TORFP: J028B8400024
SHA APPLICATION PORTFOLIO BUSINESS SERVICES

Addendum #4

This Amendment is issued to provide a revised response to Question #11 which was originally answered in Addendum #2, Question and Answers dated April 28, 2018. All information contained herein is binding on all offerors who respond to this TORFP.

The Due Date and Time of Technical Proposals submission by vendors for the named TORFP and on which the contract will be based remains Thursday, May 17, 2018 @ 2:00pm (EST).

Question 11: We are hoping to receive a list/name of all the applications currently supported in APBS, by technology support and size of application, where currently resides) ie: .Net apps, Powerbuilder apps, Salesforce apps.

Revised Answer 11: There are 253 applications in the SHA application portfolio. Resources from this TORFP may be asked to support many of these. Below is a list of the most active existing applications that will require TORFP resource attention, but it is not an inclusive list. MDOT cannot provided documentation or size information.
