to State representatives with Key Personnel in attendance. Offerors must confirm in writing any substantive oral clarification of, or change in, their Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Master Contractor's TO Proposal. The TO Procurement Officer will notify Offerors of the time and place of oral presentations and interviews, should interviews be scheduled separately.

4.6 Limitation of Liability

The TO Contractor's liability is limited in accordance with the Limitations of Liability section of the CATS+ Master Contract. TO Contractor's liability for this TORFP is limited to 2 times the total TO Agreement amount.

4.7 MBE Participation Goal

There is no MBE subcontractor participation goal for this procurement.

4.8 VSBE Goal

There is no VSBE participation goal for this procurement.

4.9 Living Wage Requirements

The Master Contractor shall abide by the Living Wage requirements under Title 18, State Finance and Procurement Article, Annotated Code of Maryland and the regulations proposed by the Commissioner of Labor and Industry.

All TO Proposals shall be accompanied by a completed Living Wage Affidavit of Agreement, **Attachment F** of this TORFP.

4.10 Federal Funding Acknowledgement

This Task Order does not contain federal funds.

4.11 Conflict of Interest Affidavit and Disclosure

4.11.1 Offerors shall complete and sign the Conflict of Interest Affidavit and Disclosure (**Attachment H**) and submit it with their Proposals. All Offerors are advised that if a TO Agreement is

awarded as a result of this solicitation, the TO Contractor's Personnel who perform or control work under this TO Agreement and each of the participating subcontractor personnel who perform or control work under this TO Agreement shall be required to complete agreements substantially similar to **Attachment H**, conflict of interest Affidavit and Disclosure.

- 4.11.2** If the TO Procurement Officer makes a determination that facts or circumstances exist that give rise to or could in the future give rise to a conflict of interest within the meaning of COMAR 21.05.08.08A, the TO Procurement Officer may reject an Offeror's TO Proposal under COMAR 21.06.02.03B.
- 4.11.3** Master Contractors should be aware that the State Ethics Law, Md. Code Ann., General Provisions Article, Title 5, might limit the selected Master Contractor's ability to participate in future related procurements, depending upon specific circumstances.
- 4.11.4** By submitting a Conflict of Interest Affidavit and Disclosure, the Offeror shall be construed as certifying all TO Contractor Personnel and Subcontractors are also without a conflict of interest as defined in COMAR 21.05.08.08A.

4.12 Non-Disclosure Agreement

All Offerors are advised that this solicitation and any TO Agreement(s) are subject to the terms of the Non-Disclosure Agreement (NDA) contained in this solicitation as **Attachment H**. This Agreement must be provided within five (5) Business Days of notification of recommended award; however, to expedite processing, it is suggested that this document be completed and submitted with the TO Proposal.

4.13 HIPAA - Business Associate Agreement

A HIPAA Business Associate Agreement is not required for this procurement.

4.14 Non-Israel Boycott Certification

In preparing its bid or offer on this project, the Offeror has considered all proposals submitted from qualified, potential subcontractors and suppliers, and has not, in the solicitation, selection, or commercial treatment of any subcontractor, vendor, or supplier, refuses to transact or terminated business activities, or taken other actions intended to limit commercial relations, with a person or entity on the basis of Israeli national origin, or residence or incorporation in Israel and its territories. The Offeror also has not retaliated against any person or entity for reporting such refusal, termination, or commercially limiting actions. Without limiting any other provision of the solicitation or contract for this project, it is understood and agreed that, if this certification is false, such false certification will constitute grounds for the State to reject the bid or offer submitted by the Offeror on this project, and terminate any contract awarded based on the bid or offer.

4.15 Iranian Non-Investment

All TO Proposals shall be accompanied by a completed Certification Regarding Investments in Iran, **Attachment M** of this TORFP.

4.16 Mercury and Products That Contain Mercury

This solicitation does not include the procurement of products known to likely include mercury as a component.

4.17 Location of the Performance of Services Disclosure

This solicitation does not require a Location of the Performance of Services Disclosure.

4.18 Department of Human Services (DHS) Hiring Agreement

This solicitation does not require a DHS Hiring Agreement.

4.19 Small Business Reserve (SBR) Set-Aside

4.19.1 This is a Small Business Reserve solicitation for which award will be limited to certified small business vendors. Only businesses that meet the statutory requirements set forth in State Finance and Procurement Article, §§14-501—14-505, Annotated Code of Maryland, and that are certified by the Department of General Services Small Business Reserve Program are eligible for award of a contract.

4.19.2 For the purposes of a Small Business Reserve solicitation, a small business is a for-profit business, other than a broker, that meets the following criteria:

- A. It is independently owned and operated;
- B. It is not a subsidiary of another business;
- C. It is not dominant in its field of operation; and
- D. With respect to employees:
 - i. Its wholesale operations did not employ more than 50 persons in its most recently completed three (3) fiscal years;
 - ii. Its retail operations did not employ more than 25 persons in its most recently three (3) fiscal years;
 - iii. Its manufacturing operations did not employ more than 100 persons in its most recently three (3) fiscal years;
 - iv. Its service operations did not employ more than 100 persons in its most recently three (3) fiscal years;
 - v. Its construction operations did not employ more than 50 persons in its most recently three (3) fiscal years; and
 - vi. The architectural and engineering services of the business did not employ more than 100 persons in its most recently three (3) fiscal years; and
- E. With respect to gross sales:
 - i. The gross sales of its wholesale operations did not exceed an average of \$4,000,000 in its most recent three (3) fiscal years;
 - ii. The gross sales of its retail operations did not exceed an average of \$3,000,000 in its most recent three (3) fiscal years;
 - iii. The gross sales of its manufacturing operations did not exceed an average of \$2,000,000 in its most recent three (3) fiscal years;
 - iv. The gross sales of its service operations did not exceed an average of \$10,000,000 in its most recently three (3) fiscal years;

- v. The gross sales of its construction operations did not exceed an average of \$7,000,000 in its most recent three (3) fiscal years; and
- vi. The gross sales of its architectural and engineering operations did not exceed an average of \$4,500,000 in its most recent three (3) fiscal years.

Note: If a business has not existed for three (3) years, the employment and gross sales average or averages shall be the average for each year or part of a year during which the business has been in existence.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

5 TO Proposal Format

5.1 Required Response

Each Master Contractor receiving this CATS+ TORFP shall respond no later than the submission due date and time designated in the Key Information Summary Sheet. Each Master Contractor is required to submit one of two possible responses: 1) a TO Proposal; or 2) a completed Master Contractor Feedback Form (available online within the Master Contractor Admin System). The feedback form helps the State understand for future contract development why Master Contractors did not submit proposals. The form is accessible via the CATS+ Master Contractor login screen and clicking on TORFP Feedback Response Form from the menu.

A TO Proposal shall conform to the requirements of this CATS+ TORFP.

5.2 Two Part Submission

Offerors shall submit TO Proposals in separate volumes:

- Volume I – TO TECHNICAL PROPOSAL
- Volume II – TO FINANCIAL PROPOSAL

5.3 TO Proposal Packaging and Delivery

5.3.1 TO Proposals delivered by facsimile shall not be considered.

5.3.2 Provide no pricing information in the TO Technical Proposal. Provide no pricing information on the media submitted in the TO Technical Proposal.

