SECTION 1 - GENERAL INFORMATION

1.1 Summary Statement

1.1.1 The Department of Budget and Management (DBM) is issuing this Request for Proposals to procure Hardware and Associated Equipment and Services, Installation and Training services for the Hardware, and Manufacturer’s Extended Warranty, for the State of Maryland. Through the Master Contracts awarded as a result of this solicitation, the State will have a flexible means of obtaining these products and services, quickly, efficiently and cost effectively by issuing Purchase Order Requests for Proposals (PORFP’s) specific to its needs.

1.1.2 The scope of this solicitation encompasses five functional areas as follows:

Functional Area I – Microcomputers, Personal computers, Servers and Associated Peripherals

Functional Area II - Printers and associated Peripherals

Functional Area III- Network Communications Equipment

Functional Area IV- Installation and Training Services

Functional Area V- Manufacturer’s Extended Warranty

1.1.3 DBM intends to award a Master Contract to an unlimited number of Offerors that are authorized by the Manufacturer or Distributor to sell the proposed products and services, and determined by the State to be qualified. Offerors may propose to Functional Areas I, II, III, or V, Functional Areas I and II, Functional Areas I and III, Functional Area I and IV, Functional Area I and V, Functional Areas II and III, Functional Area II and IV, Functional Area II and V, Functional Area III and IV, Functional Area III and V, or all five functional areas as specified in section two. Functional Area IV will not be awarded on a stand-alone basis.

Each request for Hardware, Installation and/or Training Services, and/or Manufacturer’s Extended Warranty, throughout the term of the Master Contract, will be issued and summarized by the Requesting Agency in a PORFP. A Master Contractor/Manufacturer Product matrix for the Hardware will be established and maintained by DBM. All Offerors awarded a Master Contract for that specific Manufacturer’s Products and/or services for which the PORFP has been issued will be invited to compete for the award. Based upon PORFPs issued by the State of Maryland, a Master Contractor will be selected to provide the requested Hardware, Installation and/or Training Services and/or Manufacturer’s Extended Warranty. A Purchase Order (PO) will then be issued by the Requesting Agency to the selected Master Contractor, which will bind the Master Contractor to the terms of the PORFP response, including the price. Master Contractors may add Manufacturers’ Products and/or services from time to time throughout the life of the Master Contract by submitting Letters of Authorization from the Manufacturer or Distributor of the Hardware in accordance with the procedure set forth in Section 2.7. Neither a PORFP, nor a PO, may, in any way, conflict with or supersede the Master Contract.
1.2 Background

1.2.1 The 2020 Desktop contract, Project Number DBM-2020-DESKTOP, providing for the purchase of both Hardware and related services, is scheduled to expire February 28, 2007. As of December 31, 2006, Hardware purchases were executed under 2020 Desktop totaling approximately $100,000,000 which includes Manufacturer’s Extended Warranty.

An Offeror shall give specific attention to the clear identification of those portions of its proposal that it considers confidential, proprietary commercial information or trade secrets, and provide justification why such materials, upon request, should not be disclosed by the State under the Public Information Act, Title 10, Subtitle 6, Part III of the State Government Article of the Annotated Code of Maryland.

Offerors are advised that, upon request for this information from a third party, the Procurement Officer is required to make an independent determination whether the information can be disclosed (see COMAR 21.05.08.01).

1.20 Offeror Responsibilities

Any selected Offeror shall be responsible for all products and services required by this RFP within the functional area proposed. The State shall assess the potential for an MBE subcontractor participation goal, including sub goals, if applicable, for each PORFP issued under Functional Area IV of the RFP, and shall set a goal, if appropriate. Such goal would apply only to the Functional Area IV portion of such PORFP.

Each Offeror that includes in its proposal a response to provide Functional Area IV services, shall complete, sign and submit Attachment G-1 (Offeror Acknowledgement of MBE Participation Commitment), at the time it submits its technical response to this RFP. Failure of a Functional Area IV Offeror to complete, sign, Attachment G-1 (Offeror Acknowledgement of MBE Participation Commitment) at the time it submits its technical response to this RFP, will result in the State’s rejection of the Offeror’s Proposal.

