Potential Offerors for the subject RFP,

My Clarification Letter #2 follows:

For clarification: After evaluating proposals, the State will give the Offeror of the most advantageous proposal the recommendation for award and give it the State's Contract to sign. The recommended awardee will have one business week to sign and return the State's Contract. If the most advantageous Offeror won't sign the State's Contract in one business week, the State will withdraw its recommended award to the most advantageous Offeror and then offer the recommendation of award to the next most advantageous awardee.

Again, please remember proposals are due at 2PM on July 24, 2013 in Room 445, 45 Calvert Street, Annapolis, MD 21201. Any proposal received after this time/date will be rejected. Please insure that you provide ample time to deliver your proposal.

Ed Bannat  
Procurement Officer