5.3.3 Offerors may submit TO Proposals by electronic means as described.

- A. Electronic means includes e-mail to the TO Procurement Officer address listed on the Key Information Summary Sheet.

5.3.4 E-mail submissions

- A. All TO Proposal e-mails shall be sent with password protection.
- B. The TO Procurement Officer will not accept submissions after the date and exact time stated in the Key Information Summary Sheet. The date and time of submission is determined by the date and time of arrival in the TO Procurement Officer's e-mail box. Time stamps on outgoing email from Master TO Contractors shall not be accepted. Requests for extension of this date or time will not be granted. Except as provided in COMAR 21.05.03.02F, TO Proposals received by the TO Procurement Officer after the due date will not be considered.
- C. The State has established the following procedure to restrict access to TO Proposals received electronically: all Technical and TO Financial Proposals must be password protected, and the password for the TO TECHNICAL PROPOSAL must be different from the password for the TO Financial Proposal. Offerors will provide these two passwords to SBE upon request or their TO Proposal will be deemed not susceptible for award. Subsequent submissions of TO Proposal content will not be allowed.
- D. The TO Procurement Officer will only contact those Offerors with TO Proposals that are reasonably susceptible for award.

- E. TO Proposals submitted via e-mail must not exceed 25 Mb. If a submission exceeds this size, split the submission into two or more parts and include the appropriate part number in the subject (e.g., part 1 of 2) after the subject line information below.
- F. The e-mail submission subject line shall state the TORFP **D38B9400001** and either “Technical” or “Financial.”

5.3.5 Two Part Submission:

- A. TO Technical Proposal consisting of:
 - 1) TO Technical Proposal and all supporting material in Microsoft Word format, version 2007 or greater,
 - 2) the TO Technical Proposal in searchable Adobe PDF format,
 - 3) a second searchable Adobe copy of the TO Technical Proposal, redacted in accordance with confidential and/or proprietary information removed (see **Section 5.4.2.I**), and
- B. TO Financial Proposal consisting of:
 - 1) TO Financial Proposal and all supporting material in PDF format,
 - 2) the TO Financial Proposal in searchable Adobe PDF format,
 - 3) a second searchable Adobe copy of the TO Financial Proposal, redacted in accordance with confidential and/or proprietary information removed (see **Section 5.4.2.I**).

5.4 Volume I - TO Technical Proposal

IMPORTANT: Provide **no pricing information** in the TO Technical Proposal (Volume I). Include pricing information only in the TO Financial Proposal (Volume II).

- 5.4.1** In addition to the instructions below, responses in the Offeror’s TO Technical Proposal shall reference the organization and numbering of Sections in the TORFP (e.g., “Section 2.2.1 Response . . . ; “Section 2.2.2 Response . . .”). In particular, respond to Sections 2.3 (TO Contractor’s Requirements), 2.4 (Deliverables), 2.5 (Change Orders), 2.6 (Service Level Agreement), 3.2 (End of Task Order Transition), 3.6 (Security Requirements), 3.7 (SOC 2 Type 2 Audit), 3.8 (Performance and Personnel), and 3.9 (Substitution of Personnel). All pages of both TO Proposal volumes shall be consecutively numbered from beginning (Page 1) to end (Page “x”).
- 5.4.2** The TO Technical Proposal shall include the following documents and information in the order specified as follows:
 - A. Proposed Services:
 - 1) Executive Summary: A one-page summary describing the Offeror’s understanding of the TORFP scope of work and General Requirements (**Sections 2 and 3**) and proposed solution.
 - 2) Proposed Solution: A more detailed description of the Offeror’s understanding of the TORFP scope of work, proposed methodology and solution. The proposed solution shall be organized to exactly match the requirements outlined in Sections 2 and 3. See 5.4.1.

- 3) Draft Work Breakdown Structure (WBS): A matrix or table that shows a breakdown of the tasks required to complete the requirements and deliverables in Sections 2 and 3. The WBS should reflect the chronology of tasks without assigning specific time frames or start / completion dates. The WBS may include tasks to be performed by the State or third parties, for example, independent quality assurance tasks. If the WBS appears as a deliverable in Sections 2 and 3, the deliverable version will be a final version. Any subsequent versions shall be approved through a formal configuration or change management process.
- 4) Draft Project or Work Schedule: A Gantt or similar chart containing tasks and estimated time frames for completing the requirements and deliverables in Sections 2 and 3. The final schedule should come later as a deliverable under the TO after the TO Contractor has had an opportunity to develop realistic estimates. The Project or Work Schedule may include tasks to be performed by the State or third parties
- 5) Draft Risk Assessment: Identification and prioritization of risks inherent in meeting the requirements in Section 3 - Scope of Work. Includes a description of strategies to mitigate risks. If the Risk Assessment appears as a deliverable in Sections 2 and 3, that version will be a final version. Any subsequent versions should be approved through a formal configuration or change management process.
- 6) Assumptions: A description of any assumptions formed by the Offeror in developing the TO Technical Proposal.
- 7) Tools the Master Contractor owns and proposes for use to meet any requirements in Sections 2 and 3.
- 8) Implementation Schedule - Offeror shall provide the proposed implementation schedule with it's TO Proposal.
- 9) The Offeror shall identify the location(s) from which it proposes to provide services, including, if applicable, any current facilities that it operates, and any required construction to satisfy the State's requirements as outlined in this TORFP.
- 10) The Offeror shall provide a backup solution/strategy recommendation as part of it's TO Proposal.
- 11) Disaster Recovery and Security Model description - For hosted services, the Offeror shall include its DR strategy, and for on premise, a description of a recommended DR strategy.
- 12) The Offeror shall include a deliverable description and schedule describing the proposed Deliverables as mapped to the State SDLC and the Deliverables table in Section 2.4.4. The schedule shall also detail proposed submission due date/frequency of each recommended Deliverable.
- 13) The Offeror shall include an SLA in the TO Proposal as identified in Section 2.6.
- 14) Non-Compete Clause Prohibition:

The Agency seeks to maximize the retention of personnel working under this Task Order whenever there is a transition of the Task Order from one contractor to another so as to minimize disruption due to a change in contractor and maximize the maintenance of institutional knowledge accumulated by such personnel. To help achieve this objective of staff retention, each Offeror shall agree that if awarded the

Task Order, the Offeror's employees and agents filling the positions set forth in the staffing requirements of Section <<enter applicable subsection number(s)>> working on the State contract shall be free to work for the contractor awarded the State contract notwithstanding any non-compete clauses to which the employee(s) may be subject. The Offeror agrees not to enforce any non-compete restrictions against the State with regard to these employees and agents if a different vendor succeeds it in the performance of the Task Order. To evidence compliance with this non-compete clause prohibition, each Offeror must include an affirmative statement in its TO Technical Proposal that the Offeror, if awarded a Task Order, agrees that its employees and agents shall not be restricted from working with or for any successor contractor that is awarded the State business.

B. Certificate of Cybersecurity/Data Breach Insurance

The Offeror shall provide a copy of its current certificate of cybersecurity/data breach insurance limits of insurance in effect as of the Proposal submission date.

