Ladies/Gentlemen:

This Amendment is being issued to amend and clarify certain information contained in the above referenced TORFP. All information contained herein is binding on all Offerors who respond to this TORFP. Specific parts of the TORFP have been amended. The following changes/additions are listed below; new language has been double underlined and marked in bold (i.e., **word**) and language deleted has been marked with a ~~strikeout~~ (i.e., ~~word~~).

1. **Correcting Questions and Responses #5:**

**Question 83: Should we provide the offerors complete understanding of the below as well which**

<b>3.8.7 Data Breach Responsibilities</b>
<b>3.8.5 Data Protection and Controls</b>
<b>3.8.4 Information Technology</b>
<b>3.8 SECURITY REQUIREMENTS</b>
<b>3.7 PERFORMANCE AND PERSONNEL</b>

**Answer: Offerors may simply state they understand those sections, the State is more interested in the Offeror's understanding of the requirements for agile resources and the purpose of the TORFP.**

2. Correcting Questions and Responses #1:

Question 1: As it is mandatory to provide the source file of the technical proposal in a word document and since in the RFP it says No attachment forms shall be altered and the TO Technical Proposal and all supporting material should be in Microsoft Word format, version 2007 or greater, when we try to copy-paste or insert the pdf to word converted attachment forms in a word document, we are coming across a lot of alignment issues.

So, would it be okay to fill the forms in a pdf editor and then take images of those filled attachment forms from the PDF and then copy-paste it as images in the source word document?

**Answer:** ~~Yes.~~ **No**
