a. Termination for Convenience. The performance of work under this Participating Addendum may be terminated by the State for convenience by written notice to the Contractor in accordance with this clause in whole, or from time to time in part, whenever the State shall determine that such termination is in the best interest of the State. The State will pay all reasonable costs associated with this Participating Addendum that the Contractor has incurred up to the date of termination, and all reasonable costs associated with termination of the Participating Addendum; provided, however, the Contractor may not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.12A (2).

b. Termination for Cause. The State may, by written notice of default to the Contractor, terminate the whole or any part of this Participating Addendum in any one of the following circumstances: (a) If the Contractor fails to perform within the time specified herein or any extension thereof; or (b) If the Contractor fails to perform its obligations under this Participating Addendum or violates any of the other provisions of this Participating Addendum, or so fails to make progress as to endanger performance of this Participating Addendum in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of 10 days (or such longer period as the procurement officer may authorize in writing) after receipt of notice from the procurement officer specifying such failure. The effect of termination of a Contract will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor in writing as soon as it has knowledge that funds may not be available for the continuation of the Participating Addendum for each succeeding fiscal period beyond the first.

Subject to the terms of the preceding paragraph, in the event moneys sufficient to make all payments under the Participating Addendum are not budgeted and appropriated by the State, the State shall terminate services prior to the end of the fiscal period without being assessed an early termination fee. Notwithstanding the foregoing, the State shall be responsible for all charges incurred up to and including the date of termination.

During the course of providing services, however, the Contractor may from time to time as it sees fit employ certain proprietary data, including but not limited to proprietary methodologies, templates, tool kits, concepts, structures, and processes ("Proprietary Data"). In addition, the Contractor may employ and make minor modifications to certain commercial computer software that has been developed at private expense ("Proprietary Software"). Because such Proprietary Data and Software are not required to be delivered in the course of performing the services under this Participating Addendum, the

Contractor will retain all right, title and interest in any such Data or Software used during the performance of the services, including any modifications thereto. In the event that the Contractor provides State personnel with access to any Proprietary Data and/or Software during the performance of the services under the Participating Addendum, such Data and/or Software will be furnished with limited rights, or with only those rights set forth in the applicable standard commercial license agreement.

15. Retention of Records: Contractor shall retain and maintain all records pertaining to the Services rendered and products delivered to the State pursuant to the Participating Addendum for three (3) years after close out and final payment by DoIT under this Participating Addendum or any applicable statute of limitations, whichever is longer, and shall make them available for inspection and audit by authorized representatives of the State. The Contractor shall, upon written request by DoIT and within thirty (30) days of such request, make available copies of documents reasonably needed by the State, including, but not limited to itemized billing documentation containing the dates and work performed by the Contractor and its subcontractors under the Participating Addendum. The Contractor agrees to cooperate fully in any audit conducted by or on behalf of the State, including, by way of example only, making records and employees reasonably available and assisting the auditors in reconciling any audit variances. Contractor shall not be compensated for providing any such cooperation and assistance.

16. Invalid Term or Condition, No Waiver of State's Rights: If any provision of this Participating Addendum or of any Contract purports to cause the State to bestow a right or incur an obligation that is beyond its legal authority to bestow or incur, then that provision shall be deemed of no effect. Nothing in this Participating Addendum and no act by a Purchasing Entity shall be construed to waive the State's rights, including but not limited to the State's sovereign or federal immunity or under applicable laws.

The State has no obligation to provide legal counsel or defense to the Contractor or its subcontractors in the event that a suit, claim or action of any character is brought by any person not party to this Participating Addendum against the Contractor or its subcontractors as a result of or relating to the Contractor's obligations under this Participating Addendum or any Purchase Order arising therefrom.
- b. The State has no obligation for the payment of any judgments or the settlement of any claims against the Contractor or its subcontractors as a result of or relating to the Contractor's obligations under this Participating Addendum or any Purchase Order arising therefrom.
- c. In addition to its obligations under WSCA Master Services Agreement Section 25.2, the Contractor shall immediately notify the Primary Contact of any third party claim or suit made or filed against the Contractor or its subcontractors regarding any matter resulting from or relating to the Contractor's obligations under the Participating Addendum, and will cooperate, assist, and consult with the State in the defense or investigation of any third party claim, suit, or action made or filed against the State relating to personal injury, death or damage to tangible personal property that resulted from the negligence or willful misconduct of the Contractor, its officers, employees and authorized agents as a result of or relating to the Contractor's performance under this Participating Addendum or any Purchase Order arising therefrom.