C. Offeror Information Sheet and Transmittal Letter

The Offeror Information Sheet (see **Appendix 2**) and a Transmittal Letter shall accompany the TO Technical Proposal. The purpose of the Transmittal Letter is to transmit the TO Proposal and acknowledge the receipt of any addenda to this TORFP issued before the TO Proposal due date and time. Transmittal Letter should be brief, be signed by an individual who is authorized to commit the Offeror to its TO Proposal and the requirements as stated in this TORFP, and contain acknowledgement of all addenda to this TORFP issued before the TO Proposal due date.

D. Minimum Qualifications Documentation (If applicable)

The Offeror shall submit any Minimum Qualifications documentation that may be required, as set forth in TORFP **Section 1**.

E. Proposed Personnel and TORFP Staffing

Offeror shall propose exactly four (4) key personnel in response to this TORFP. Offeror shall:

- 1) Identify the qualifications and types of staff proposed to be utilized under the Task Order. The Offeror shall describe in detail how the proposed staff's experience and qualifications relate to their specific responsibilities, including any staff of proposed subcontractor(s), as detailed in the Work Plan.
- 2) Complete and provide for each proposed resource **Appendix 4-4-B Labor Classification Personnel Resume Summary**.
- 3) Provide three (3) persons per proposed key personnel who the State may contact as employment references, including reference name, job title or position, organization name, and telephone and/or e-mail.
- 4) Provide the names and titles of the Offeror's management staff who will supervise the personnel and quality of services rendered under this TO Agreement.

F. Subcontractors

Identify all proposed Subcontractors, including MBEs, and their roles in the performance of the scope of work hereunder.

G. Master Contractor and Subcontractor Experience and Capabilities

- 1) Provide up to three examples of engagements or contracts the Master Contractor or Subcontractor, if applicable, has completed that were similar to the requested scope of work. Include contact information for each client organization complete with the following:
 - a) Name of organization.
 - b) Point of contact name, title, e-mail and telephone number (point of contact shall be accessible and knowledgeable regarding experience)
 - c) Services provided as they relate to the scope of work.
 - d) Start and end dates for each example engagement or contract.
 - e) Current Master Contractor team personnel who participated on the engagement.
 - f) If the Master Contractor is no longer providing the services, explain why not.
- 2) State of Maryland Experience: If applicable, the Master Contractor shall submit a list of all contracts it currently holds or has held within the past five years with any entity of the State of Maryland.

For each identified contract, the Master Contractor shall provide the following (if not already provided in sub paragraph A above):

- a) Contract or task order name
- b) Name of organization.
- c) Point of contact name, title, e-mail, and telephone number (point of contact shall be accessible and knowledgeable regarding experience)
- d) Start and end dates for each engagement or contract. If the Master Contractor is no longer providing the services, explain why not.
- e) Dollar value of the contract.
- f) Indicate if the contract was terminated before the original expiration date.
- g) Indicate if any renewal options were not exercised.

NOTE: State of Maryland experience can be included as part of **G.1** above as engagement or contract experience. State of Maryland experience is neither required nor given more weight in proposal evaluations.

H. State Assistance

Provide an estimate of expectation concerning participation by State personnel.

I. Confidentiality

A Master Contractor should give specific attention to the identification of those portions of its proposal that it considers confidential, proprietary commercial information or trade secrets, and provide justification why such materials, upon request, should not be disclosed by the State under the Public Information Act, Title 4, of the General Provisions Article of the Annotated Code of Maryland. Master Contractors are advised that, upon request for this information from a third party, the TO Procurement Officer will be required to make an independent determination regarding whether the information may be disclosed.

Offeror shall furnish a list that identifies each section of the TO Technical Proposal where, in the Offeror's opinion, the Offeror's response should not be disclosed by the State under the Public Information Act.

J. Additional Submissions:

- 1) Attachments and Exhibits;
 - a) All forms required for the TO Technical Proposal are identified in **Table 1 of Section 7** – Exhibits and Attachments. Unless directed otherwise by instructions within an individual form, complete, sign, and include all required forms in the TO Technical Proposal.
 - b) No attachment forms shall be altered. Signatures shall be clearly visible.
- 2) Offerors shall furnish with their Technical TO Proposal any and all agreements the Offeror expects the State to sign or to be subject to in connection with or in order to use the Offeror's services under this Task Order Agreement, including but not limited to software license agreement(s), end user license agreement(s), AUP. This includes the complete text of all agreements referenced or incorporated in primary documents (i.e., links to the relevant agreements are not allowed).
- 3) Any services furnished from third party entities, e.g., resold services, shall include current Letters of Authorization or such other documentation demonstrating the authorization for such services.
- 4) A Letter of Authorization shall be on the authorizing entity's letterhead or through the authorizing entity's e-mail. Further, each Letter of Authorization shall be less than twelve (12) months old. Each Letter of Authorization or e-mail must provide the following information:
 - a) Authorizing entity POC name and alternate for verification
 - b) Authorizing entity POC mailing address
 - c) Authorizing entity POC telephone number
 - d) Authorizing entity POC email address
 - e) If available, a Reseller Identifier

5.5 Volume II – TO Financial Proposal

- 5.5.1** The TO Financial Proposal shall contain all price information in the format specified in **Attachment B** - Financial Proposal Form. The Offeror shall complete the Financial Proposal Form only as provided in the Financial Proposal Form Instructions and the Financial Proposal Form itself.
- 5.5.2** The TO Financial Proposal shall contain a description of any assumptions on which the Master Contractor's TO Financial Proposal is based (Assumptions shall not constitute conditions, contingencies, or exceptions to the Financial Proposal Form);
- 5.5.3** Prices shall be valid for 120 days.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

6 Evaluation and Selection Process

The TO Contractor will be selected from among all eligible Master Contractors within the appropriate Functional Area responding to the CATS+ TORFP. In making the TO Agreement award determination, the Agency will consider all information submitted in accordance with Section 5.

6.1 Evaluation Committee

Evaluation of TO Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review TO Proposals, participate in Offeror oral presentations and discussions, and provide input to the TO Procurement Officer. The Agency reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

During the evaluation process, the TO Procurement Officer may determine at any time that a particular Offeror is not susceptible for award.

6.2 TO Technical Proposal Evaluation Criteria

The criteria to be used to evaluate each TO Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any sub-criteria within each criterion have equal weight.

6.2.1 Offeror's Technical Response to TORFP Requirements (See TORFP § 5.4.2)

The State prefers an Offeror's response to work requirements in the TORFP that illustrates a comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be performed. TO Proposals which include limited responses to work requirements such as "concur" or "will comply" will receive a lower ranking than those TO proposals that demonstrate an understanding of the work requirements and include plans to meet or exceed them.

6.2.2 Experience and Qualifications of Proposed Staff (See TORFP § 5.4.2.D)

The capability of the proposed resources to perform the required tasks and produce the required deliverables in the TORFP Sections 2-3. Capability will be determined from each proposed individual's resume, reference checks, and oral presentation (See Section 4.5 Oral Presentation).

6.2.3 Offeror Qualifications and Capabilities, including proposed subcontractors (See TORFP § 5.4.2.G)

6.3 TO Financial Proposal Evaluation Criteria

All Qualified Offerors (see Section 6.4) will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Proposal Price within the stated guidelines set forth in this TORFP and as submitted on Attachment B - TO Financial Proposal Form.

6.4 Selection Procedures

TO Technical Proposals shall be evaluated based on the criteria set forth above in Section 6.2. TO Technical Proposals and TO Financial Proposals will be evaluated independently of each other.