Each subcontractor named by the Master Contractor as part of its PORFP response MBE participation plan must be an MBE as defined herein.

MBE requirements for Functional Area IV are specified in Attachment G of this RFP. The Master Contractor when submitting a PORFP for Functional Area IV – Training and Installation, must complete and submit Attachment G-1A (MBE Utilization and Fair Solicitation Affidavit) and Attachment G-2 (MBE Participation Schedule). Offerors must follow the instructions within this section.

If there are no exceptions taken, the Offeror is to state that they have no exceptions to the requirements of this RFP, the Contract (Attachment A), or any other attachments. Exceptions to terms and conditions may result in having the proposal deemed unacceptable or classified as not reasonably susceptible of being selected for award. In addition, the Offeror shall clearly identify each functional area for which they are proposing. Offerors certified under the Small Business Reserve and certified as a Maryland Minority Business Enterprise are asked to provide those certification numbers.

For items not having an MSRP, as in the case when a manufacturer is the only distributor of their own product, then the manufacturer’s proposed price on their letterhead will be sufficient. The State will consider the procurement to be competitive if two or more qualified bids are received in response to a PORFP. If only one response is received for a PORFP, the procurement officer is required to provide a written determination that the price is fair and reasonable.

#### 3.5.2 For Functional Area IV –Installation and Training Services

Complete the Price sheets as provided in Attachment D - Price Proposal Form Instructions.

For Functional Area IV, the State will consider the procurement to be competitive if two or more qualified offers are received for a fixed price PORFP. If only one response is received for a fixed price PORFP, the procurement officer is required to provide a written determination that the total proposal, including price is fair and reasonable.
SECTION 4 – EVALUATION CRITERIA AND SELECTION PROCEDURE

4.1 Evaluation Criteria

Master Contracts will be awarded to all qualified Offerors in accordance with the Competitive Sealed Proposals procurement process under Code of Maryland Regulations 21.05.03.

4.2 Technical Criteria

The criteria to be applied to each Technical Proposal are listed in descending order of importance:

- Letter of Authorization (Sec. 3.4.2.3)
- Offeror’s order fulfillment capabilities (Sec. 3.4.2.4)
- Offeror’s experience (Sec. 3.4.2.5)

4.3 Financial Criteria

Financial Proposals will be evaluated separately. Prices set by Master Contracts are the maximum prices the State will pay for any Hardware, Installation and Training, and/or Manufacturer’s Extended Warranty.

4.4 Reciprocal Preference

Although Maryland law does not authorize procuring agencies to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. Therefore, as described in COMAR 21.05.01.04, a resident business preference will be given if: a responsible Offeror whose headquarters, principal base of operations, or principal site that will primarily provide the services required under this RFP that is in another state submits the most advantageous offer; the other state gives a preference to its residents through law, policy, or practice; and, the preference does not conflict with a Federal law or grant affecting the procurement contract. The preference given shall be identical to the preference that the other state, through law, policy or practice gives to its residents.

4.5 Selection Procedures

4.5.1 General Selection Process

Master Contracts will be awarded in accordance with the Competitive Sealed Proposals process under Code of Maryland Regulations 21.05.03. The Competitive Sealed Proposals method is based on discussions and revision of proposals during these discussions.
Accordingly, the State may hold discussions with all Offerors judged reasonably susceptible of being selected for award, or potentially so. However, the State also reserves the right to make an award without holding discussions. In either case of holding discussions or not doing so, the State may determine an Offeror to be not responsible and/or an Offeror’s proposal to be not reasonably susceptible of being selected for award, at any time after the initial closing date for receipt of proposals and the review of those proposals. If the State finds an Offeror to be not responsible and/or an Offeror’s Technical Proposal to be not reasonably susceptible of being selected for award, an Offeror’s financial proposal will be returned unopened.