18. Confidentiality: Subject to the Maryland Public Information Act and any other applicable laws, all confidential or proprietary information and documentation relating to either party (including without limitation, any information or data stored within the Contractor's computer systems) shall be held in absolute confidence by the other party. Each party shall, however, be permitted to disclose relevant confidential information to its officers, agents and employees to the extent that such disclosure is necessary for the performance of their duties under this

Participating Addendum or a Contract, provided that the data may be collected, used, disclosed, stored and disseminated only as provided by and consistent with the law. The provisions of this section shall not apply to information that (a) is lawfully in the public domain; (b) has been independently developed by the other party without violation of this Participating Addendum or a Contract; (c) was already in the possession of such party, (d) was supplied to such party by a third party lawfully in possession thereof and legally permitted to further disclose the information; or (e) which such party is required to disclose by law.

19. Subcontracting and Assignment: The Contractor may not subcontract any portion of the Services provided under this Participating Addendum without obtaining the prior written approval of the State, nor may the Contractor assign this Participating Addendum or any of its rights or obligations under either, without the prior written approval of the State. The parties agree that Contractor's authorized dealers and business solution partners including any activation and/or ordering affiliates are not considered subcontractors and shall not be subject to the subcontractor requirements of this Participating Addendum. Any such subcontract or assignment shall include the terms of this Participating Addendum and the Contract which is the subject of the assignment and any other terms and conditions that the State deems necessary to protect its interests. The State shall not be responsible for the fulfillment of the Contractor's obligations to its subcontractors.

20. Loss of Data: In the event of loss of any State data or records provided to contractor pursuant to this Participating Addendum where such loss is due to the intentional act, omission, or negligence of the Contractor or any of its subcontractors or agents, the Contractor shall be responsible for recreating such lost data in the manner and on the schedule set by the Primary Contact. The Contractor shall ensure that all data is backed up and is recoverable by the Contractor. The State and Contractor acknowledge that Contractor is not responsible for any loss, liability, damage, or expense, including attorney's fees, resulting from any claims alleged to arise in any way from the content of any information transmitted by, accessed, or received through, Contractor's provision of products and services to the State, including, but not limited to, claims: (i) for libel, slander, invasion of privacy, infringement of copyright, and invasion or alteration of private records or data; (ii) for infringement of patents arising from the use of equipment, hardware or software not provided by Contractor; or (iii) based on transmission and uploading of information that contains viruses, worms, or other destructive media or other unlawful content; Further, Contractor is not liable for unauthorized third party access to, or alteration, theft, or destruction of the State's data, programs or other information through accident, wrongful means or any other cause while such information is stored on or transmitted across Contractor network transmission facilities or State premise equipment.

21. Non-Hiring of Employees: No official or employee of the State, as defined under State Government Article, 15-102 whose duties as such official or employee include matters relating to or affecting the subject matter of this Participating Addendum or a Contract, shall, during the pendency and term of this Participating Addendum or a Contract and while serving as an official or employee of the State become or be an employee of the Contractor or any entity that is a subcontractor on this Participating Addendum or a Contract.

Pending resolution of a claim, the Contractor shall proceed diligently with the performance of the Participating Addendum in accordance with the Primary Contact's decision. Unless a lesser period is provided by applicable statute, regulation, or contract the Contractor must file a written notice of claim with the Primary Contact within 30 days after the basis for the claim is known or should have been known, whichever is earlier. Contemporaneously with or within 30 days of the filing of a notice of claim, but no later than the date of final payment under the Participating Addendum, the Contractor must submit to the Primary Contact its written claim containing the information specified in COMAR 21.10.04.02. This clause replaces in full any provisions incorporated by reference as part of this Participating Addendum regarding, in any manner, disputes or claims under this Participating Addendum.

23. Maryland Law: This Participating Addendum, any Order against the WSCA Master Service Agreement, including Exhibits, and any dispute, claim or controversy relating thereto shall, in all respects, be construed, interpreted, and enforced, and governed by and under according to the laws of the State of Maryland. The Maryland Uniform Computer Information Transactions Act (Commercial Law Article, Title 22 of the Annotated Code of Maryland) does not apply to this Contract or any software license acquired hereunder.