- A. TO Proposals will be assessed throughout the evaluation process for compliance with the minimum qualifications listed in Section 1 of this TORFP, and quality of responses to Section 5.3 TO Technical Proposal. Failure to meet the minimum qualifications shall render

- a TO Proposal not reasonably susceptible for award. The TO Procurement Officer will notify those Offerors who have not been selected to perform the work.
- B. TO Technical Proposals will be evaluated for technical merit and ranked. Oral presentations and discussions may be held to assure full understanding of the State's requirements and of the qualified Offeror's proposals and abilities to perform, and to facilitate arrival at a TO Agreement that is most advantageous to the State.
 - C. The Procurement Officer will only open the TO Financial Proposals where the associated TO Technical Proposals have been classified as reasonably susceptible for award.
 - D. After review of TO Financial Proposals, TO Financial Proposals for qualified Offerors will be reviewed and ranked from lowest to highest price proposed.
 - E. When in the best interest of the State, the TO Procurement Officer may permit Qualified Offerors to revise their initial Proposals and submit, in writing, Best and Final Offers (BAFOs). The State may make an award without issuing a request for a BAFO.
 - F. The Procurement Officer shall make a determination recommending award of the TO to the responsible Offeror who has the TO Proposal determined to be the most advantageous to the State, considering price and the evaluation criteria set forth above. In making this selection, the TO Technical Proposal will be given equal weight than the TO Financial Proposal.

All Master Contractors submitting a TO Proposal shall receive written notice from the TO Procurement Officer identifying the awardee.

6.5 Documents Required upon Notice of Recommendation for Task Order Award

Upon receipt of a Notification of Recommendation for Task Order award, the apparent awardee shall complete and furnish the documents and attestations as directed in Table 3 of **Section 7 – TORFP Attachments and Appendices**.

Commencement of work in response to a TO Agreement shall be initiated only upon the completed documents and attestations, plus:

- A. Issuance of a fully executed TO Agreement,
- B. Purchase Order, and
- C. by a Notice to Proceed authorized by the TO Procurement Officer. See (see online example at <http://doit.maryland.gov/contracts/Documents/CATSPlus/CATS+NoticeToProceedSample.pdf>).

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

7 TORFP Attachments and Appendices

Instructions Page

A TO Proposal submitted by an Offeror must be accompanied by the completed forms and/or affidavits identified as “with proposal” in the “When to Submit” column in Table 3 below. All forms and affidavits applicable to this TORFP, including any applicable instructions and/or terms, are identified in the “Applies” and “Label” columns in Table 3.

For e-mail submissions, submit one (1) copy of each with signatures.

All Offerors are advised that if a Task Order is awarded as a result of this solicitation, the successful Offeror will be required to complete certain forms and affidavits after notification of recommended award. The list of forms and affidavits that must be provided is described in Table 3 below in the “When to Submit” column.

For documents required after award, submit three (3) copies of each document within the appropriate number of days after notification of recommended award, as listed in Table 3 below in the “When to Submit” column.

The attachments that do not apply to this TORFP and are therefore not required for submission are grayed out in the table below.

Attachment C. Minority Business Enterprise (MBE) Forms

This solicitation does not include a Minority Business Enterprise goal.

Attachment D. Veteran-Owned Small Business Enterprise (VSBE) Forms

This solicitation does not include a Veteran-Owned Small Business Enterprise goal.

Attachment E. Maryland Living Wage Affidavit of Agreement for Service Contracts

- A. This contract is subject to the Living Wage requirements under Md. Code Ann., State Finance and Procurement Article, Title 18, and the regulations proposed by the Commissioner of Labor and Industry (Commissioner). The Living Wage generally applies to a Contractor or subcontractor who performs work on a State contract for services that is valued at \$100,000 or more. An employee is subject to the Living Wage if he/she is at least 18 years old or will turn 18 during the duration of the contract; works at least 13 consecutive weeks on the State Contract and spends at least one-half of the employee's time during any work week on the State Contract.
- B. The Living Wage Law does not apply to:
- (1) A Contractor who:
 - (a) Has a State contract for services valued at less than \$100,000, or
 - (b) Employs 10 or fewer employees and has a State contract for services valued at less than \$500,000.
 - (2) A subcontractor who:
 - (a) Performs work on a State contract for services valued at less than \$100,000,
 - (b) Employs 10 or fewer employees and performs work on a State contract for services valued at less than \$500,000, or
 - (c) Performs work for a Contractor not covered by the Living Wage Law as defined in B(1)(b) above, or B (3) or C below.
 - (3) Service contracts for the following:
 - (a) Services with a Public Service Company;
 - (b) Services with a nonprofit organization;
 - (c) Services with an officer or other entity that is in the Executive Branch of the State government and is authorized by law to enter into a procurement ("Unit"); or
 - (d) Services between a Unit and a County or Baltimore City.
- C. If the Unit responsible for the State contract for services determines that application of the Living Wage would conflict with any applicable Federal program, the Living Wage does not apply to the contract or program.
- D. A Contractor must not split or subdivide a State contract for services, pay an employee through a third party, or treat an employee as an independent Contractor or assign work to employees to avoid the imposition of any of the requirements of Md. Code Ann., State Finance and Procurement Article, Title 18.
- E. Each Contractor/subcontractor, subject to the Living Wage Law, shall post in a prominent and easily accessible place at the work site(s) of covered employees a notice of the Living Wage Rates, employee rights under the law, and the name, address, and telephone number of the Commissioner.
- F. The Commissioner shall adjust the wage rates by the annual average increase or decrease, if any, in the Consumer Price Index for all urban consumers for the Washington/Baltimore metropolitan area, or any successor index, for the previous calendar year, not later than 90 days after the start

of each fiscal year. The Commissioner shall publish any adjustments to the wage rates on the Division of Labor and Industry's website. An employer subject to the Living Wage Law must comply with the rate requirements during the initial term of the contract and all subsequent renewal periods, including any increases in the wage rate, required by the Commissioner, automatically upon the effective date of the revised wage rate.

- G. A Contractor/subcontractor who reduces the wages paid to an employee based on the employer's share of the health insurance premium, as provided in Md. Code Ann., State Finance and Procurement Article, §18-103(c), shall not lower an employee's wage rate below the minimum wage as set in Md. Code Ann., Labor and Employment Article, §3-413. A Contractor/subcontractor who reduces the wages paid to an employee based on the employer's share of health insurance premium shall comply with any record reporting requirements established by the Commissioner.
- H. A Contractor/subcontractor may reduce the wage rates paid under Md. Code Ann., State Finance and Procurement Article, §18-103(a), by no more than 50 cents of the hourly cost of the employer's contribution to an employee's deferred compensation plan. A Contractor/subcontractor who reduces the wages paid to an employee based on the employer's contribution to an employee's deferred compensation plan shall not lower the employee's wage rate below the minimum wage as set in Md. Code Ann., Labor and Employment Article, §3-413.
- I. Under Md. Code Ann., State Finance and Procurement Article, Title 18, if the Commissioner determines that the Contractor/subcontractor violated a provision of this title or regulations of the Commissioner, the Contractor/subcontractor shall pay restitution to each affected employee, and the State may assess liquidated damages of \$20 per day for each employee paid less than the Living Wage.
- J. Information pertaining to reporting obligations may be found by going to the Division of Labor and Industry website <http://www.dllr.state.md.us/labor/prev/livingwage.shtml> and clicking on Living Wage for State Service Contracts.