4.5.2 Selection Process Sequence

4.5.2.1 The first step in the process will be an evaluation for technical merit. The purpose of this evaluation will be to assure a full understanding of the State’s requirements and the Offeror’s ability to perform.

4.5.2.2 Offerors must confirm in writing any substantive clarification of, or change in, their proposals made in the course of clarification requests. Any such written clarification or change then becomes part of the Offeror’s proposal.

4.5.2.3 The financial proposal of each qualified Offeror will be evaluated separately from the technical evaluation. After a review of the financial proposals of qualified Offerors, the Procurement Officer may again conduct discussions to further evaluate the Offeror’s entire proposal.

4.5.2.4 When in the best interest of the State, the Procurement Officer may permit Offerors who have submitted acceptable proposals to revise their initial proposals and submit, in writing, best and final offers.

4.5.3 Award Determination

Upon completion of all discussions and negotiations, the Procurement Officer will recommend award of a Master Contract to all technically qualified Offeror(s).

used, disclosed, stored and disseminated only as provided by and consistent with the law. The
provisions of this section shall not apply to information that (a) is lawfully in the public domain; (b)
has been independently developed by the other party without violation of this Contract; (c) was
already in the possession of such party; (d) was supplied to such party by a third party lawfully in
possession thereof and legally permitted to further disclose the information; or (e) which such party
is required to disclose by law.

8. Loss of Data

 omission, or negligence of the Contractor or any of its subcontractors or agents, the Contractor shall

This Contract shall be subject to the provisions of Title 15, Subtitle 2, of the State Finance and
Procurement Article of the Annotated Code of Maryland, as from time to time amended, and
COMAR 21.10 (Administrative and Civil Remedies). Pending resolution of a claim, the Contractor
shall proceed diligently with the performance of the Contract in accordance with the Procurement

Contract, the Contractor must file a written notice of claim with the Procurement Officer within 30

date of final payment under the Contract, the Contractor must submit to the Procurement Officer its
written claim containing the information specified in COMAR 21.10.04.02.

11. Maryland Law

Maryland. The Maryland Uniform Computer Information Transactions Act (Commercial Law
Article, Title 22 of the Annotated Code of Maryland) does not apply to this Contract or any software license acquired hereunder. Any and all references to the Annotated Code of Maryland contained in this Contract shall be construed to refer to such Code sections as from time to time amended.

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State’s rights or the Contractor’s rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

15. Termination for Cause

If the Contractor fails to fulfill its obligations under this Contract properly and on time, or otherwise violates any provision of the Contract, the State may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. All finished or unfinished work provided by the Contractor shall, at the State’s option, become the State’s property. The State of Maryland shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor’s breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the State can affirmatively collect damages. Termination hereunder, including the termination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.11B.
16. Termination for Convenience

The performance of work under this Contract may be terminated by the State in accordance with this clause in whole, or from time to time in part, whenever the State shall determine that such termination is in the best interest of the State. The State will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination, and all reasonable costs associated with termination of the Contract; provided, however, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.12 (A) (2).

17. Delays and Extensions of Time

The Contractor agrees to perform the work under this Contract continuously and diligently. No charges or claims for damages shall be made by the Contractor for any delays or hindrances from any cause whatsoever during the progress of any portion of the work specified in this Contract. Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of God, acts of the public enemy, acts of the State in either its sovereign or contractual capacity, acts of another contractor in the performance of a contract with the State, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

18. Suspension of Work

The State unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer or Contract Manager may determine to be appropriate for the convenience of the State.

19. Pre-Existing Regulations

In accordance with the provisions of Section 11-206 of the State Finance and Procurement Article, Annotated Code of Maryland, as from time to time amended, the regulations set forth in Title 21 of the Code of Maryland Regulations (COMAR 21) in effect on the date of execution of this Contract are applicable to this Contract.