F-1 Maryland Living Wage Requirements Affidavit of Agreement

Contract No. D38B9400001

Name of Contractor:

Address:

If the Contract Is Exempt from the Living Wage Law

The Undersigned, being an authorized representative of the above named Contractor, hereby affirms that the Contract is exempt from Maryland's Living Wage Law for the following reasons (check all that apply):

- Offeror is a nonprofit organization
- Offeror is a public service company
- Offeror employs 10 or fewer employees and the proposed contract value is less than \$500,000
- Offeror employs more than 10 employees and the proposed contract value is less than \$100,000

If the Contract Is a Living Wage Contract

- A. The Undersigned, being an authorized representative of the above-named Contractor, hereby affirms its commitment to comply with Title 18, State Finance and Procurement Article, Annotated Code of Maryland and, if required, submit all payroll reports to the Commissioner of Labor and Industry with regard to the above stated contract. The Offeror agrees to pay covered employees who are subject to living wage at least the living wage rate in effect at the time service is provided for hours spent on State contract activities, and ensure that its subcontractors who are not exempt also pay the required living wage rate to their covered employees who are subject to the living wage for hours spent on a State contract for services. The Contractor agrees to comply with, and ensure its subcontractors comply with, the rate requirements during the initial term of the contract and all subsequent renewal periods, including any increases in the wage rate established by the Commissioner of Labor and Industry, automatically upon the effective date of the revised wage rate.
- B. _____ (initial here if applicable) The Offeror affirms it has no covered employees for the following reasons: (check all that apply):
 - The employee(s) proposed to work on the contract will spend less than one-half of the employee's time during any work week on the contract
 - The employee(s) proposed to work on the contract is 17 years of age or younger during the duration of the contract; or
 - The employee(s) proposed to work on the contract will work less than 13 consecutive weeks on the State contract.

The Commissioner of Labor and Industry reserves the right to request payroll records and other data that the Commissioner deems sufficient to confirm these affirmations at any time.

Attachment F. Federal Funds Attachments

This solicitation does not include a Federal Funds Attachment.

Attachment G. Conflict of Interest Affidavit and Disclosure

Reference COMAR 21.05.08.08

A. "Conflict of interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the State, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage.

B. "Person" has the meaning stated in COMAR 21.01.02.01B (64) and includes a Offeror, TO Contractor, consultant, or subcontractor or sub-consultant at any tier, and also includes an employee or agent of any of them if the employee or agent has or will have the authority to control or supervise all or a portion of the work for which a Proposal is made.

C. The Offeror warrants that, except as disclosed in §D, below, there are no relevant facts or circumstances now giving rise or which could, in the future, give rise to a conflict of interest.

D. The following facts or circumstances give rise or could in the future give rise to a conflict of interest (explain in detail — attach additional sheets if necessary):

E. The Offeror agrees that if an actual or potential conflict of interest arises after the date of this affidavit, the Offeror shall immediately make a full disclosure in writing to the TO Procurement Officer of all relevant facts and circumstances. This disclosure shall include a description of actions which the Offeror has taken and proposes to take to avoid, mitigate, or neutralize the actual or potential conflict of interest. If the contract has been awarded and performance of the contract has begun, the TO Contractor shall continue performance until notified by the TO Procurement Officer of any contrary action to be taken.

I DO SOLEMNLY DECLARE AND AFFIRM UNDER THE PENALTIES OF PERJURY THAT THE CONTENTS OF THIS AFFIDAVIT ARE TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION, AND BELIEF.

SUBMIT THIS AFFIDAVIT WITH Bid/PROPOSAL

Attachment H. Non-Disclosure Agreement (TO Contractor)

THIS NON-DISCLOSURE AGREEMENT (“Agreement”) is made by and between the State of Maryland (the “State”), acting by and through the State Board of Elections (the “Agency”), and _____ (the “TO Contractor”).

RECITALS

WHEREAS, the TO Contractor has been awarded a contract (the “TO Agreement”) following the solicitation for Maryland Campaign Reporting Information System (MD CRIS) Web-Based Application Software: Operations and Maintenance Support Solicitation # D38B9400001 and _____.

WHEREAS, in order for the TO Contractor to perform the work required under the TO Agreement, it will be necessary for the State at times to provide the TO Contractor and the TO Contractor’s employees, agents, and subcontractors (collectively the “TO Contractor’s Personnel”) with access to certain information the State deems confidential information (the “Confidential Information”).

NOW, THEREFORE, in consideration of being given access to the Confidential Information in connection with the solicitation and the TO Agreement, and for other good and valuable consideration, the receipt and sufficiency of which the parties acknowledge, the parties do hereby agree as follows:

1. Regardless of the form, format, or media on or in which the Confidential Information is provided and regardless of whether any such Confidential Information is marked as such, “Confidential Information” means (1) any and all information provided by or made available by the State to the TO Contractor in connection with the TO Agreement and (2) any and all personally identifiable information (PII) (including but not limited to personal information as defined in Md. Ann. Code, General Provisions §4-101(h)) and protected health information (PHI) that is provided by a person or entity to the TO Contractor in connection with this TO Agreement. Confidential Information includes, by way of example only, information that the TO Contractor views, takes notes from, copies (if the State agrees in writing to permit copying), possesses or is otherwise provided access to and use of by the State in relation to the TO Agreement.
2. The TO Contractor shall not, without the State’s prior written consent, copy, disclose, publish, release, transfer, disseminate, use, or allow access for any purpose or in any form, any Confidential Information except for the sole and exclusive purpose of performing under the TO Agreement. The TO Contractor shall limit access to the Confidential Information to the TO Contractor’s Personnel who have a demonstrable need to know such Confidential Information in order to perform under TO Agreement and who have agreed in writing to be bound by the disclosure and use limitations pertaining to the Confidential Information. The names of the TO Contractor’s Personnel are attached hereto and made a part hereof as **Attachment I-2**. TO Contractor shall update **Attachment I-2** by adding additional names (whether TO Contractor’s Personnel or a subcontractor’s personnel) as needed, from time to time.
3. If the TO Contractor intends to disseminate any portion of the Confidential Information to non-employee agents who are assisting in the TO Contractor’s performance of the TO Agreement or will otherwise have a role in performing any aspect of the TO Agreement, the TO Contractor shall first obtain the written consent of the State to any such dissemination. The State may grant, deny, or condition any such consent, as it may deem appropriate in its sole and absolute subjective discretion.
4. The TO Contractor hereby agrees to hold the Confidential Information in trust and in strictest confidence, adopt or establish operating procedures and physical security measures, and take all other measures necessary to protect the Confidential Information from inadvertent release or

- disclosure to unauthorized third parties and to prevent all or any portion of the Confidential Information from falling into the public domain or into the possession of persons not bound to maintain the confidentiality of the Confidential Information.
5. The TO Contractor shall promptly advise the State in writing if it learns of any unauthorized use, misappropriation, or disclosure of the Confidential Information by any of the TO Contractor's Personnel or the TO Contractor's former Personnel. TO Contractor shall, at its own expense, cooperate with the State in seeking injunctive or other equitable relief against any such person(s).
 6. The TO Contractor shall, at its own expense, return to the Agency all Confidential Information in its care, custody, control or possession upon request of the Agency or on termination of the TO Agreement.
 7. A breach of this Agreement by the TO Contractor or the TO Contractor's Personnel shall constitute a breach of the TO Agreement between the TO Contractor and the State.
 8. TO Contractor acknowledges that any failure by the TO Contractor or the TO Contractor's Personnel to abide by the terms and conditions of use of the Confidential Information may cause irreparable harm to the State and that monetary damages may be inadequate to compensate the State for such breach. Accordingly, the TO Contractor agrees that the State may obtain an injunction to prevent the disclosure, copying or improper use of the Confidential Information. The TO Contractor consents to personal jurisdiction in the Maryland State Courts. The State's rights and remedies hereunder are cumulative and the State expressly reserves any and all rights, remedies, claims and actions that it may have now or in the future to protect the Confidential Information and seek damages from the TO Contractor and the TO Contractor's Personnel for a failure to comply with the requirements of this Agreement. In the event the State suffers any losses, damages, liabilities, expenses, or costs (including, by way of example only, attorneys' fees and disbursements) that are attributable, in whole or in part to any failure by the TO Contractor or any of the TO Contractor's Personnel to comply with the requirements of this Agreement, the TO Contractor shall hold harmless and indemnify the State from and against any such losses, damages, liabilities, expenses, and costs.
 9. TO Contractor and each of the TO Contractor's Personnel who receive or have access to any Confidential Information shall execute a copy of an agreement substantially similar to this Agreement, in no event less restrictive than as set forth in this Agreement, and the TO Contractor shall provide originals of such executed Agreements to the State.
 10. The parties further agree that:
 - a. This Agreement shall be governed by the laws of the State of Maryland;
 - b. The rights and obligations of the TO Contractor under this Agreement may not be assigned or delegated, by operation of law or otherwise, without the prior written consent of the State;
 - c. The State makes no representations or warranties as to the accuracy or completeness of any Confidential Information;
 - d. The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement;
 - e. Signatures exchanged by facsimile are effective for all purposes hereunder to the same extent as original signatures;
 - f. The Recitals are not merely prefatory but are an integral part hereof; and

- g. The effective date of this Agreement shall be the same as the effective date of the TO Agreement entered into by the parties.

IN WITNESS WHEREOF, the parties have, by their duly authorized representatives, executed this Agreement as of the day and year first above written.

Attachment I. HIPAA Business Associate Agreement

This solicitation does not require a HIPAA Business Associate Agreement.

Attachment J. Mercury Affidavit

This solicitation does not include the procurement of products known to likely include mercury as a component.

Attachment K. Location of the Performance of Services Disclosure

This solicitation does not require a Location of the Performance of Services Disclosure.

Attachment L. Task Order

CATS+ TORFP# D38B9400001 OF
MASTER CONTRACT #060B2490023

This Task Order Agreement (“TO Agreement”) is made this day of Month, 2018 by and between _____ (TO Contractor) and the STATE OF MARYLAND, State Board of Elections (SBE or the “Agency”).

IN CONSIDERATION of the mutual promises and the covenants herein contained and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Definitions. In this TO Agreement, the following words have the meanings indicated:
 - a. “Agency” means State Board of Elections, as identified in the CATS+ TORFP # D38B9400001.
 - b. “CATS+ TORFP” means the Task Order Request for Proposals # D38B9400001 November 8, 2018 including any addenda and amendments.
 - c. “Master Contract” means the CATS+ Master Contract between the Maryland Department of Information Technology and TO Contractor.
 - d. “TO Procurement Officer” means Whitney LeRoux. The Agency may change the TO Procurement Officer at any time by written notice.
 - e. “TO Agreement” means this signed TO Agreement between SBE and TO Contractor.
 - f. “TO Contractor” means the CATS+ Master Contractor awarded this TO Agreement, whose principal business address is _____.
 - g. “TO Manager” means Jared DeMarinis. The Agency may change the TO Manager at any time by written notice to the TO Contractor.
 - h. “TO Technical Proposal” means the TO Contractor’s technical response to the CATS+ TORFP dated date of TO Technical Proposal.
 - i. “TO Financial Proposal” means the TO Contractor’s financial response to the CATS+ TORFP dated date of TO Financial Proposal.
 - j. “TO Proposal” collectively refers to the TO Technical Proposal and TO Financial Proposal.
2. Scope of Work
 - 2.1 This TO Agreement incorporates all of the terms and conditions of the Master Contract and shall not in any way amend, conflict with or supersede the Master Contract.
 - 2.2 The TO Contractor shall, in full satisfaction of the specific requirements of this TO Agreement, provide the services set forth in Section 3 of the CATS+ TORFP. These services shall be provided in accordance with the Master Contract, this TO Agreement, and the following Exhibits, which are attached and incorporated herein by reference. If there is any conflict among the Master Contract, this TO Agreement, and these Exhibits, the terms of the Master Contract shall govern. If there is any conflict between this TO Agreement and any of these Exhibits, the following order of precedence shall determine the prevailing provision:

The TO Agreement,

Exhibit A – CATS+ TORFP D38B9400001

Exhibit B – TO Technical Proposal

Exhibit C – TO Financial Proposal

Exhibit D – Security Violation Notification Requirements

2.3 The TO Procurement Officer may, at any time, by written order, make changes in the work within the general scope of the TO Agreement. No other order, statement or conduct of the TO Procurement Officer or any other person shall be treated as a change or entitle the TO Contractor to an equitable adjustment under this Section. Except as otherwise provided in this TO Agreement, if any change under this Section causes an increase or decrease in the TO Contractor's cost of, or the time required for, the performance of any part of the work, whether or not changed by the order, an equitable adjustment in the TO Agreement price shall be made and the TO Agreement modified in writing accordingly. The TO Contractor must assert in writing its right to an adjustment under this Section within thirty (30) days of receipt of written change order and shall include a written statement setting forth the nature and cost of such claim. No claim by the TO Contractor shall be allowed if asserted after final payment under this TO Agreement. Failure to agree to an adjustment under this Section shall be a dispute under the Disputes clause of the Master Contract. Nothing in this Section shall excuse the TO Contractor from proceeding with the TO Agreement as changed.

3. Time for Performance

Unless terminated earlier as provided in the Master Contract, the term of this TO Agreement shall commence as of the "Effective Date" and expire on March 31, 2021. At the sole option of the State, this TO Agreement may be extended for two (2) two-year periods for a total TO Agreement period ending on March 31, 2025.

4. Consideration and Payment

4.1 The consideration to be paid the TO Contractor shall be done so in accordance with the CATS+ TORFP and shall not exceed \$_____. Any work performed by the TO Contractor in excess of the not-to-exceed ceiling amount of the TO Agreement without the prior written approval of the TO Manager is at the TO Contractor's risk of non-payment.

4.2 Payments to the TO Contractor shall be made as outlined Section 3 of the CATS+ TORFP, but no later than thirty (30) days after the Agency's receipt of a proper invoice for services provided by the TO Contractor, acceptance by the Agency of services provided by the TO Contractor, and pursuant to the conditions outlined in Section 4 of this Agreement.