The Contractor shall comply with the provisions of Section 13-221 of the State Finance and Procurement Article of the Annotated Code of Maryland, as from time to time amended, which requires that every business that enters into contracts, leases, or other agreement with the State of Maryland or its agencies during a calendar year under which the business is to receive in the aggregate $100,000 or more, shall within 30 days of the time when the aggregate value of these contracts, leases or other agreements reaches $100,000, file with the Secretary of the State of Maryland certain specified information to include disclosure of beneficial ownership of the business.

21. Political Contribution Disclosure

The Contractor shall comply with the Election Law Article, Sections 14-101 through 14-108, of the Annotated Code of Maryland, which requires that every person that enters into contracts, leases, or
other agreements with the State, a county or an incorporated municipality or their agencies, during a
calendar year under which the person receives in the aggregate $100,000 or more, shall file with the
State Board of Elections a statement disclosing contributions in excess of $500 made during the
reporting period to a candidate for elective office in any primary or general election. The statement
shall be filed with the State Board of Elections: (1) before a purchase or execution of a lease or
contract by the State, a county, an incorporated municipality, or their agencies, and shall cover the
preceding two calendar years; and (2) if the contribution is made after the execution of a lease or
contract, then twice a year, throughout the contract term, on: (a) February 5, to cover the 6-month
period ending January 31; and (b) August 5, to cover the 6-month period ending July 31.

22. Retention of Records

The Contractor shall retain and maintain all records and documents in any way relating to this
Contract for six years after final payment by the State of Maryland under this Contract or any
applicable statute of limitations, whichever is longer, and shall make them available for inspection
and audit by authorized representatives of the State, including by way of example only, the

by the Contractor and its subcontractors under the Contract. The Contractor agrees to cooperate
fully in any audit conducted by or on behalf of the State, including, by way of example only, making
records and employees available as, where, and to the extent requested by the State and by assisting

any such cooperation and assistance.

24. Cost and Price Certification

By submitting cost or price information, the Contractor certifies to the best of its knowledge that the
information submitted is accurate, complete, and current as of a mutually determined specified date
prior to the conclusion of any price discussions or negotiations.
The price under this Contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information which, as of the date agreed upon by the parties, was inaccurate, incomplete, or not current.

Any such subcontract or assignment shall include the terms of sections 8, and 10 through 23 of this Contract and any other terms and conditions that the State deems necessary to protect its interests. The State shall not be responsible for the fulfillment of the Contractor’s obligations to the subcontractors.

26. Indemnification

26.1 The Contractor shall hold harmless and indemnify the State against liability for any costs, expenses, loss, suits, actions, or claims of any character arising from or relating to the performance of the Contractor or its subcontractors under this Contract.

26.2 The State of Maryland has no obligation to provide legal counsel or defense to the Contractor or its subcontractors in the event that a suit, claim or action of any character is brought by any person not party to this Contract against the Contractor or its subcontractors as a result of or relating to the Contractor’s obligations under this Contract.

26.3 The State has no obligation for the payment of any judgments or the settlement of any claims against the Contractor or its subcontractors as a result of or relating to the Contractor’s obligations under this Contract.

26.4 The Contractor shall immediately notify the Procurement Officer of any claim or suit made or filed against the Contractor or its subcontractors regarding any matter resulting from or relating to the Contractor’s obligations under the Contract, and will cooperate, assist, and consult with the State in the defense or investigation of any claim, suit, or action made or filed against the State as a result of or relating to the Contractor’s performance under this Contract.

27. Administrative

27.1 Procurement Officer. The work to be accomplished under this Contract shall be performed under the direction of the Procurement Officer and the Contract Manager. All matters relating to the interpretation of this Contract shall be referred to the Procurement Officer for determination.

28. Risk of Loss; Transfer of Title.

Risk of loss for conforming supplies, equipment and materials specified as deliverables to the State hereunder shall remain with the Contractor until the supplies, equipment, materials and other deliverables are accepted by the State, as evidenced by a written statement of acceptance from the State to the Contractor that expressly specifies the supplies, equipment, materials and other deliverables that are subject to such acceptance. Title of all such deliverables passes to the State upon acceptance by the State, subject to the State’s payment for the same in accordance with the terms of this Contract.