4.3 Each invoice for services rendered must include the TO Contractor's Federal Tax Identification Number which is _____. Charges for late payment of invoices other than as prescribed by Title 15, Subtitle 1, of the State Finance and Procurement Article, Annotated Code of Maryland, as from time-to-time amended, are prohibited. Invoices must be submitted to the Agency TO Manager unless otherwise specified herein.

4.4 In addition to any other available remedies, if, in the opinion of the TO Procurement Officer, the TO Contractor fails to perform in a satisfactory and timely manner, the TO Procurement Officer may refuse or limit approval of any invoice for payment, and may cause payments to the TO Contractor to be reduced or withheld until such time as the TO Contractor meets performance standards as established by the TO Procurement Officer.

SIGNATURES ON NEXT PAGE

IN WITNESS THEREOF, the parties have executed this TO Agreement as of the date hereinabove set forth.

EXHIBIT D TO TASK ORDER D38B8400011

This exhibit D is in reference to the MDCRIS Web-Based Application Software: Operations and Maintenance Support TORFP, Task Order number D38B9400001 between the State Board of Elections and [TO Contractor].

May it be known that the State Board of Elections and [TO Contractor] do hereby agree to require the following terms for the MDCRIS Web-Based Application Software: Operations and Maintenance Support TORFP, Task Order number D38B9400001 that are stated below:

1.1 Definitions

- 1.1.1 Chapter 524 of the 2018 Laws of Maryland (House Bill 1331): Bill passed in the 2018 Legislative Session requiring election service providers to notify the State Administrator as soon as practicable but no later than four (4) days after becoming aware of a security violation or significant attempted security violation.
- 1.1.2 Election Service Provider: Any person providing, supporting, or maintaining an election system on behalf of the State Board or a local board of elections, including a TO Contractor or vendor. See Election Law Article, §2-108(a)(3), Annotated Code of Maryland.

1.1.3 Security Violation: An event that meets one or more of the incident categories defined by the Maryland Department of Information Technology on page 16 of the *State Information Security Policy*, version 3.1, February 2013, and any successor version and outlined in the table below:

<i>Incident Category Name</i>	<i>Description</i>
Unauthorized Access	An individual gains logical or physical access without permission to a network, system, application, data, or other resource
Denial of Service	Attack that <i>successfully</i> prevents or impairs the normal authorized functionality of networks, systems, or applications by exhausting resources. This includes being the victim or participating in the denial of service.
Malicious Code	<i>Successful</i> installation of malicious software (virus, worm, Trojan house, or other code-based malicious entity) that infects an operating system or application <u>and</u> has not been successfully quarantined by antivirus software.
Improper Usage	Violation of acceptable computing use policies as defined in Section 11 of the <i>State of Maryland Information Security Policy</i> (pages 30-33).

1.1.4 Significant Attempted Security Violation: An attempt to commit a security violation that: (1) is known to have been committed by a foreign government or agents of a foreign government; or (2) the State Administrator considers to be of particular significance as outlined in Election Law Article, §2-108(a)(6), Annotated Code of Maryland.

1.2 Requirements

- 1.2.1 Effective July 1, 2018 and pursuant to Chapter 524 of the 2018 Laws of Maryland (House Bill 1331), TO Contractor is required to notify the State Administrator as soon as practicable but no later than four (4) days after becoming aware of a security violation or a significant attempted security violation.
- 1.2.2 TO Contractor is also required to cooperate with the State Administrator in submitting to the Maryland Department of Information Technology an incident report. The State Administrator is also required to notify the State Board of Elections, the Governor, the President of the Senate of Maryland, the Speaker of the House of Delegates and the Attorney General.
- 1.2.3 TO Contractor hereby agrees that if it becomes aware of a security violation or attempted security violation, TO Contractor will:
 - 1.2.3.1 Complete the SBE provided Vendor IT Incident Reporting Form to be provided upon Task Order award;
 - 1.2.3.2 Email the completed form to: Linda Lamone, State Administrator, at Linda.Lamone@Maryland.Gov, Vincent Omenka, IT Director, at

Vincent.Omenka@Maryland.Gov, and Jared DeMarinis, TO Manager, at Jared.DeMarinis@Maryland.Gov.

- 1.2.3.3 Send the emails with read receipt confirmation and request that SBE confirm receipt of the email; and
- 1.2.3.4 Contact by telephone Jared DeMarinis at 410-269-2853 within 12 hours after submitting the Vendor IT Incident Reporting Form if TO Contractor does not receive read receipt confirmations.

Attachment M. Certification Regarding Investments in Iran

Authority: State Finance & Procurement, §§17-701 – 17-707, Annotated Code of Maryland [Chapter 447, Laws of 2012.]

List: The Investment Activities in Iran list identifies companies that the Board of Public Works has found to engage in investment activities in Iran; those companies may not participate in procurements with a public body in the State. “Engaging in investment activities in Iran” means:

- A. Providing goods or services of at least \$20 million in the energy sector of Iran; or
- B. For financial institutions, extending credit of at least \$20 million to another person for at least 45 days if the person is on the Investment Activities In Iran list and will use the credit to provide goods or services in the energy of Iran.

The Investment Activities in Iran list is located at: www.bpw.state.md.us

Rule: A company listed on the Investment Activities In Iran list is ineligible to bid on, submit a proposal for, or renew a contract for goods and services with a State Agency or any public body of the State. Also ineligible are any parent, successor, subunit, direct or indirect subsidiary of, or any entity under common ownership or control of, any listed company.

NOTE: This law applies only to new contracts and to contract renewals. The law does not require an Agency to terminate an existing contract with a listed company.

CERTIFICATION REGARDING INVESTMENTS IN IRAN

The undersigned certifies that, in accordance with State Finance & Procurement Article, §17-705:

- (i) it is not identified on the list created by the Board of Public Works as a person engaging in investment activities in Iran as described in §17-702 of State Finance & Procurement; and
- (ii) it is not engaging in investment activities in Iran as described in State Finance & Procurement Article, §17-702.

The undersigned is unable make the above certification regarding its investment activities in Iran due to the following activities:

Attachment N. Appendix 1. – Abbreviations and Definitions

For purposes of this TORFP, the following abbreviations or terms have the meanings indicated below:

- A. Access - The ability or the means necessary to read, write, modify, or communicate data/information or otherwise use any information system resource
- B. Business Day(s) – The official working days of the week to include Monday through Friday. Official working days excluding State Holidays (see definition of “Normal State Business Hours” below).
- C. COMAR – Code of Maryland Regulations available on-line at <http://www.dsd.state.md.us/COMAR/ComarHome.html>.
- D. Data Breach – The unauthorized acquisition, use, modification or disclosure of State data, or other Sensitive Data
- E. Effective Date - The date of mutual TO Agreement execution by the parties
- F. Information System – A discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.
- G. Information Technology (IT) – All electronic information-processing hardware and software, including: (a) maintenance; (b) telecommunications; and (c) associated consulting services
- H. Key Personnel – All TO Contractor Personnel identified in the solicitation as such that are essential to the work being performed under the Task Order. See TORFP **Section 3.8**.
- I. Local Time – Time in the Eastern Time Zone as observed by the State of Maryland. Unless otherwise specified, all stated times shall be Local Time, even if not expressly designated as such.
- J. Minority Business Enterprise (MBE) – Any legal entity certified as defined at COMAR 21.01.02.01B (54) which is certified by the Maryland Department of Transportation under COMAR 21.11.03.
- K. Normal State Business Hours - Normal State business hours are 8:00 a.m. – 5:00 p.m. Monday through Friday except State Holidays, which can be found at: www.dbm.maryland.gov – keyword: State Holidays.
- L. Notice to Proceed (NTP) – A written notice from the TO Procurement Officer that work under the Task Order, project or Work Order (as applicable) is to begin as of a specified date. The NTP Date is the start date of work under the Task Order, project or Work Order. Additional NTPs may be issued by either the TO Procurement Officer or the TO Manager regarding the start date for any service included within this solicitation with a delayed or non-specified implementation date.
- M. NTP Date – The date specified in a NTP for work on Task Order, project or Work Order to begin.
- N. Offeror – A Master Contractor that submits a Proposal in response to this TORFP.
- O. Personally Identifiable Information (PII) – Any information about an individual maintained by the State, including (1) any information that can be used to distinguish or trace an individual identity, such as name, social security number, date and place of birth, mother’s maiden name, or biometric records; and (2) any other information that is linked or linkable to an individual, such as medical, educational, financial, and employment information.
- P. Protected Health Information (PHI) – Information that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and (i) that identifies the individual; or (ii) with respect to which there is a reasonable basis to believe the information can be used to identify the individual.

- Q. Security Incident – A violation or imminent threat of violation of computer security policies, Security Measures, acceptable use policies, or standard security practices. “Imminent threat of violation” is a situation in which the organization has a factual basis for believing that a specific incident is about to occur.
- R. Security or Security Measures – The technology, policy and procedures that a) protects and b) controls access to networks, systems, and data
- S. Sensitive Data - Means PII;PHI; other proprietary or confidential data as defined by the State, including but not limited to “personal information” under Md. Code Ann., Commercial Law § 14-3501(d) and Md. Code Ann., St. Govt. § 10-1301(c) and information not subject to disclosure under the Public Information Act, Title 4 of the General Provisions Article; and .information about an individual that (1) can be used to distinguish or trace an individual’s identity, such as name, social security number, date and place of birth, mother’s maiden name, or biometric records; (2) is linked or linkable to an individual, such as medical, educational, financial, and employment information
- T. Service Level Agreement (SLA) - Commitment by the TO Contractor to the Agency that defines the performance standards the TO Contractor is obligated to meet.
- U. SLA Activation Date- The date on which SLA charges commence under this Task Order, which may include, but to, the date of (a) completion of Transition in, (b) a delivery, or (c) releases of work
- V. Software - The object code version of computer programs licensed pursuant to this TO Agreement. Embedded code, firmware, internal code, microcode, and any other term referring to software that is necessary for proper operation is included in this definition of Software. Software includes all prior, current, and future versions of the Software and all maintenance updates and error corrections. Software also includes any upgrades, updates, bug fixes or modified versions or backup copies of the Software licensed to the State by TO Contractor or an authorized distributor.
- W. Software as a Service (SaaS) - A software licensing and delivery model in which software is licensed on a subscription basis and is centrally hosted. For the purposes of this TORFP, the terms SaaS and PaaS are considered synonymous and the term SaaS will be used throughout this document
- X. Solution - All Software, deliverables, services and activities necessary to fully provide and support the TORFP scope of work. This definition of Solution includes all System Documentation developed as a result of this TO Agreement. Also included are all Upgrades, patches, break/fix activities, enhancements and general maintenance and support of the Solution and its infrastructure.
- Y. State – The State of Maryland.
- Z. State Board of Elections or (SBE or the “Agency”)
- AA. Source Code – Executable instructions for Software in its high level, human readable form which are in turn interpreted, parsed and/or compiled to be executed as part of a computing system.
- BB. System Availability – The period of time the Solution works as required excluding non-operational periods associated with planned maintenance.
- CC. System Documentation – Those materials necessary to wholly reproduce and fully operate the most current deployed version of the Solution in a manner equivalent to the original Solution including, but not limited to:
 - 1) Source Code: this includes source code created by the TO Contractor or subcontractor(s) and source code that is leveraged or extended by the TO Contractor for use in the Task Order.

- 2) All associated rules, reports, forms, templates, scripts, data dictionaries and database functionality.
 - 3) All associated configuration file details needed to duplicate the run time environment as deployed in the current deployed version of the system.
 - 4) All associated design details, flow charts, algorithms, processes, formulas, pseudo-code, procedures, instructions, help files, programmer's notes and other documentation.
 - 5) A complete list of Third Party, open source, or commercial software components and detailed configuration notes for each component necessary to reproduce the system (e.g., operating system, relational database, and rules engine software).
 - 6) All associated user instructions and/or training materials for business users and technical staff, including maintenance manuals, administrative guides and user how-to guides.
 - 7) Operating procedures
- DD. Task Order (TO) – The scope of work described in this TORFP.
- EE. TO Agreement - The contract awarded to the successful Offeror pursuant to this Task Order Request for Proposals, the form of which is attached to this TORFP as **Attachment L**.
- FF. TO Contractor Personnel - Employees and agents and subcontractor employees and agents performing work at the direction of the TO Contractor under the terms of the Task Order awarded from this TORFP.
- GG. TO Proposal – As appropriate, either or both of an Offeror's TO Technical or TO Financial Proposal.
- HH. Technical Safeguards – The technology and the policy and procedures for its use that protect State Data and control access to it.
- II. Third Party Software – Software and supporting documentation that:
- 8) are owned by a third party, not by the State, the TO Contractor, or a subcontractor,
 - 9) are included in, or necessary or helpful to the operation, maintenance, support or modification of the Solution; and
 - 10) were specifically identified and listed as Third Party Software in the Proposal.
- JJ. Total Proposal Price - The Offeror's total proposed price for services in response to this solicitation, included in the TO Financial Proposal with **Attachment B – TO Financial Proposal Form**, and used in the financial evaluation of Proposals (see TORFP **Section 5.5**).
- KK. Upgrade - A new release of any component of the Solution containing major new features, functionality and/or performance improvements.
- LL. Veteran-owned Small Business Enterprise (VSBE) – A business that is verified by the Center for Verification and Evaluation (CVE) of the United States Department of Veterans Affairs as a veteran-owned small business. See Code of Maryland Regulations (COMAR) 21.11.13.

Appendix 4. Labor Classification Personnel Resume Summary

INSTRUCTIONS:

1. For each person proposed, complete one Labor Category Personnel Resume Summary to document how the proposed person meets each of the minimum requirements.
2. Additional information may be attached to each Labor Category Personnel Resume Summary that may assist a full and complete understanding of the individual being proposed.
3. For this TORFP,
 - A. Master Contractors shall comply with all personnel requirements defined under the Master Contract RFP 060B2490023.
 - B. Master Contractors shall propose the resource that best fits the specified CATS+ Labor Category. A Master Contractor may only propose against labor categories in the Master Contractor's CATS+ Master Contract Financial Proposal.
 - C. A Master Contractor's entire TO Technical Proposal will be deemed not susceptible for award if any of the following occurs:
 - 1) Failure to follow these instructions.
 - 2) Failure to propose a resource for each job title or labor category identified in the TORFP as a required submission.
 - 3) Failure of any proposed resource to meet minimum requirements as listed in this TORFP and in the CATS+ Master Contract.