29. Nonvisual Accessibility Warranty

The Contractor warrants that the information technology offered under the proposal (1) provides equivalent access for effective use by both visual and non-visual means; (2) will present information, including prompts used for interactive communications, in formats intended for both visual and non-visual use; (3) if intended for use in a network, can be integrated into networks for obtaining, retrieving, and disseminating information used by individuals who are not blind or visually impaired; and (4) is available, whenever possible, without modification for compatibility with software and hardware for non-visual access. The Contractor further warrants that the cost, if any, of modifying the information technology for compatibility with software and hardware used for non-visual access does not increase the cost of the information technology by more than five percent. For purposes of this Contract, the phrase “equivalent access” means the ability to receive, use and manipulate information and operate controls necessary to access and use information technology by non-visual means. Examples of equivalent access include keyboard controls used for input and synthesized speech, Braille, or other audible or tactile means used for output.

30. Commercial Nondiscrimination

A. As a condition of entering into this Agreement, Contractor represents and warrants that it will comply with the State’s Commercial Nondiscrimination Policy, as described under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland. As part of such compliance, Contractor may not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall Contractor retaliate against any person for reporting instances of such discrimination. Contractor shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that this clause does not prohibit or limit lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the marketplace. Contractor understands that a material violation of this clause shall be
considered a material breach of this Agreement and may result in termination of this Agreement,
disqualification of Contractor from participating in State contracts, or other sanctions. This clause is
not enforceable by or for the benefit of, and creates no obligation to, any third party.

B. The contractor shall include the above Commercial Nondiscrimination clause, or similar
clause approved by DBM, in all subcontracts.

C. As a condition of entering into this Agreement, upon the Maryland Human Relations
Commission’s request, and only after the filing of a complaint against Contractor under Title 19 of
the State Finance and Procurement Article, as amended from time to time, Contractor agrees to
provide within 60 days after the request a complete list of the names of all subcontractors, vendors,
and suppliers that Contractor has used in the past 4 years on any of its contracts that were undertaken
within the state of Maryland, including the total dollar amount paid by Contractor on each
subcontract or supply contract. Contractor further agrees to cooperate in any investigation conducted
by the State pursuant to the State’s Commercial Nondiscrimination Policy as set forth under Title 19
of the State Finance and Procurement Article of the Annotated Code of Maryland, and to provide any
documents relevant to any investigation that is requested by the State. Contractor understands that
violation of this clause is a material breach of this Agreement and may result in contract termination,
disqualification by the State from participating in State contracts, and other sanctions.

IN WITNESS THEREOF, the parties have executed this Contract as of the date hereinabove
set forth.

ATTACHMENT G – MINORITY BUSINESS ENTERPRISE PARTICIPATION

State of Maryland

DEPARTMENT OF BUDGET & MANAGEMENT

PURPOSE

The Master Contractor shall structure its procedures for the performance of the work required in this Master Contract to attempt to achieve the Minority Business Enterprise (MBE) goal stated in the Request for Proposals (RFP). MBE performance must be in accordance with this Attachment, as authorized by Code of Maryland Regulations (COMAR) 21.11.03. The Master Contractor agrees to exercise all good faith efforts to carry out the MBE participation commitments set forth in this Attachment.

DEFINITIONS

As used in this Attachment, the following words have the meanings indicated.

♦ “Certification” means a determination made by the Maryland Department of Transportation that a legal entity is a minority business enterprise.
♦ “MBE Liaison” is the employee designated to administer this Department’s MBE program.
♦ “Minority Business Enterprise” or “MBE” means any legal entity, other than a joint venture, organized to engage in commercial transactions, that is:
  (1) at least 51 percent owned and controlled by one or more individuals who are socially and economically disadvantaged; and
  (2) managed by, and the daily business operations of which are controlled by, one or more of the socially and economically disadvantaged individuals who own it.

Note: A minority business enterprise also includes a not-for-profit entity organized to promote the interests of physically or mentally disabled individuals. An MBE must be certified by the Maryland Department of Transportation (MDOT) in order to have its contract participation counted under the Department’s MBE program.
MINORITY BUSINESS ENTERPRISE INSTRUCTIONS/FORMS

MBE PARTICIPATION GOALS AND SUB-GOALS

The Master Contractor shall achieve the MBE subcontracting goal and any sub-goals established for each individual PORFP Agreement, by subcontracting to one or more MDOT-certified MBEs a sufficient portion of the PORFP Agreement scope of work that results in total MBE payments that meet or exceed the MBE participation goal.

If awarded a Master Contract:

♦ A prime contractor — including an MBE or a certified Small Business Reserve (SBR) prime contractor — must accomplish an amount of work not less than the MBE subcontract goal with certified MBE subcontractors.
♦ A prime contractor comprising a joint venture that includes MBE partner(s) must accomplish the MBE subcontract goal with certified MBE subcontractors.

SOLICITATION AND CONTRACT FORMATION

MASTER CONTRACT

♦ An Offeror must sign and submit Attachment G-1 (Offeror Acknowledgement of MBE Participation Commitment) with its Technical Proposal submission. By signing Attachment G-1, the Offeror affirms that if it is awarded a Master Contract it will comply with all MBE requirements associated with any PORFP Agreement, including submission of waiver documentation where applicable. Offeror’s failure to submit Attachment G-1 with its technical proposal will result in the Offeror’s proposal being deemed not reasonably susceptible for award, and the Offeror being eliminated from consideration for a Master Contract award.
An Offeror receiving notification from the State that it is the Master Contract awardee will not be required to submit additional MBE program documentation prior to final Master Contract execution.

**PORFP AGREEMENTS**

All PORFPs issued with an MBE participation goal will contain certain documents that the Master Contractor must submit at the time of its Proposal submission. MBE affidavits, schedules, statements, and reports that will be used at the PORFP Agreement level are included herein as Attachment G-1A Master Contractor (Certified MBE Utilization and Fair Solicitation Affidavit), G-2 (MBE Participation Schedule), D-3 (Outreach Efforts Compliance Statement) and G-4 (Subcontractor Project Participation Statement). Attachments G-5 and G-6 are sample MBE reporting forms (See “Contract Administration Requirements” below).

Attachments G-1A, G-2, G-3 and G-4 must be completed, signed and submitted by the Master Contractor together with the PORFP Proposal. If a Master Contractor believes that a waiver of some or all of the MBE participation goal and/or sub-goals is necessary, the waiver request must be clearly indicated on Attachment G-1A.

**CONTRACT ADMINISTRATION REQUIREMENTS**

For each PORFP Agreement, the Master Contractor shall:

1. **Attachment G-5:** Submit monthly to the Department/Agency a report listing all unpaid invoices over 30 days old received from a certified MBE subcontractor working under the TO Agreement, the amount of each invoice and the reason payment has not been made. For informational purposes only, a sample prime contractor unpaid invoice report is attached.
2. **Attachment G-6:** Include in its agreements with its certified MBE subcontractors a requirement that those subcontractors submit monthly to the Department/Agency a report that identifies the prime contract and lists all payments received from the Master Contractor in the preceding 30 days, as well as any outstanding invoices, and the amount of those invoices. For informational purposes only, a sample MBE Subcontractor Paid/Unpaid Invoice report is attached.

3. Maintain such records as are necessary to confirm compliance with its MBE participation obligations. These records must indicate the identity of certified minority and non-minority subcontractors employed on the contract, the type of work performed by each, and the actual dollar value of work performed.

4. Consent to provide such documentation as reasonably requested and to provide right-of-entry at reasonable times for purposes of the State’s representatives verifying compliance with the MBE participation obligations. Master Contractor must retain all records concerning MBE participation and make them available for State inspection for three years after final completion of the contract.

5. At the option of the procurement agency, upon completion of the Master Contract or PORFP and before final payment and/or release of retainage, submit a final report in affidavit form and under penalty of perjury, of all payments made to, or withheld from MBE subcontractors.
